(57) **CLAIM**

The ornamental design for a cable sheath, as shown and  
described.

**DESCRIPTION**

FIG. 1 is a perspective view of a cable sheath, which is  
circular in cross section.

FIG. 2 is an enlarged partial view of FIG. 1; and,

FIG. 3 is an additional, enlarged partial view of FIG. 1.

The enlarged partial views are shown for convenience of  
illustration. The present invention is the design of the  
exterior of the cable. The interior features are shown with  
broken lines, which form no part of the claimed design.  
Color is intended to be a feature of the present design  
wherein the claim is a gold tone sheath with gold speckles.  
The symbol representing gold is shown in a portion of FIG.  
3, it being understood that it is uniformly continuous over  
the entire surface of the claimed design.
