(57) **CLAIM**

The ornamental design for pneumatic tool, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of pneumatic tool showing my new design thereof;

FIG. 2 is a right side elevational view thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is a front side elevational view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a left side elevational view thereof;

FIG. 7 is a rear side elevational view thereof; and,

FIG. 8 is a perspective view of a second embodiment of the pneumatic tool, it being understood that the other views of the second embodiment are the same as those of the first embodiment except for the lengthened body of the tool as shown in this Figure view.

The broken line showing of environmental structure is for illustrative purposes only and forms no part of the claimed design.
