(57) **CLAIM**

The ornamental design for an ice cream cone-shaped candy and container therefor, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document and of the related application listed above contain material that is subject to copyright protection. The owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but otherwise reserves all copyrights whatsoever.

FIG. 1 is a front view of the ice cream cone-shaped candy and container thereof embodying my new design;

FIG. 2 is a rear view of the ice cream cone-shaped candy and container thereof embodying my new design;

FIG. 3 is a left side view of the ice cream cone-shaped candy and container thereof embodying my new design; the right side view being a mirror image thereof;

FIG. 4 is a top view of the ice cream cone-shaped candy and container thereof embodying my new design;

FIG. 5 is a bottom view of the ice cream cone-shaped candy and container thereof embodying my new design;

FIG. 6 is a front view of the ice cream cone-shaped candy and container therefor, shown as an exploded view for clarity of disclosure;

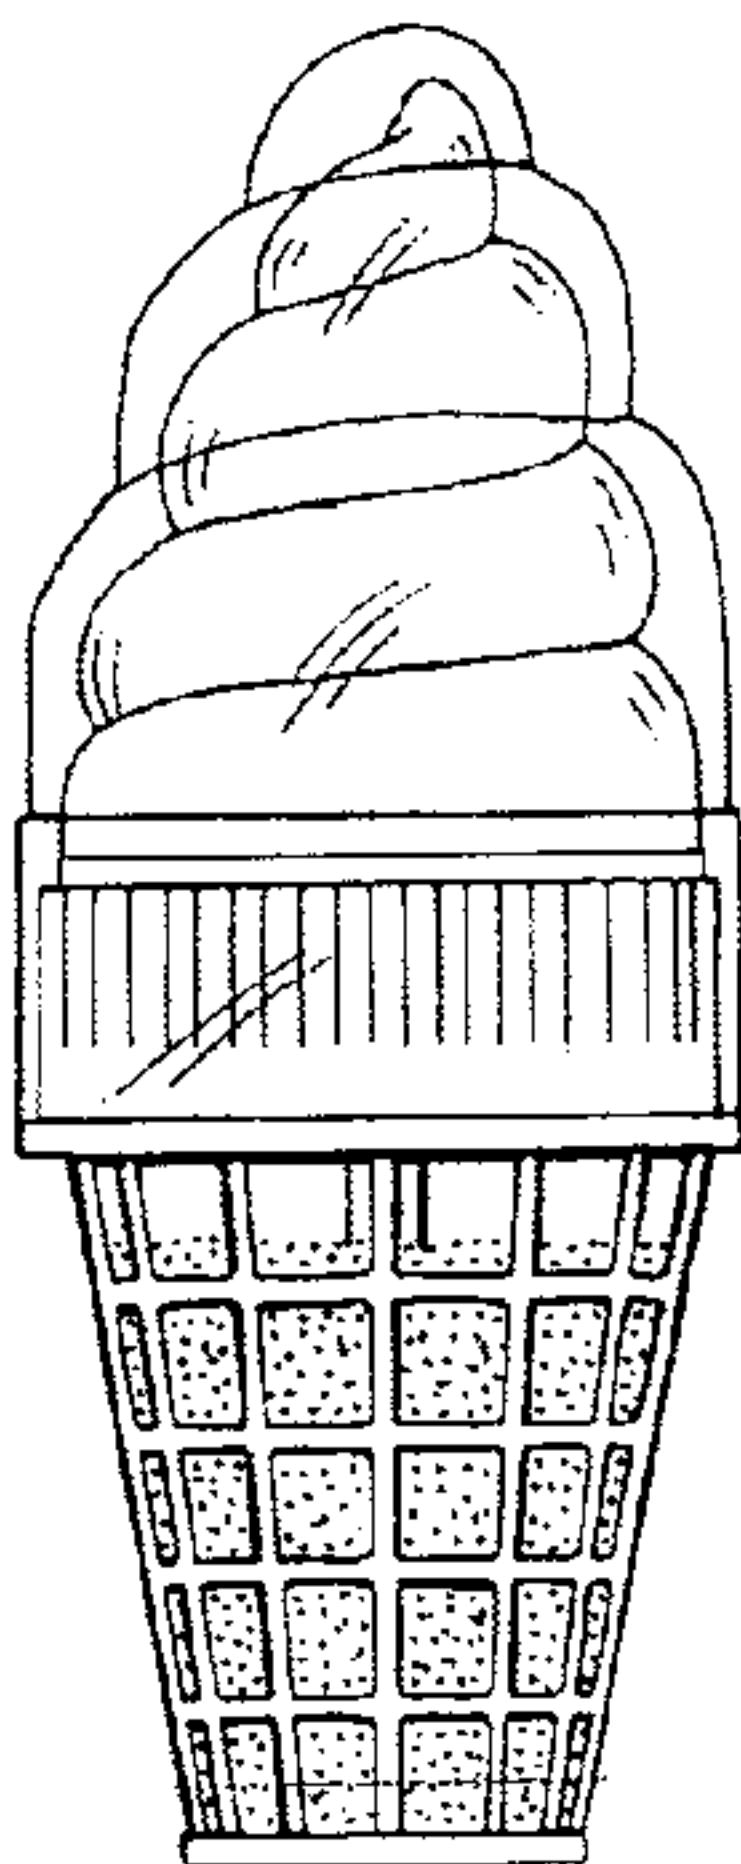

FIG. 7 is a rear view of the ice cream cone-shaped candy and container therefor, with the cover removed for clarity of disclosure;

FIG. 8 is a left side view of the ice cream cone-shaped candy and container therefor, with the cover removed for clarity of disclosure. The right side view being a mirror image thereof; and,

FIG. 9 is a top view of the ice cream cone-shaped candy and container therefor, with the cover removed for clarity of disclosure.

It is understood that the container herein, including the cover and base cone portions are not edible. In FIG. 6, the center ice cream candy and the candy seen through the transparent panes of the base are edible.
