(57) **CLAIM**

The ornamental design for a surface configuration of a vehicle, toy and/or other replicas, as shown and described.

DESCRIPTION

This application is related to the following co-pending applications, of the inventors, filed on even date herewith:

Application Ser. No. 29/189,491, entitled “surface onfiguration of an air vent for a vehicle”;

Application Ser. No. 29/189,492, entitled “surface configuration of a side mirror for a vehicle”;

Application Ser. No. 29/189,481, entitled “surface configuration of a headlight for a vehicle”; and

Application Ser. No. 29/189,480, entitled “surface configuration of a taillight for a vehicle”.

FIG. 1 is a front view of a surface configuration of a vehicle, toy and/or other replicas according to our novel design;

FIG. 2 is a left side view of the surface configuration of a vehicle, toy and/or other replicas according to our novel design, the right side view being mirror symmetrical;

FIG. 3 is a left, front perspective view of the surface configuration of a vehicle, toy and/or other replicas according to our novel design, the right, front perspective view being mirror symmetrical;

FIG. 4 is a left, rear perspective view of the surface configuration of a vehicle, toy and/or other replicas according to our novel design, the right, rear perspective view being mirror symmetrical;

FIG. 5 is a rear view of the surface configuration of a vehicle, toy and/or other replicas according to our novel design; and,

FIG. 6 is a top view of the surface configuration of a vehicle, toy and/or other replicas according to our novel design.

The broken lines are for illustrative purposes only and form no part of the claimed design.
