(57) **CLAIM**

The ornamental design for a portable electric toothbrush charger and case, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the bottom piece of the portable electric toothbrush charger and case showing an electric toothbrush disposed inside the bottom portion of the case and the top portion of the case lying next to it.

FIG. 2 is a perspective view of the top and bottom portions of the case joined together.

FIG. 3 is a front elevational view of the top and bottom portions of the case joined together.

FIG. 4 is a left side elevational view with the top and bottom portions of the case joined together.

FIG. 5 is a top plan view with the top and bottom portions of the case joined together.

FIG. 6 is a front elevational view of the bottom portion of the case.

FIG. 7 is a left side elevational view of the bottom portion of the case.

FIG. 8 is a perspective view of the bottom portion of the case.

FIG. 9 is a bottom plan view of the bottom portion of the case.

FIG. 10 is a top plan view of the bottom portion of the case.

FIG. 11 is a front view of the top portion of the case.

FIG. 12 is a left side view of the top portion of the case; and,

FIG. 13 is a bottom plan view of the top portion of the case.

The claimed design is directed to the appearance of the portable electric toothbrush charger and case in its assembled state as depicted in FIGS. 2, 3 and 4. The charger and case are shown separately in the other figures for the purpose of clarifying design aspects of the assembled article that are not be apparent from FIGS. 2, 3 and 4. The broken lines showing the toothbrush in FIG. 1 are included for the purpose of illustrating environmental structure only and form no part of the claimed design. All other broken lines are included for the purpose of illustrating portions of the toothbrush charger and case that form no part of the claimed design.
