(57) **CLAIM**

The ornamental design for a clip for attaching to bricks or the like, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of one embodiment of the clip for attaching to bricks or the like, illustrating one embodiment of the new design and showing the end gripping portions in phantom;

FIG. 2 is a rear perspective view of the clip of FIG. 1;

FIG. 3 is a front elevational view of the clip of FIG. 1;

FIG. 4 is a left side elevational view of the clip of FIG. 1, the side opposite being a mirror image;

FIG. 5 is a rear elevational view of the clip of FIG. 1;

FIG. 6 is a front perspective view of a second embodiment of the clip for attaching to bricks or the like, illustrating a second embodiment of the new design and showing the end gripping portions in phantom;

FIG. 7 is a rear perspective view of the clip of FIG. 6;

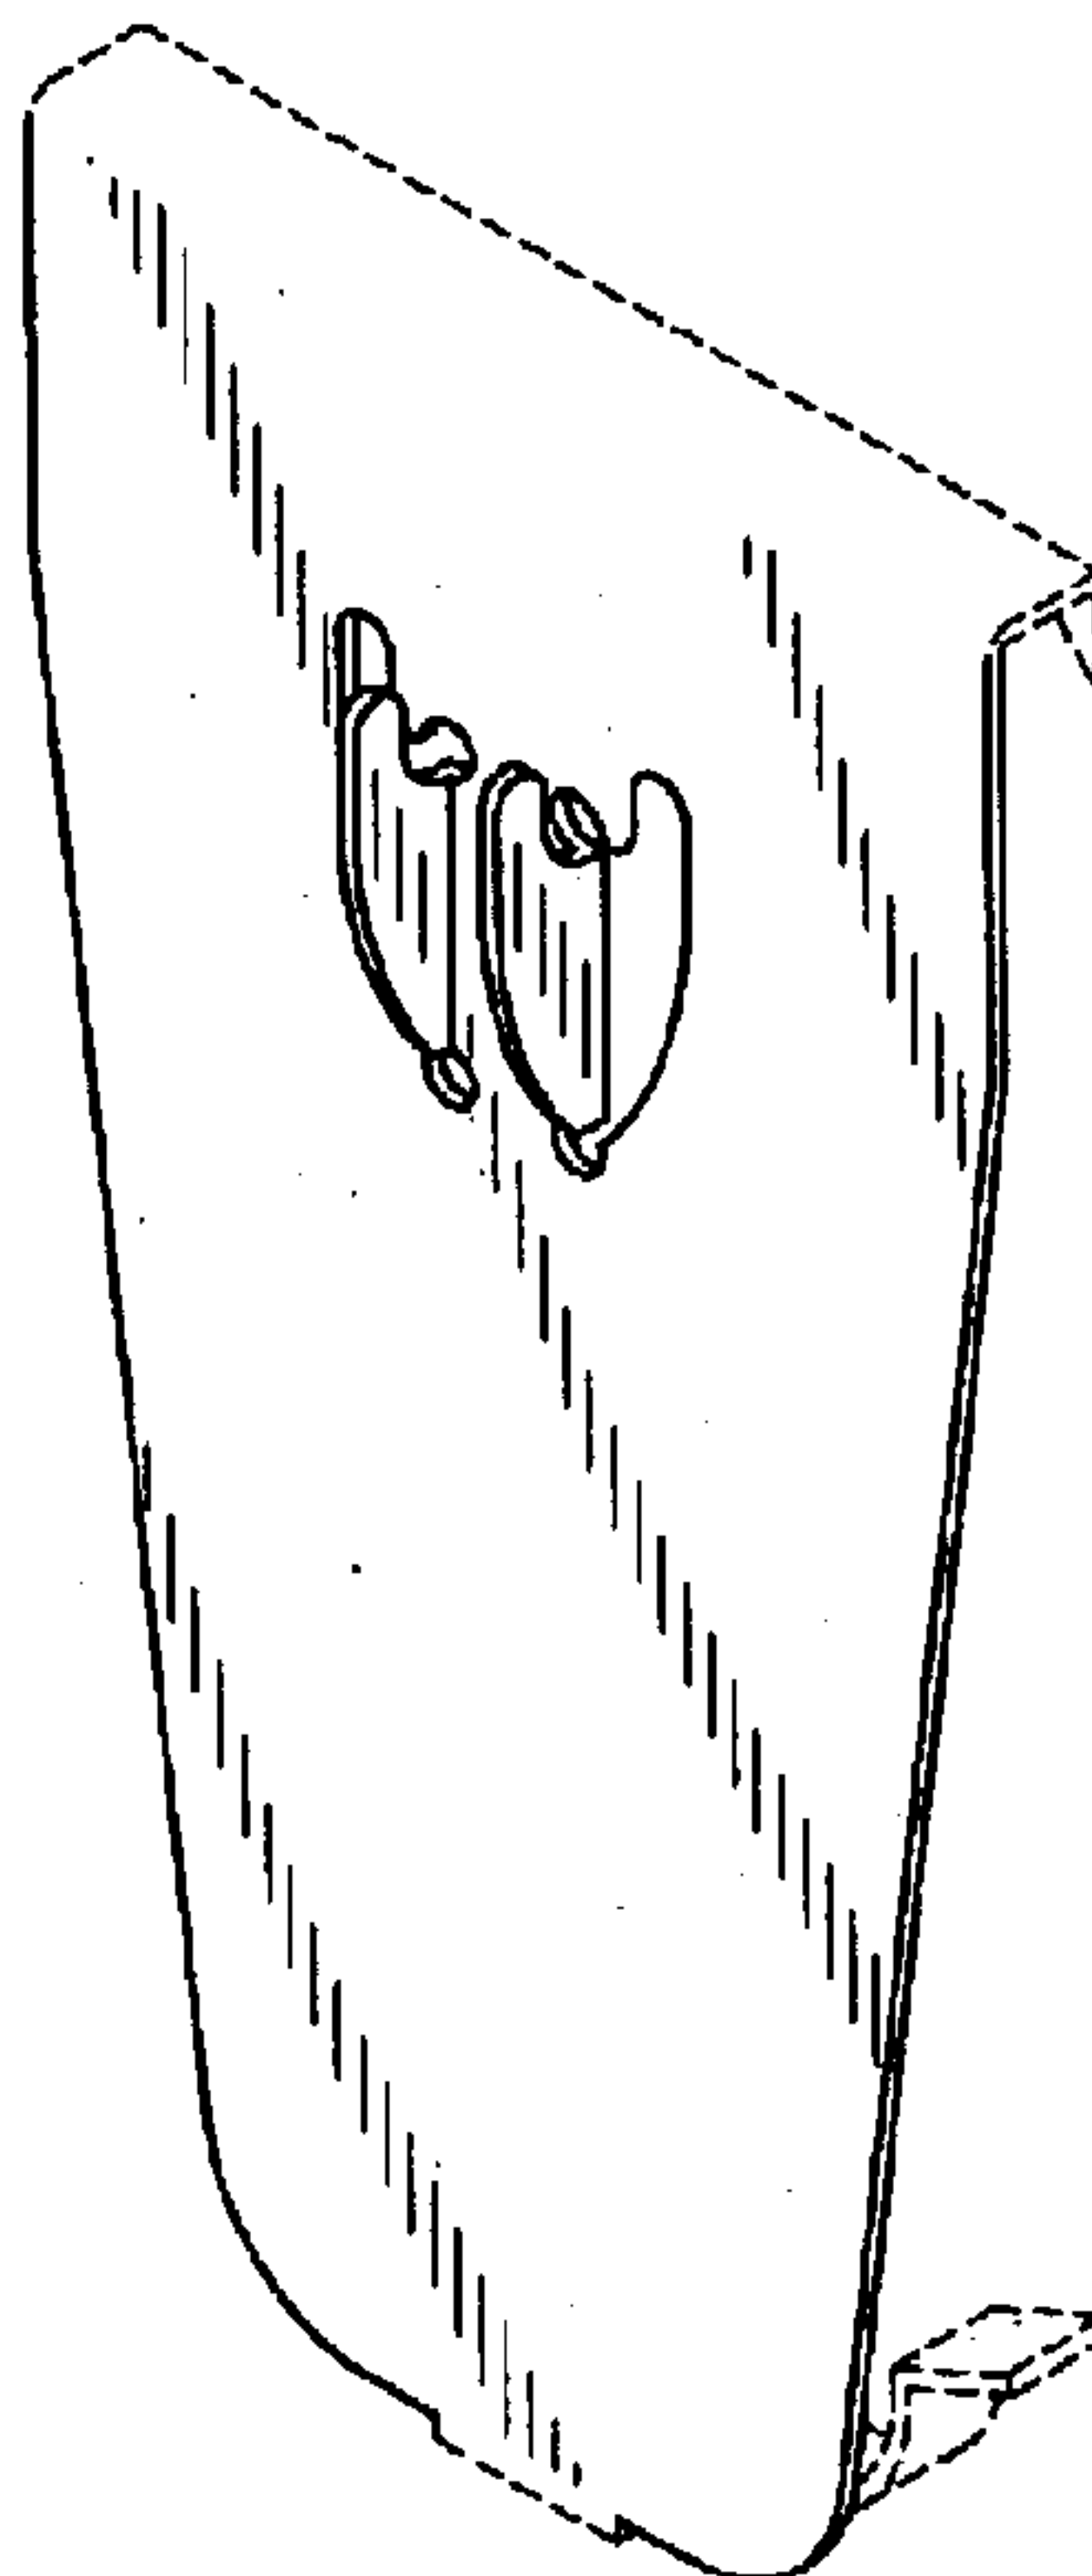

FIG. 8 is a front elevational view of the clip of FIG. 6;

FIG. 9 is a left side elevational view of the clip of FIG. 6, the side opposite being a mirror image; and,

FIG. 10 is a rear elevational view of the clip of FIG. 6.

The phantom representation of the end gripping portions is made in the drawings merely for the purpose of illustrating the environment in which the invention is used. The structure shown in hidden lines is not part of the design sought to be patented.
