(57) **CLAIM**

The ornamental design for the aerosol container and cap combination, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view from above and to one side of the aerosol container and cap combination showing the new design.

FIG. 2 is a top view of the aerosol container and cap combination of FIG. 1.

FIG. 3 is a bottom view of the aerosol container and cap combination of FIG. 1.

FIG. 4 is a front view of the aerosol container and cap combination of FIG. 1.

FIG. 5 is a rear view of the aerosol container and cap combination of FIG. 1.

FIG. 6 is a left side view of the aerosol container and cap combination of FIG. 1, the right side view being a mirror image thereof; and,

FIG. 7 is a rear side view of a second embodiment of an aerosol can and cap combination of FIG. 1 showing my new design, the bottom, front, rear, and sides are the same as the embodiment of FIG. 1.
