(57) **CLAIM**

I claim the ornamental design for a hollow ball having openings distributed about exterior surface, as shown.

DESCRIPTION

FIG. **1** is a perspective view of a hollow ball having openings distributed about exterior surface in accordance with the present invention;
FIG. **2** is a front elevational view thereof, the rear elevational view is identical; and,
FIG. **3** is a top plan view thereof, the bottom plan view, the left side elevational view and the right side elevational view are identical.
