(57) **CLAIM**

The ornamental design for a container cap, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a container cap according to an embodiment of this design wherein the surface shading is intended to show that the central portion of the cap is opaque and the outer portion of the cap is transparent;

FIG. 2 is an elevational side view thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

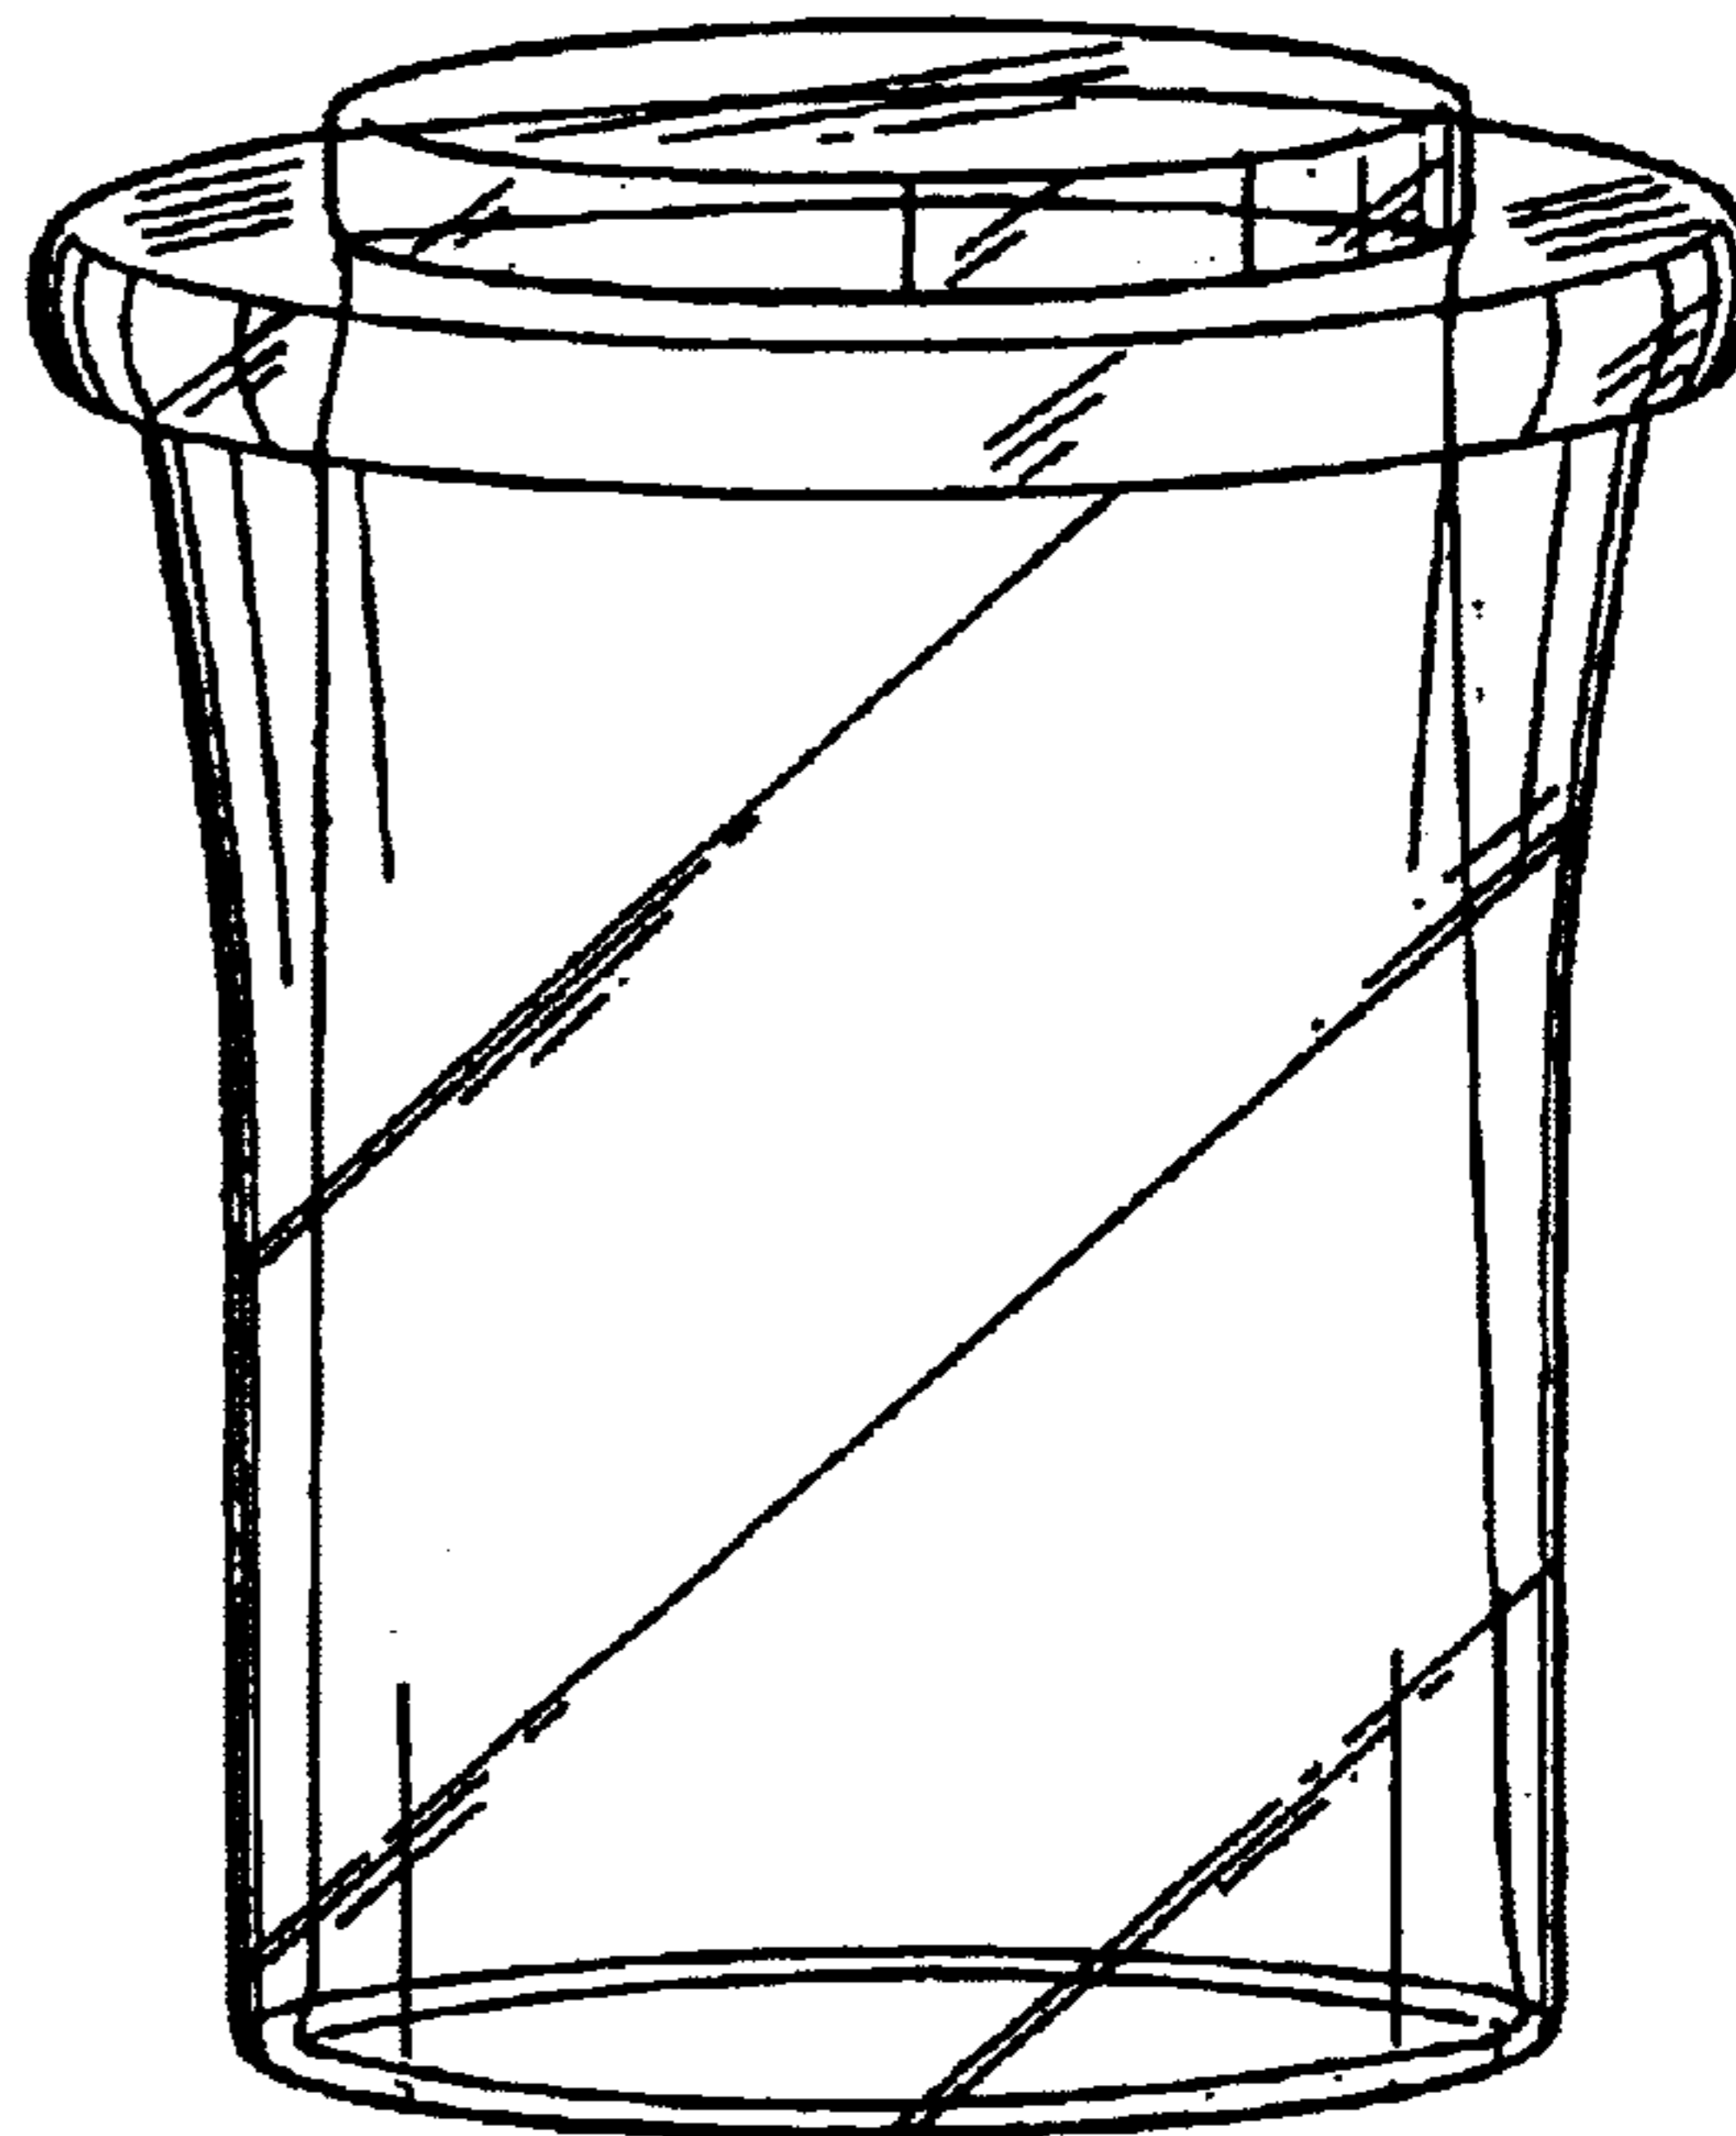

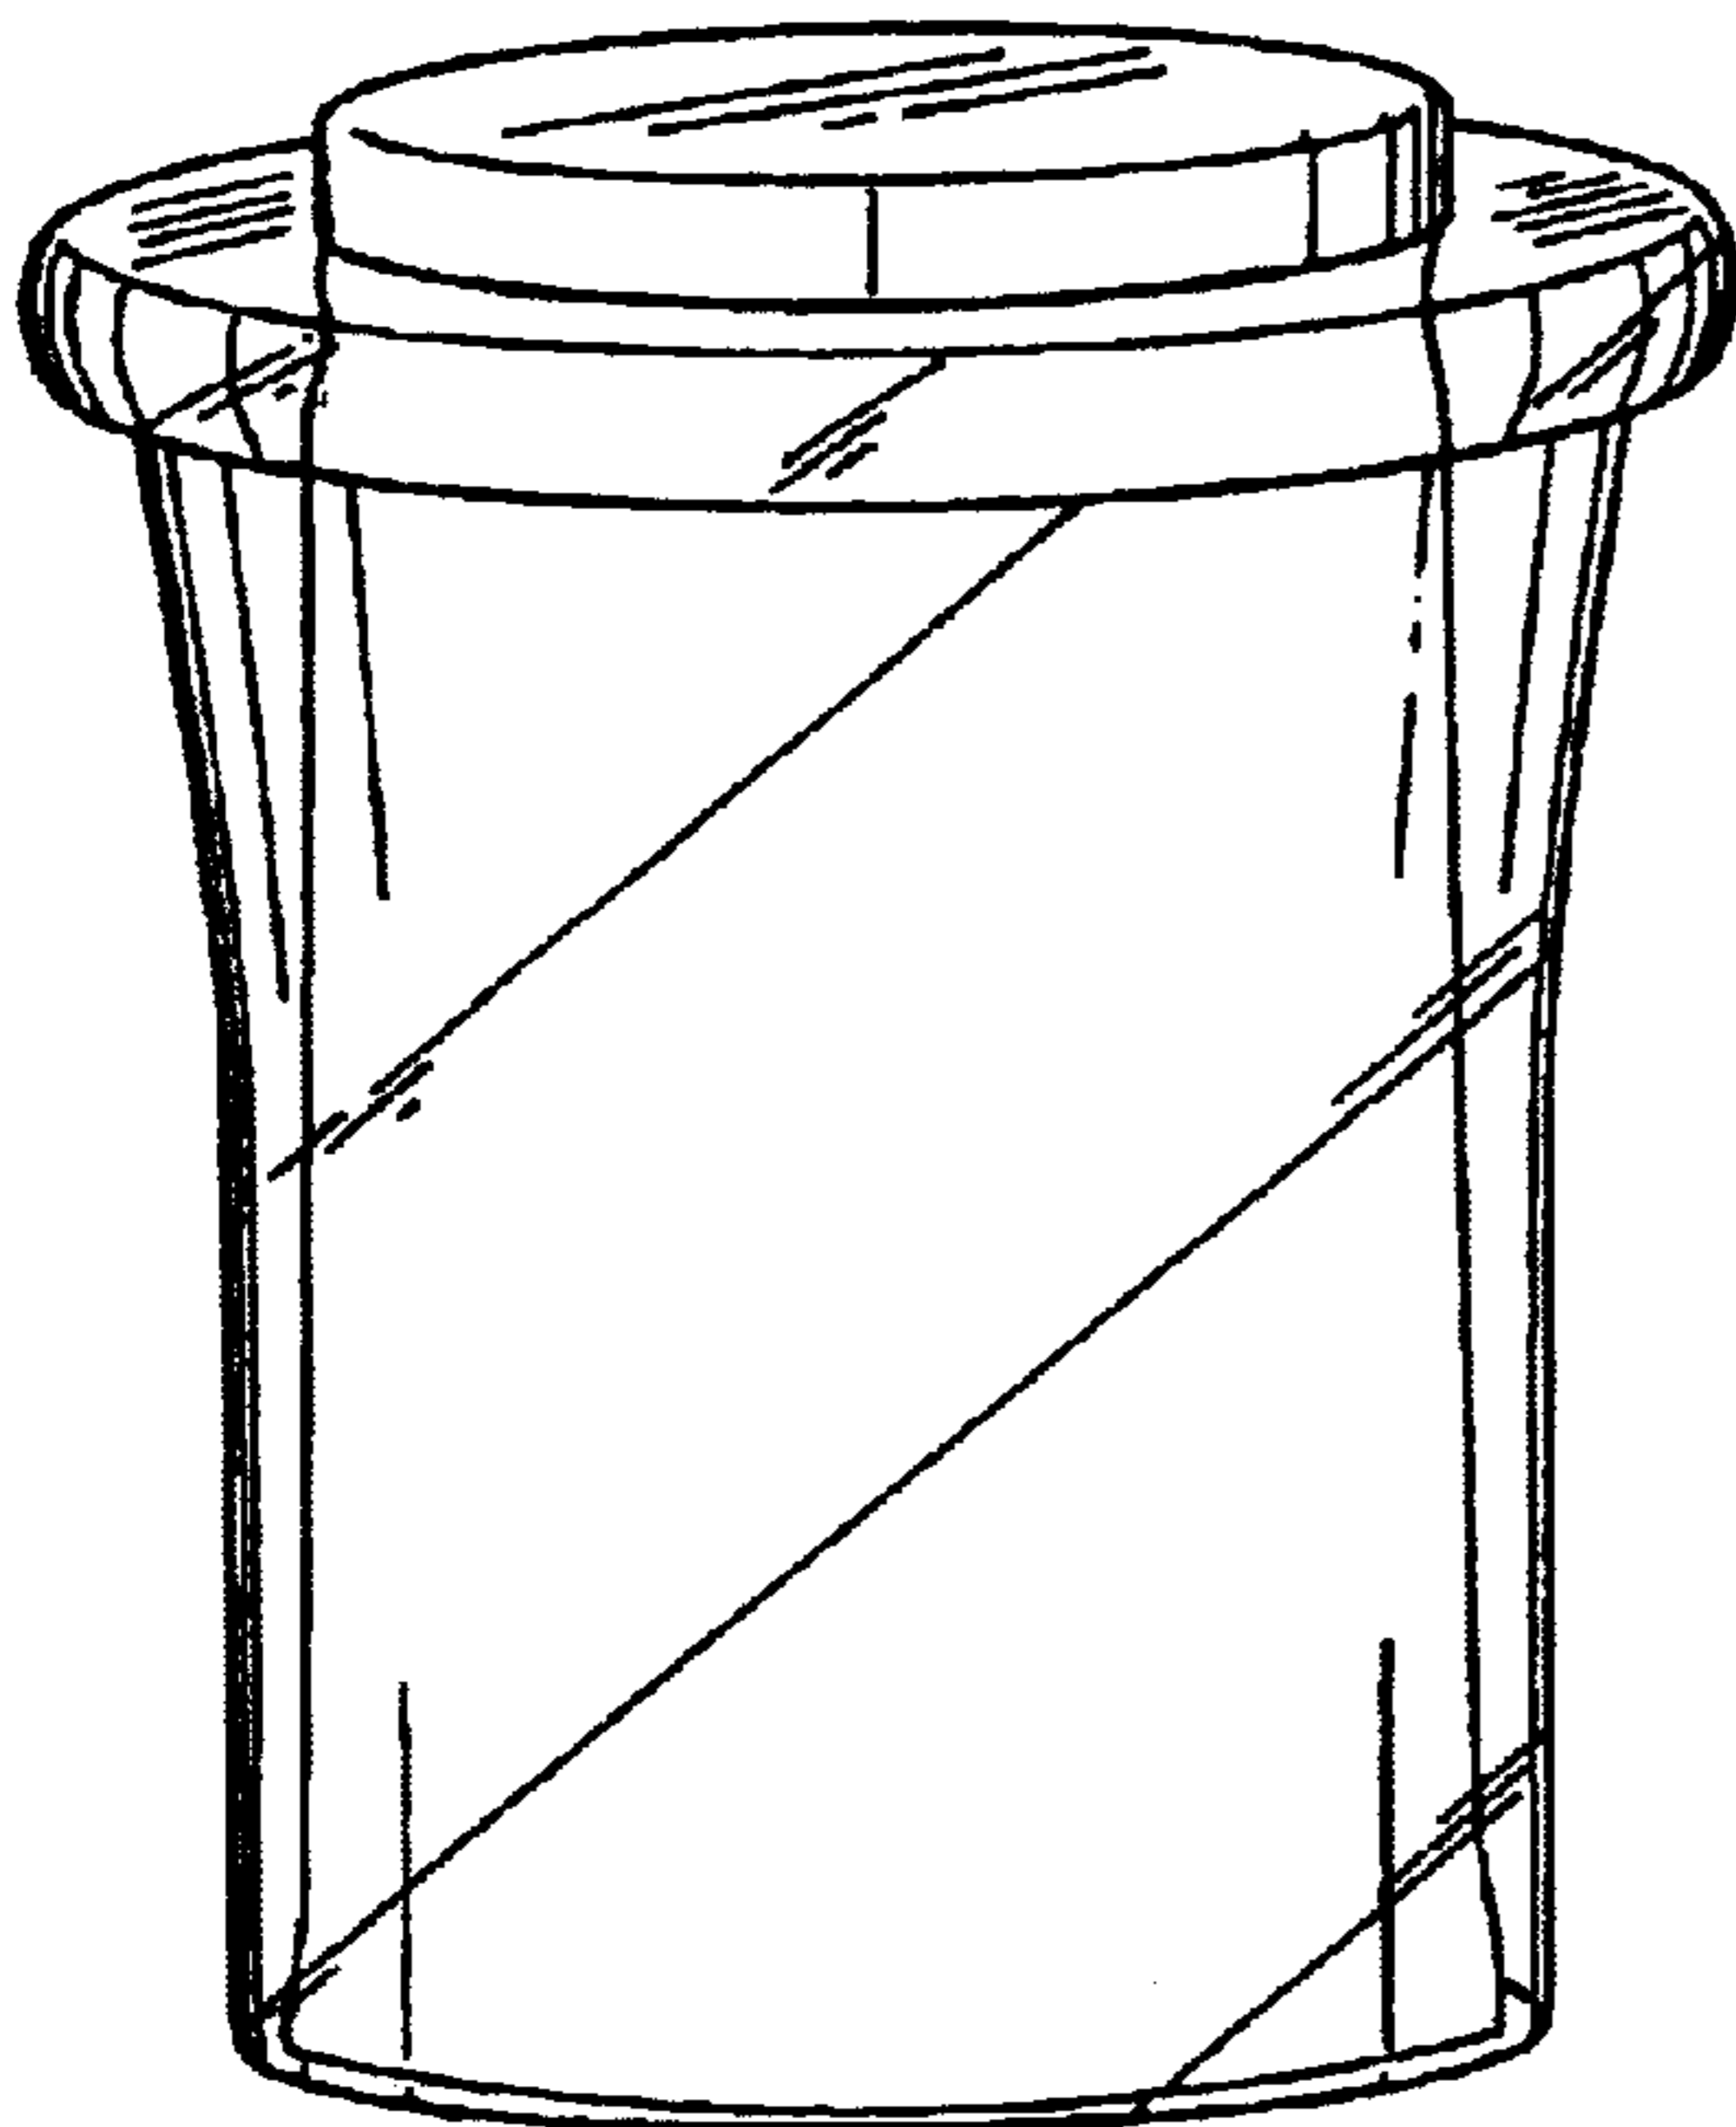

FIG. 5 is a perspective view of a container cap according to another embodiment of this design wherein the surface shading is intended to show that the central portion of the cap is transparent and the outer portion of the cap is transparent;

FIG. 6 is an elevational side view thereof;

FIG. 7 is a top plan view thereof; and,

FIG. 8 is a bottom plan view thereof.
