CLAIM

The ornamental design for a saw handle, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the saw handle showing my new design looking downwardly at a rear and left side thereof, and showing a saw blade in phantom attached to the saw handle;  
FIG. 2 is a left elevation view of the saw handle and the attached saw blade in phantom;  
FIG. 3 is a front elevation view of the saw handle and the attached saw blade in phantom;  
FIG. 4 is a rear elevation view of the saw handle with the saw blade in phantom hidden;  
FIG. 5 is a top plan view of the saw handle and the saw blade in phantom; and,  
FIG. 6 is a bottom plan view of the saw handle and the saw blade in phantom.  
The phantom dashed lines (broken lines) showing the saw blade and the means for mounting the saw handle to the saw blade are for illustrative purposes only and forms no part of the claimed design. A right side elevation view of the saw handle is a mirror image of the left side elevation view.
