(57) **CLAIM**

The ornamental design for an exterior surface configuration of an automobile front light assembly, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view from the front left of an exterior surface configuration of an automobile front light assembly showing my present design; FIG. 2 is a front view thereof; FIG. 3 is a left view thereof; and, FIG. 4 is a top view thereof.

This design represents one embodiment of a design for an exterior surface configuration of an automobile front light assembly. The drawings and descriptions represent the left side embodiment. The design also contemplates a mirror symmetrical embodiment on the right side of the automobile. The dash line included denotes environment and is not part of the claimed design.
