(57) **CLAIM**

I claim the ornamental design for a lever type flush mount door handle, or substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the lever type flush mount door handle of the present invention.

FIG. 2 is a top plan view thereof;

FIG. 3 is an elevation view from one side of the handle.

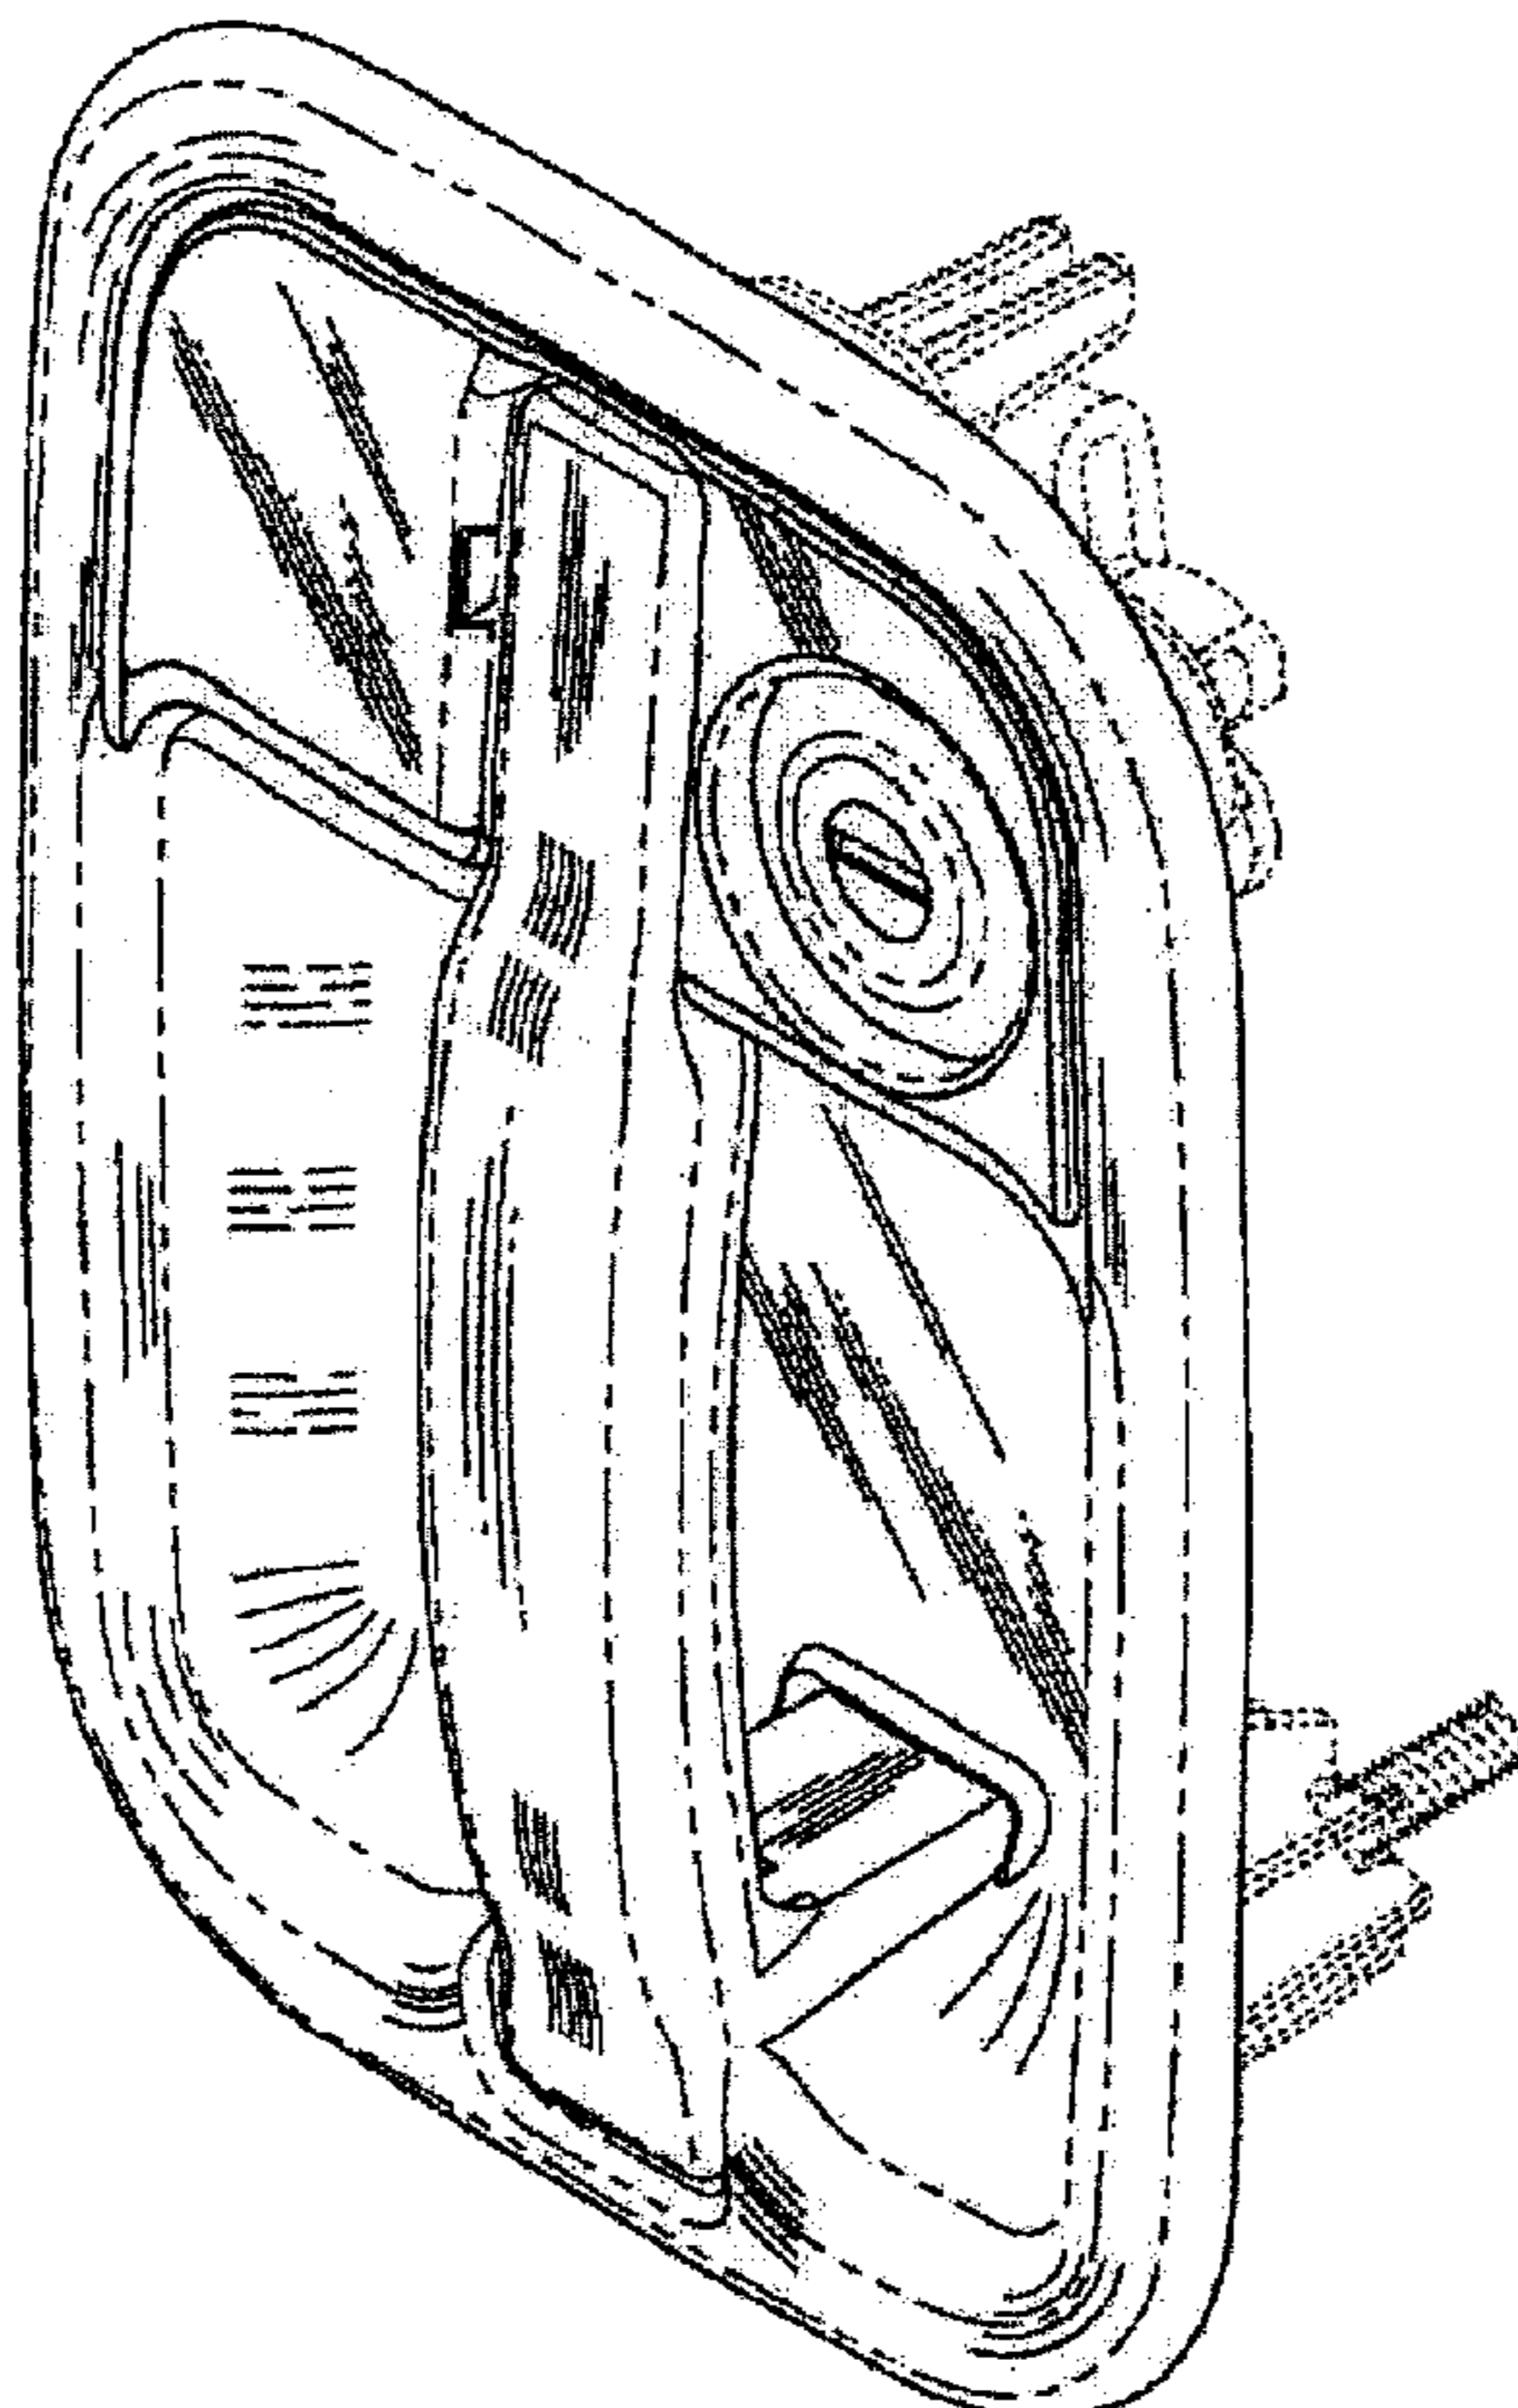

FIG. 4 is an elevation view from the opposite side of the handle.

FIG. 5 is an elevation view from one end of the handle; and,

FIG. 6 is an elevation view from the opposite end of the handle.

No figure is provided showing a back view of the handle, since Applicant is not claiming any ornamental design for the back, or interior side of the handle. The portions of the door handle, behind the front face of the housing, shown in broken lines are shown for illustrative purposes only and form no part of the claimed design.
