(57) **CLAIM**

I claim the ornamental design for a heat-conducting block of VGA chipset cooling device, as shown and described in the attached six drawings.

DESCRIPTION

FIG. 1 is a perspective view of a heat-conducting block of VGA chipset cooling device according to the present invention.

FIG. 2 is a front view of the heat-conducting block according to the present invention; the rear view of the heat-conducting block is a mirror image of FIG. 2.

FIG. 3 is a right side view of the heat-conducting block according to the present invention; the left side view of the heat-conducting block is a mirror image of FIG. 3.

FIG. 4 is a top plan view of the heat-conducting block according to the present invention.

FIG. 5 is a bottom plan view of the heat-conducting block according to the present invention; and,

FIG. 6 is a perspective view illustrating use of the heat-conducting block according to the present invention.

The broken lines in the figures indicate environmental elements for illustrative purposes only and form no part of the claimed design.
