(57) **CLAIM**

The ornamental design for a two-way radio wrist watch, as shown and described.

DESCRIPTION

FIG. 1 is a right side perspective view taken from the front and above of the two-way radio wrist watch;

FIG. 2 is a top view;

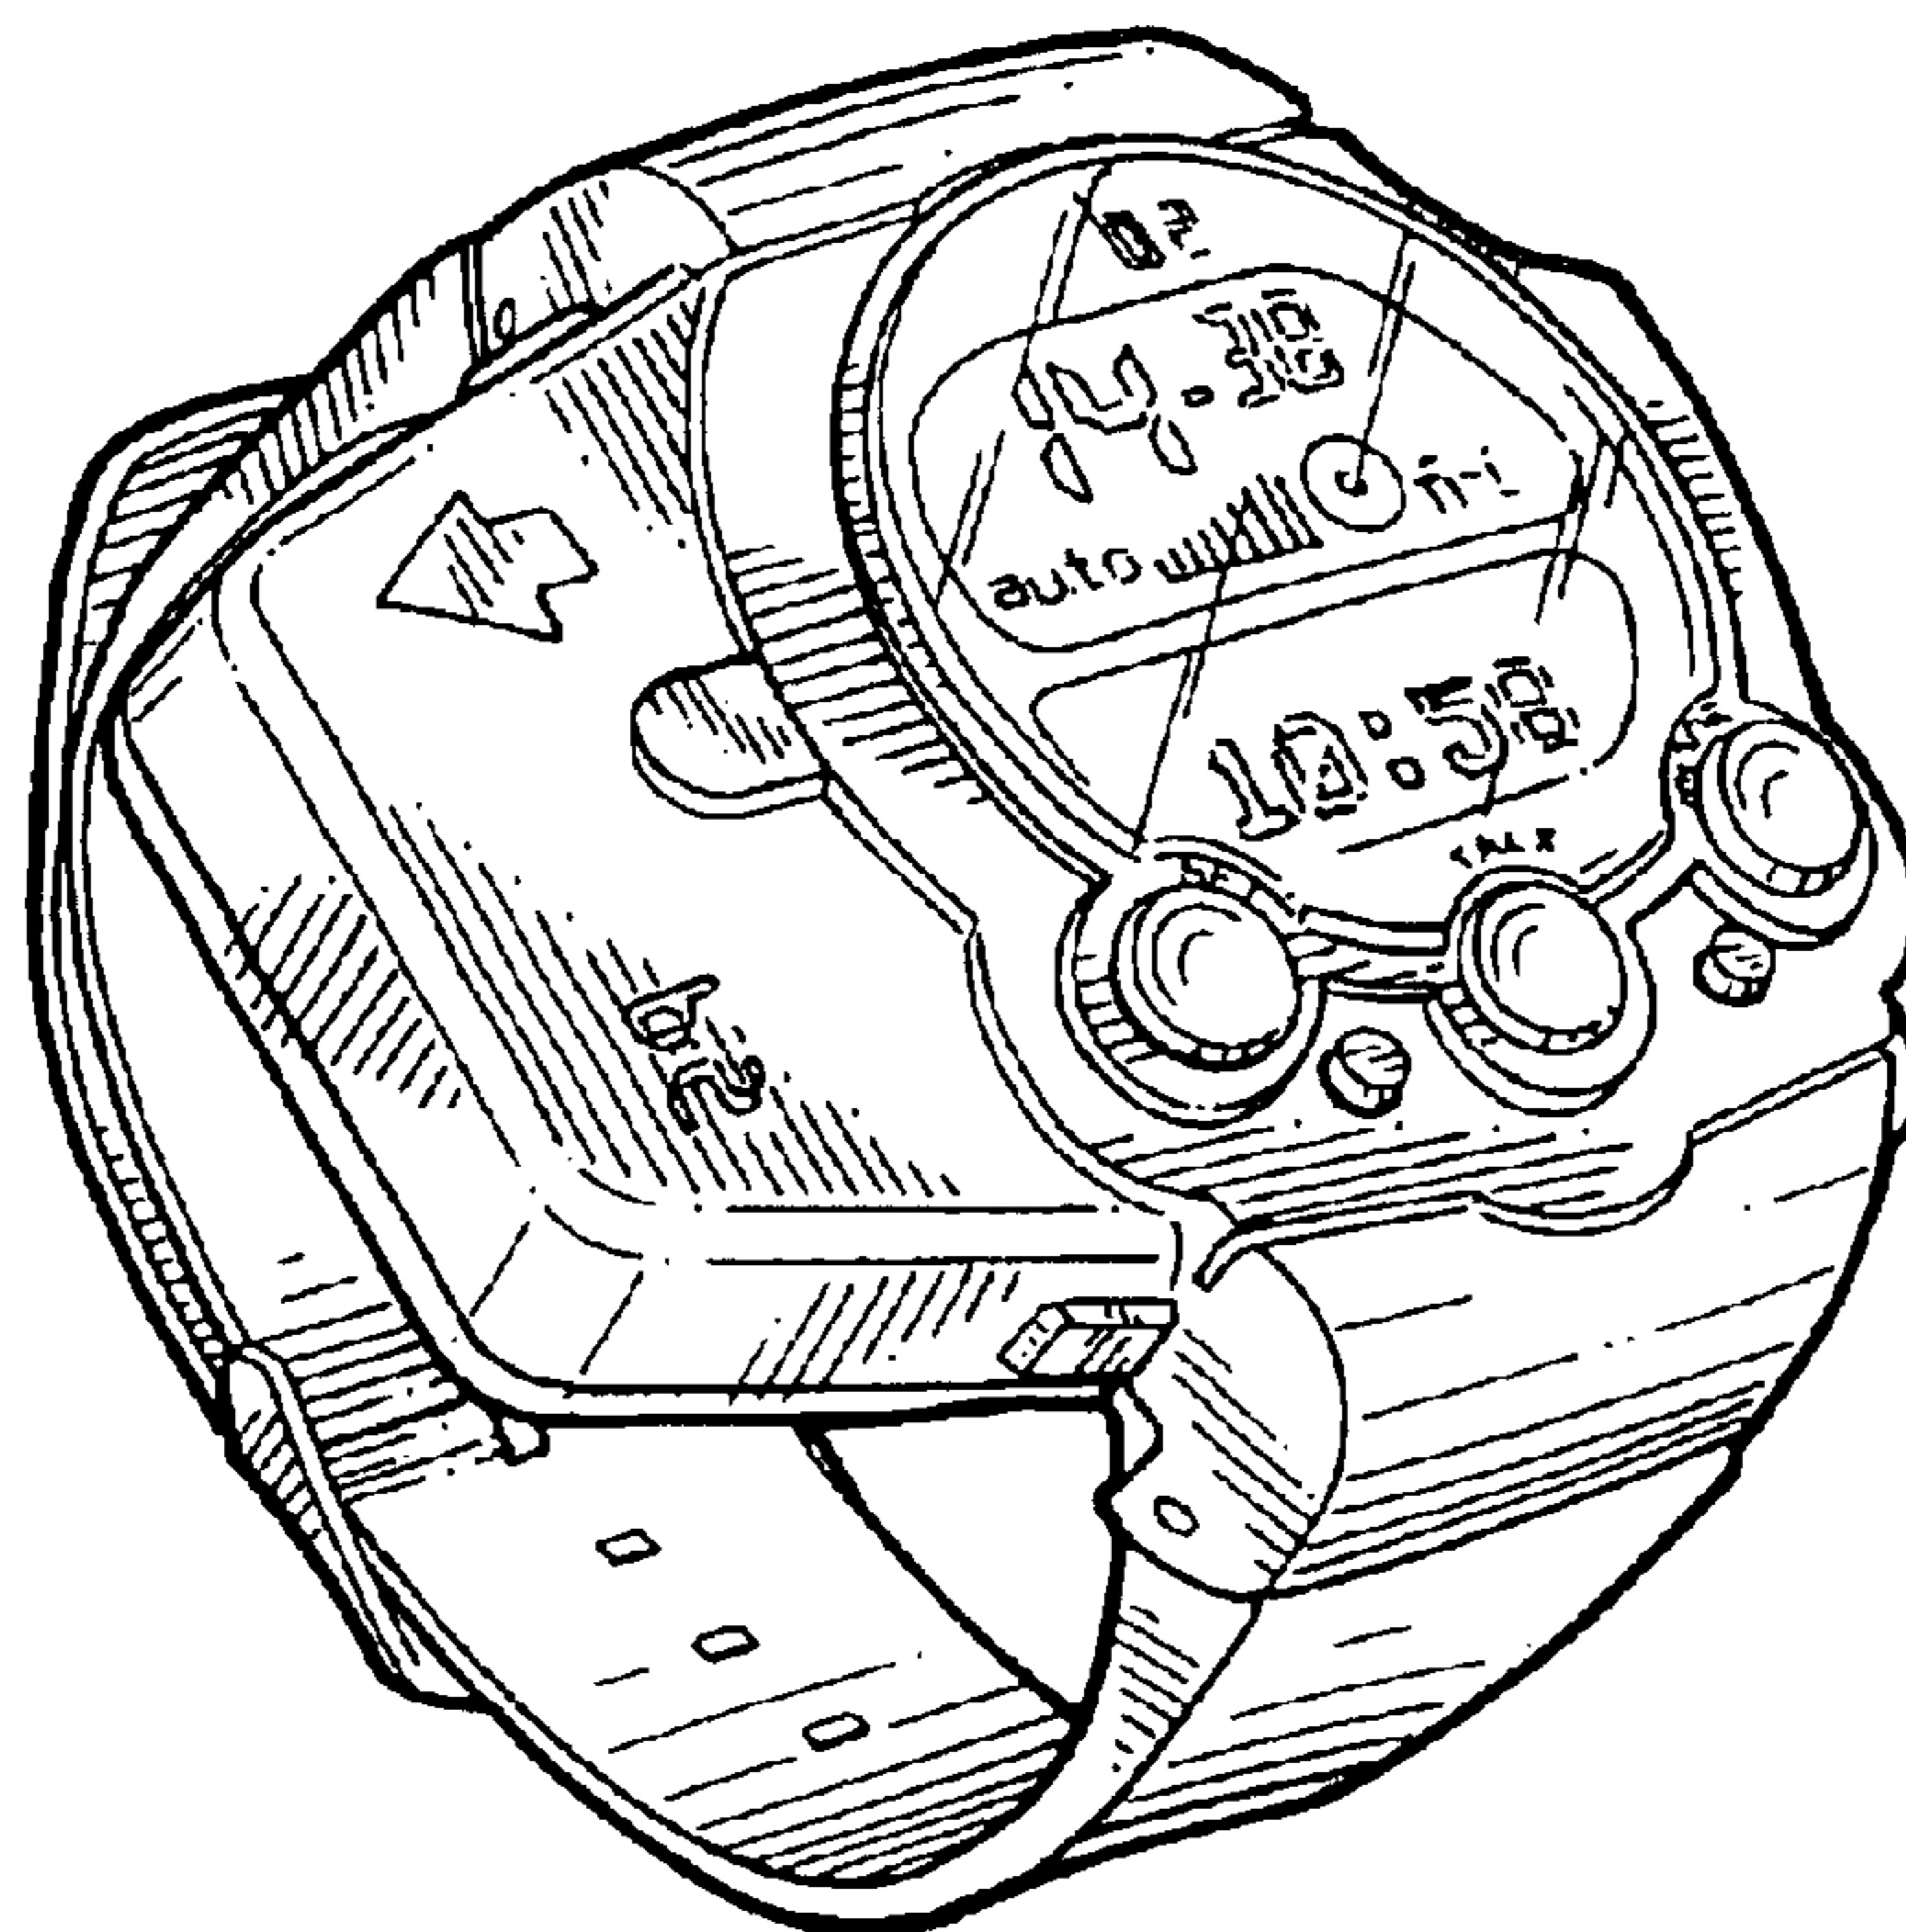

FIG. 3 is a left side perspective view taken from the front and above;

FIG. 4 is a top perspective; and,

FIG. 5 is a right side perspective view taken from the front and above.

The wristband has been shown in different positions throughout the views to illustrate the flexible and adjustable nature thereof.
