(57) **CLAIM**

The ornamental design for a wheel with flaring and sculpted spokes, as shown and described.

DESCRIPTION

The single FIGURE is a front perspective view of a wheel with flaring and sculpted spokes according to my invention. The rear side of the wheel is identical to the front side. The outer ends of all spokes are identical.

The wheel of the invention is characterized by spokes that each flare out and each have longitudinal sides that flare out and have a sculpted appearance.
