(57) **CLAIM**

The ornamental design for a surface configuration of a taillight for a vehicle, as shown and described.

DESCRIPTION

This application is related to co-pending application Ser. No. 29/189,489, of the inventors, filed on even date herewith and entitled SURFACE CONFIGURATION OF A VEHICLE, TOY AND/OR OTHER REPLICAS.

FIG. 1 is a perspective view of a first embodiment of a surface configuration of a taillight for a vehicle according to our novel design;

FIG. 2 is a front view of the first embodiment of the surface configuration of a taillight for a vehicle according to our novel design;

FIG. 3 is a side view of the surface configuration of a taillight for a vehicle according to our novel design;

FIG. 4 is a perspective view of a second embodiment of the surface configuration of a taillight for a vehicle according to our novel design;

FIG. 5 is a front view of the second embodiment of the surface configuration of a taillight for a vehicle according to our novel design; and,

FIG. 6 is a side view of the second embodiment of the surface configuration of a taillight for a vehicle according to our novel design.

The broken lines are for illustrative purposes only and form no part of the claimed design.
