(57) **CLAIM**

The ornamental design for a vehicle door shelter, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective drawing showing front and top views of our new design for a vehicle door shelter mounted to a pickup truck shown in dashed line and partial section;

FIG. 2 is a perspective drawing showing top and partial left side views and a partial view of the rocker/running board panel thereof mounted to a pickup truck shown in dashed line and partial section;

FIG. 3 shows a front view thereof mounted to a pickup truck shown in dashed line and partial section;

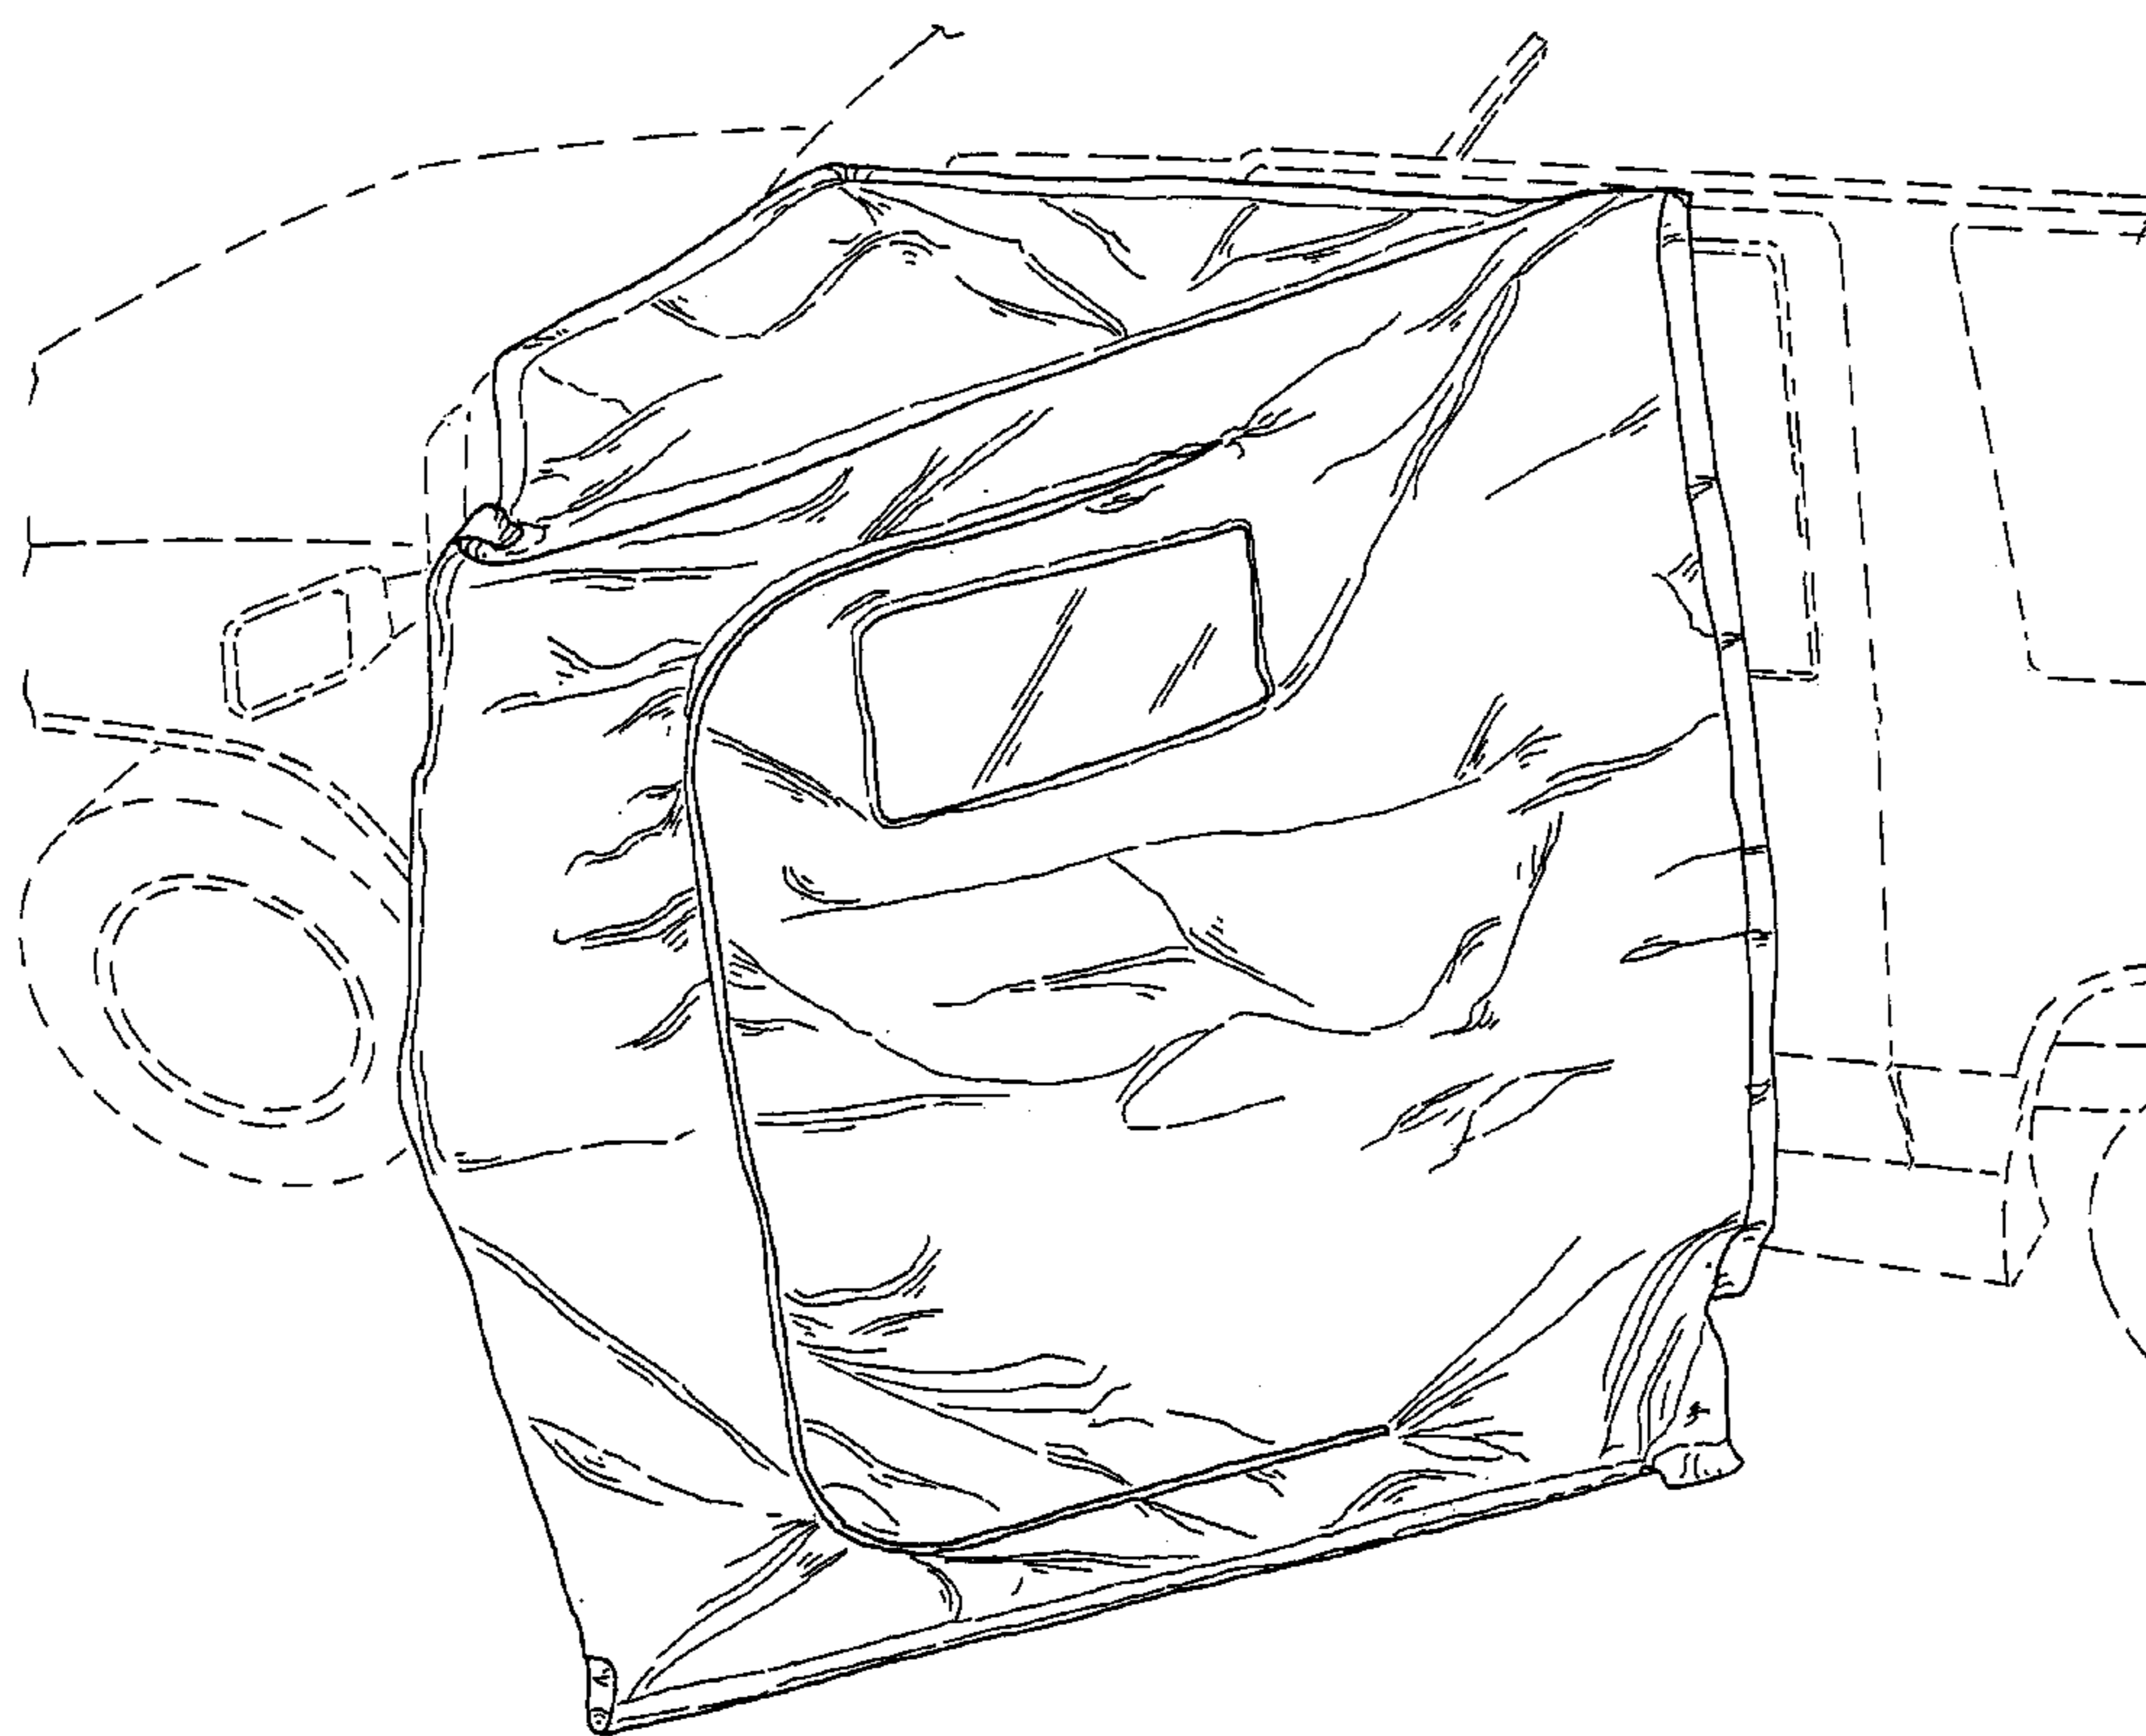

FIG. 4 is a left side view thereof mounted to a pickup truck shown in dashed line and partial section; and,

FIG. 5 is a perspective drawing showing a sectioned front view thereof with the door flap open and exposing the door panel, floor panel, and rocker/running board panel mounted to a pickup truck shown in dashed line and partial section.

The material shown in dashed line comprises no part of the design.

The bottom right portion of the vehicle door shelter in FIG. 2 and the left and right sides of the vehicle door shelter in FIG. 5 have been shown broken away for ease of illustration.
