(57) **CLAIM**

The ornamental design for a two-way radio wrist watch, as shown and described.

DESCRIPTION

FIG. 1 is a front, top, and left side perspective view of the two-way radio wrist watch (Device) with upright antenna (perpendicular to face);

FIG. 2 is a front view of the Device with upright antenna; FIG. 3 is right side view of the Device with upright antenna; FIG. 4 is a left side view of the Device with upright antenna; FIG. 5 is a rear view of the Device with upright antenna; and, FIG. 6 is a front view of the Device with recumbent antenna (horizontal to face).

The band has been shown in different positions throughout the views to illustrate the flexible nature thereof.
