U.S. patent application Ser. No. 10/348,056 having a filing date of Jan. 21, 2003 and entitled "Guitar Pick Holder Made Of A Flexible Magnetic Body"

* cited by examiner .

(57) **CLAIM**

The ornamental design for a guitar pick holder comprising a flexible magnetic body, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a guitar pick holder made of a flexible magnetic body, showing front surface of the guitar pick holder for magnetically attracting and holding magnetically attractable guitar picks showing my new design;

FIG. 2 is a top plan view thereof, the bottom being identical;

FIG. 3 is a rear elevational view of FIG. 1, showing a rear surface of the guitar pick holder for adhering to a guitar surface or the like; and,

FIG. 4 is a left elevational view thereof, the right side being identical.
