FIG. 1 is a perspective view of a vehicle-wheel front face according to my new design, the front face having a rotatable decorative disk recessed within an outer rim of the wheel;

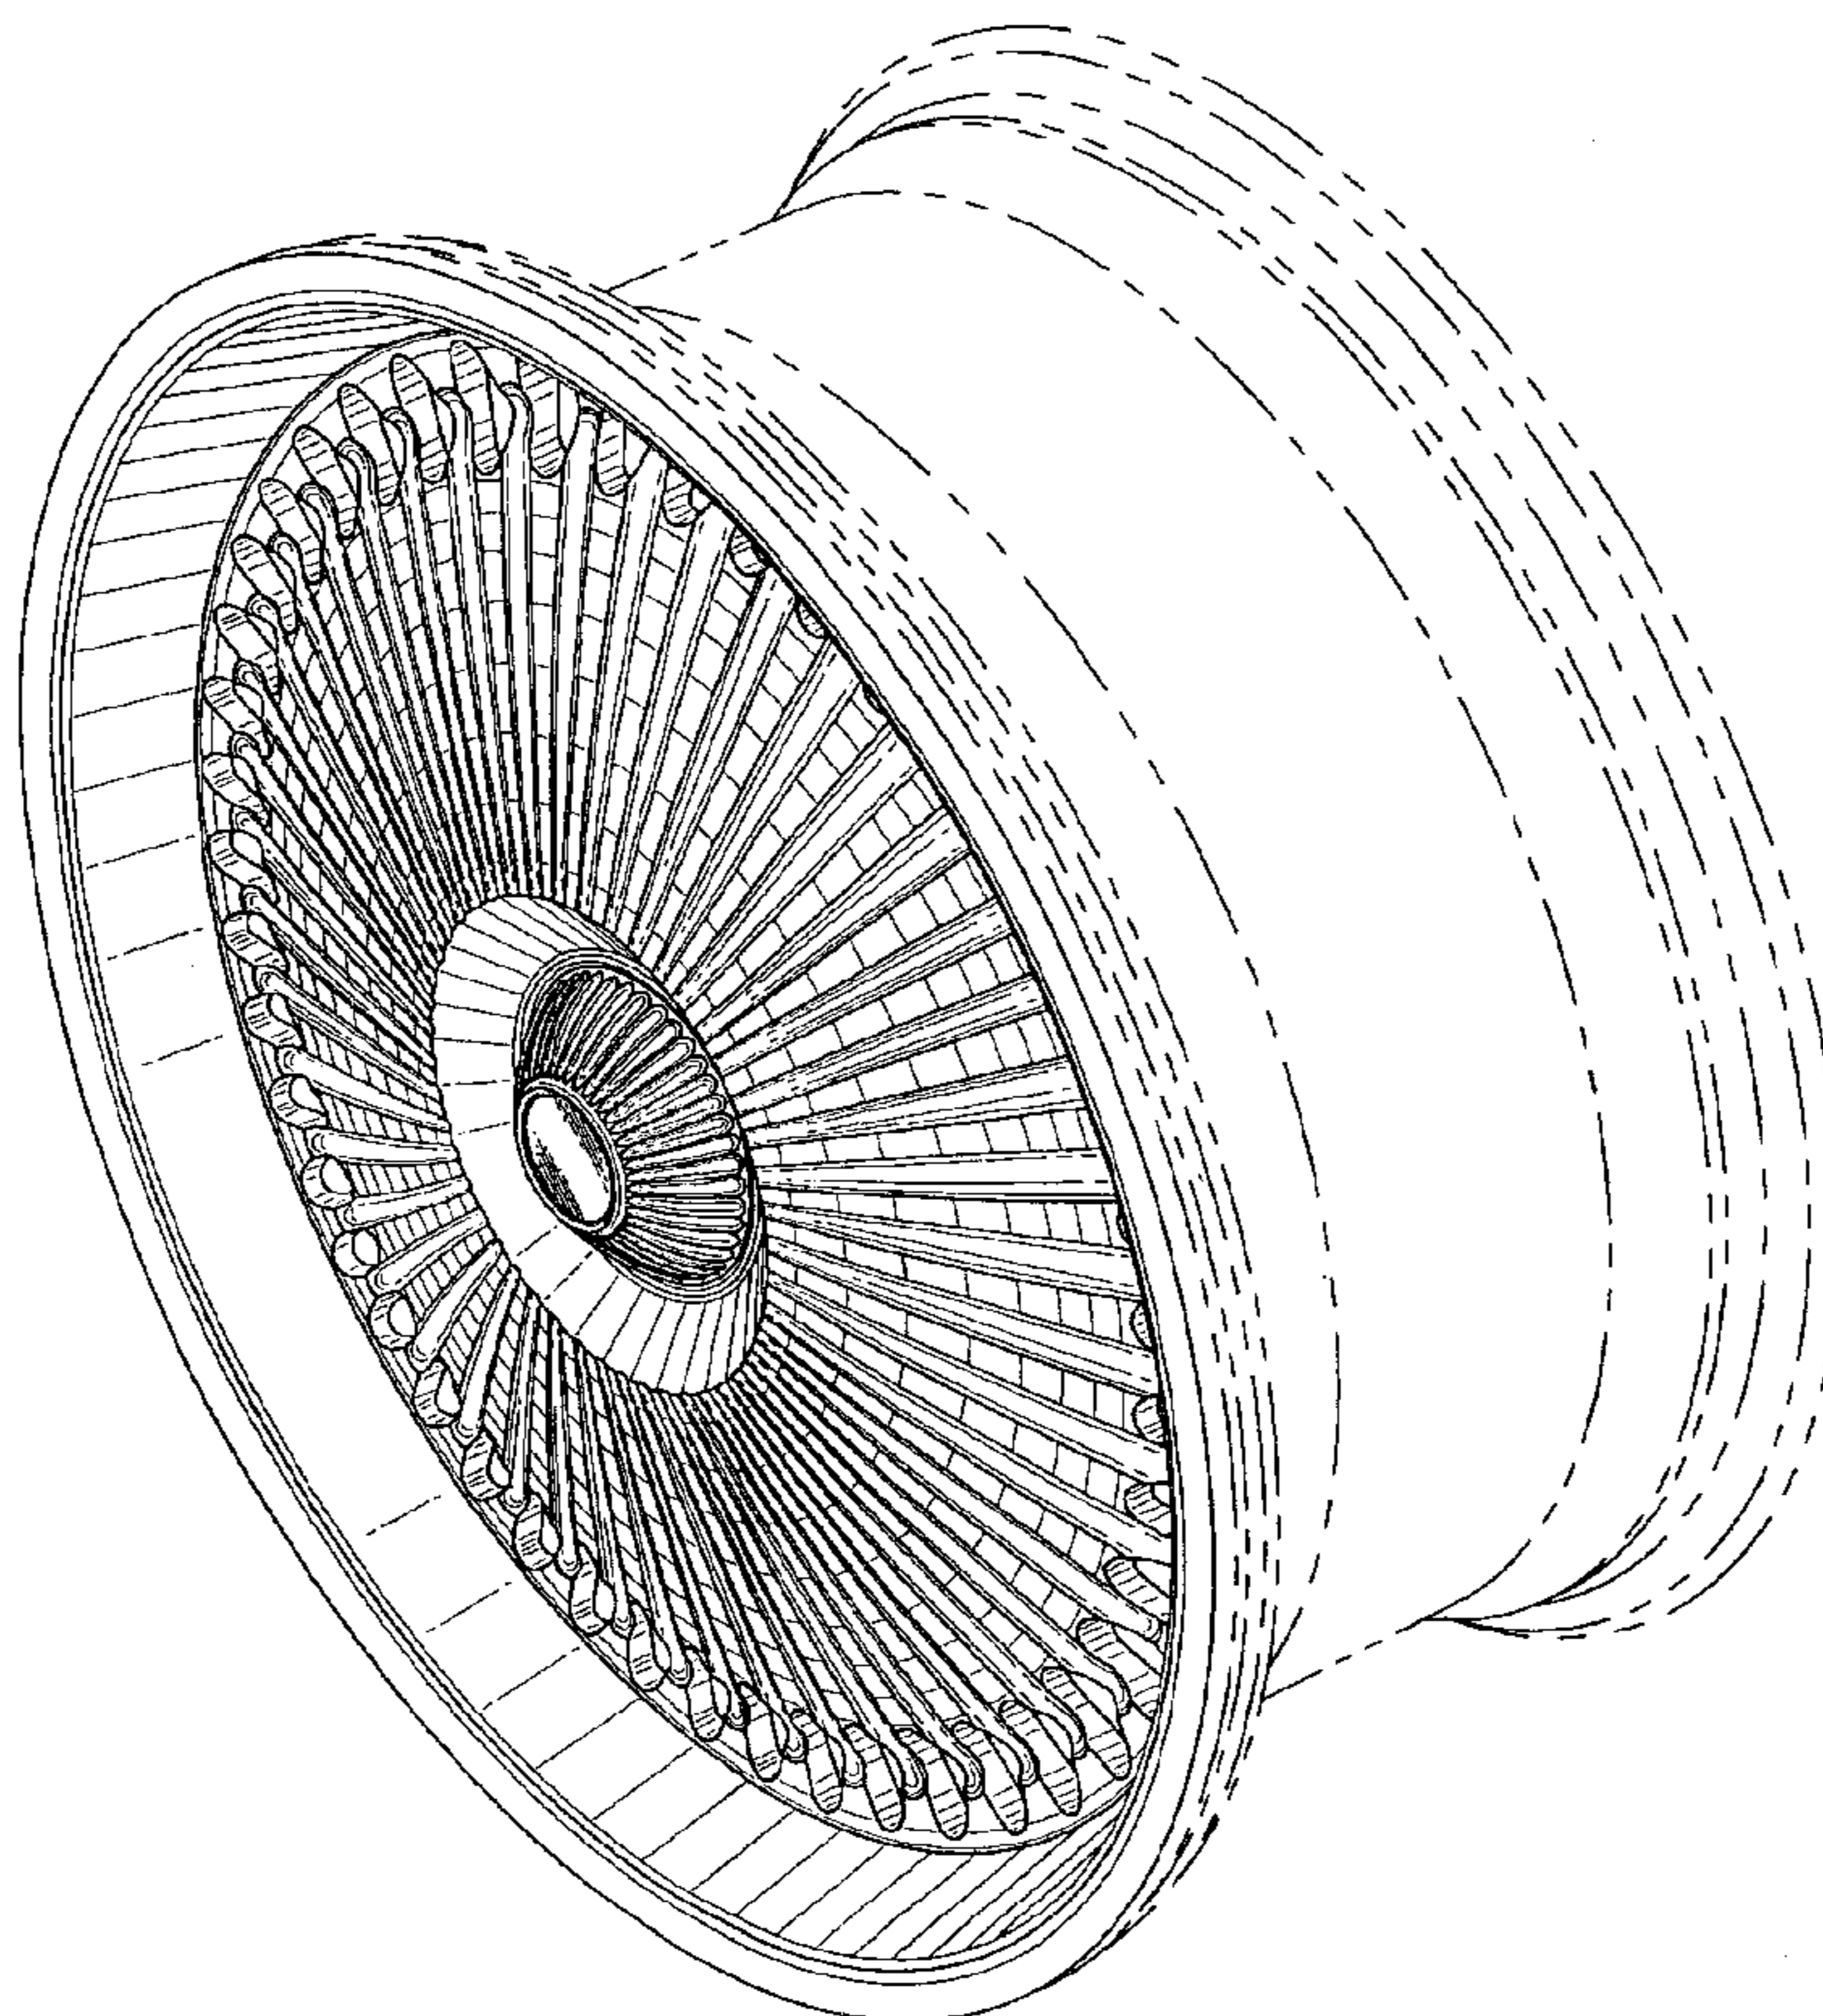

FIG. 2 is a front elevational view thereof, with the rotatable disk in a first position;

FIG. 3 is a front elevational view thereof with the rotatable disk in a second position; and,

FIG. 4 is a side elevational view thereof.

Portions of the wheel depicted in broken line are for illustrative purposes only, and form no part of the claimed design.
