(57) **CLAIM**

The ornamental design for a meter housing, as shown and described.

FIG. 1 is a perspective view of the meter housing according to a first embodiment of my design;

FIG. 2 is a top plan view of the meter housing according to the first embodiment;

FIG. 3 is a right side elevational view of the meter housing according to the first embodiment;

FIG. 4 is a bottom plan view of the meter housing according to the first embodiment;

FIG. 5 is a left side elevational view of the meter housing according to the first embodiment;

FIG. 6 is a front elevational view of the meter housing according to the first embodiment;

FIG. 7 is a rear elevational view of the meter housing according to the first embodiment;

FIG. 8 is a right side elevational view of the meter housing according to a second embodiment of my design;

FIG. 9 is a bottom plan view of the meter housing according to the second embodiment;

FIG. 10 is a left side elevational view of the meter housing according to the second embodiment;

FIG. 11 is a front elevational view of the meter housing according to the second embodiment;

FIG. 12 is a rear elevational view of the meter housing according to the second embodiment; and,

FIG. 13 is a perspective view of the meter housing according to the second embodiment.

It is to be understood that the top plan view of the meter housing of the second embodiment is identical to the top plan view of the meter housing of the first embodiment shown in FIG. 2.
