The ornamental design for a round towel pocket bag, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of the round towel pocket bag, showing my design; a round towel with an attached pocket with drawstring. The cloth drawstring is threaded around the top perimeter of pocket as shown.

FIG. 2 is a rear view thereof; and,

FIG. 3 is front perspective view of the round towel pocket bag showing the towel portion folded into its attached pocket with drawstring used to open and close the bag as shown.

The broken lines in the figure views represent stitching to enclose the drawstring into the top perimeter of the pocket and form no part of the claimed design. The shading in the figure views is intended to represent fabric or cloth as shown.
