(57) **CLAIM**

The ornamental design for a scientific vial storage box, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a scientific vial storage box showing my new design;

FIG. 2 is a front elevation view of the scientific vial storage box showing the rectangular portions on which a description of the contents of the box can be placed;

FIG. 3 is a side elevation view of the scientific vial storage box;

FIG. 4 is another side elevation view of the scientific vial storage box;

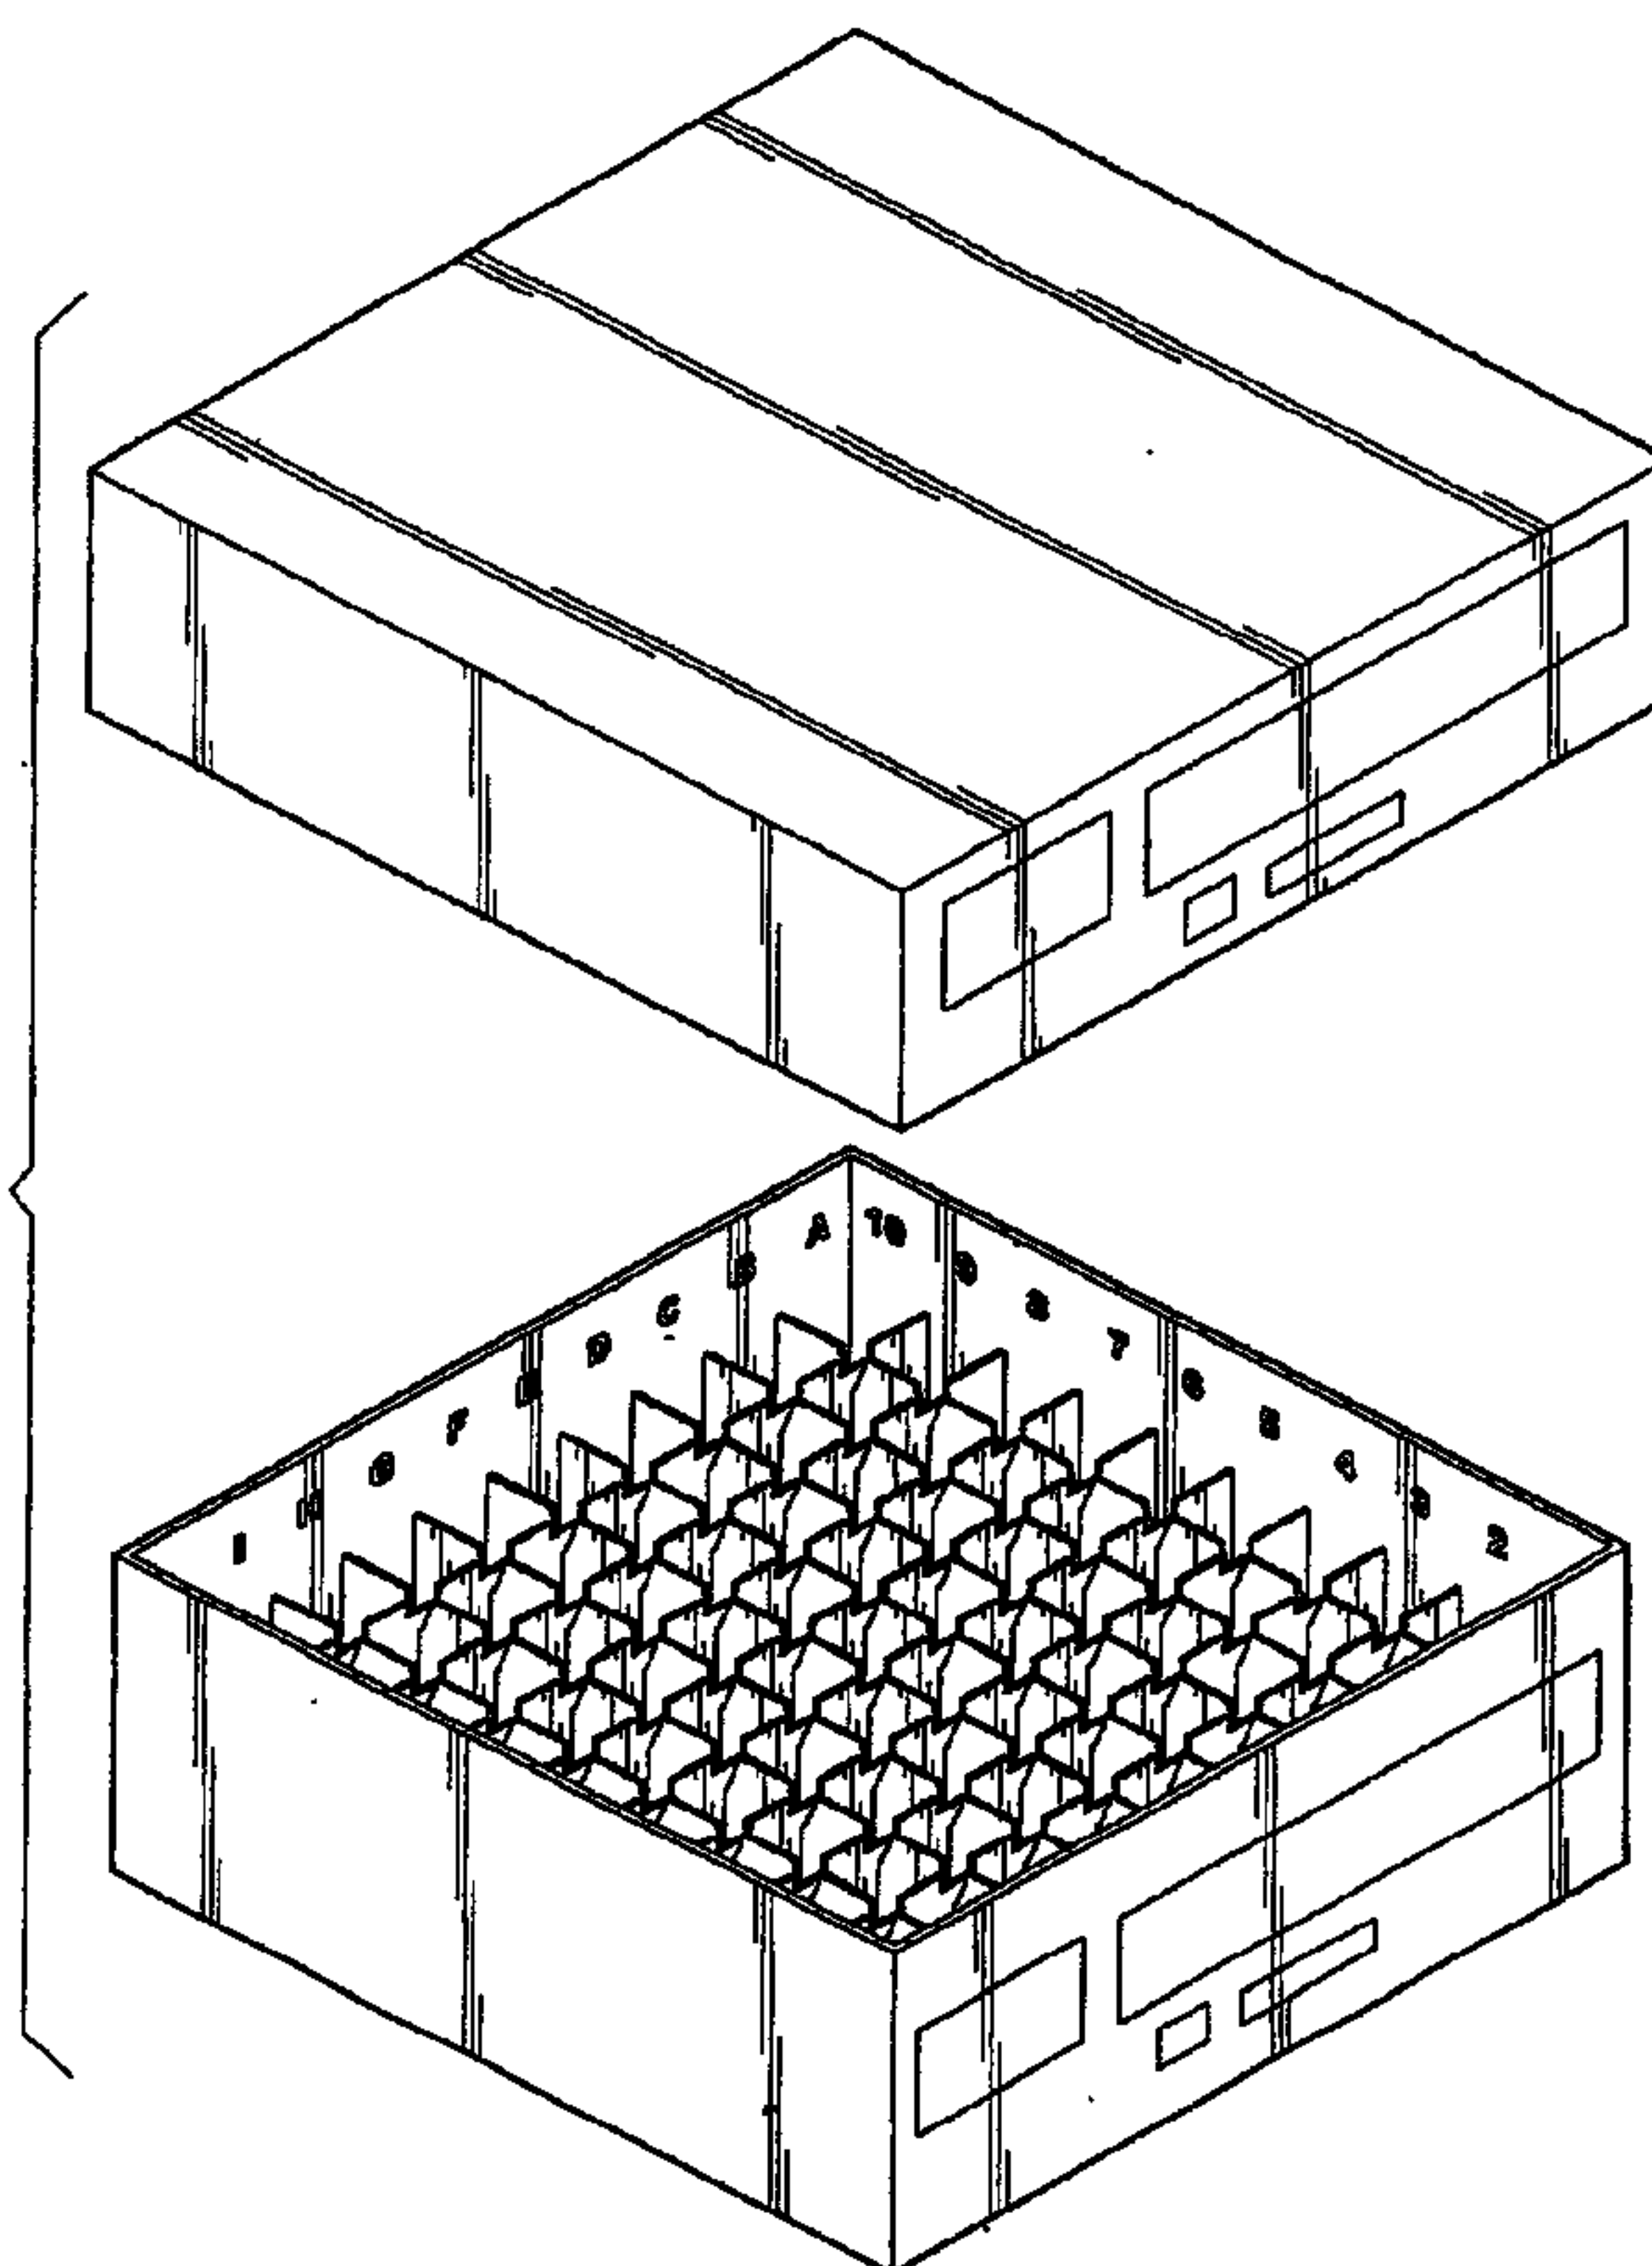

FIG. 5 is a top plan view of the scientific vial storage box;

FIG. 6 is a bottom plan view of the scientific vial storage box, wherein one can see the edge of the top portion of the scientific vial storage box;

FIG. 7 is an exploded perspective view of the scientific vial storage box, wherein indicia are located on the interior sides of the bottom portion of the scientific vial storage box and rectangular portions on both the top and/or bottom portions on which a description of the box can be placed; and,

FIG. 8 is a top plan view of the bottom portion of the scientific vial storage box.
