(57) **CLAIM**

The ornamental design for a “door and door frame”, as shown and described.

DESCRIPTION

FIG. 1 is a perspective front view of the door and door frame according to my new design;

FIG. 2 is a partial view of the upper left inside corner thereof,

FIG. 3 is a cross-sectional perspective view of the door and cooperating door frame taken along line 3—3 of FIG. 1,

FIG. 4 is a cross-sectional perspective view of an inside lower portion of the door in an open position taken along line 4—4 of FIG. 10,

FIG. 5 is a cross-sectional perspective view of an inside lower portion of the door in a closed position taken along line 5—5 of FIG. 11,

FIG. 6 is a detailed perspective view of the door handle and lockset,

FIG. 7 is a top perspective partial view of the out lower left portion of the door and door frame,

FIG. 8 is a perspective upper-looking partial view of the outer upper left portion of the door and door frame,

FIG. 9 is a perspective view of the upper inside portion of the door and door frame with the door in a partially open position.

FIG. 10 is a perspective view of the lower inside portion of the door and door frame with the door in a partially open position,

FIG. 11 is a perspective view of the lower inside portion of the door and door frame in the closed position; and,

FIG. 12 is a perspective view of the upper inside portion of the door and door frame in the closed position.

The rear of the door is identical to the front.
