(57) **CLAIM**

The ornamental design for a hood air scoop feature, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of an automobile having a hood formed with the hood air scoop feature according to the present invention, the remaining portions of the automobile shown for illustrative purposes in broken lines as not forming a part of the claimed design.

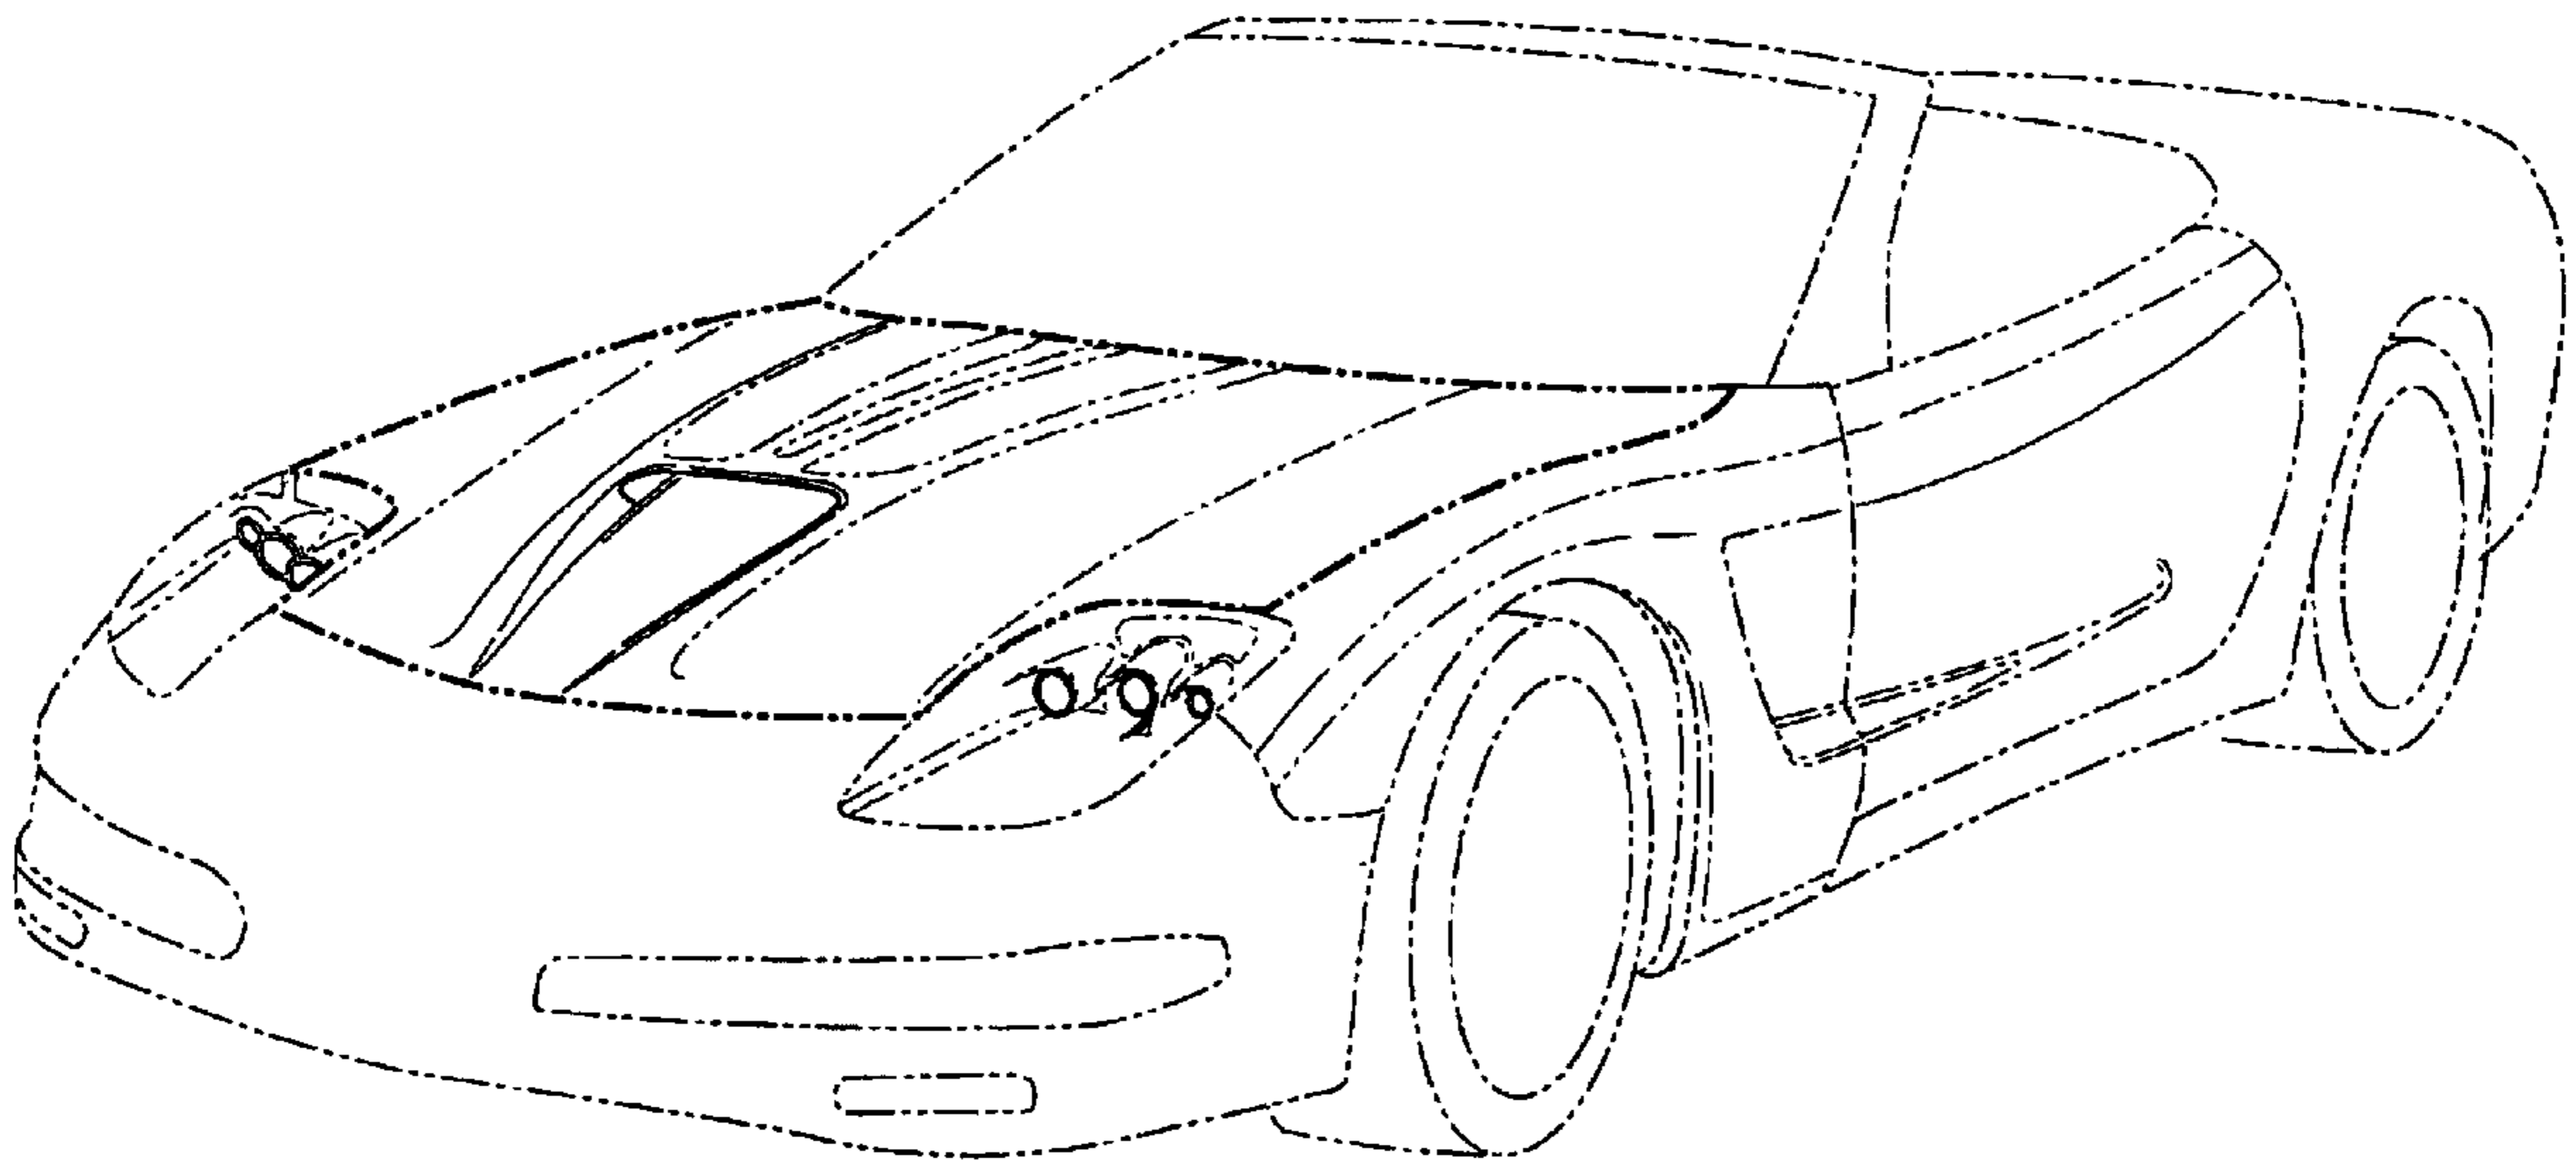

FIG. 2 is a front perspective view of the hood air scoop feature shown in FIG. 1, the remaining portions of a hood shown in broken lines as not forming a part of the claimed design.

FIG. 3 is a side perspective view of the hood air scoop feature shown in FIGS. 1 and 2, the remaining portions of a hood shown in broken lines as not forming a part of the claimed design.

FIG. 4 is a front view of the hood air scoop feature shown in FIGS. 1-3, the remaining portions of a hood shown in broken lines as not forming a part of the claimed design, the rear of the air scoop feature being unornamented; and,

FIG. 5 is a top plan view of the hood air scoop feature shown in FIGS. 1-4, remaining portions of a hood shown in broken lines as not forming a part of the claimed design, the bottom of the hood air scoop feature being unornamented.
