(57) **CLAIM**

The ornamental design for multi-fold jewelry packaging, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the multi-fold jewelry packaging shown folded and in use containing jewelry, such as a bracelet therein;

FIG. 2 is a top plan view of the invention configured as shown in FIG. 1;

FIG. 3 is a front elevation view of the invention configured as shown in FIG. 1;

FIG. 4 is a right side view of the invention configured as shown in FIG. 1, the left side view being a mirror image;

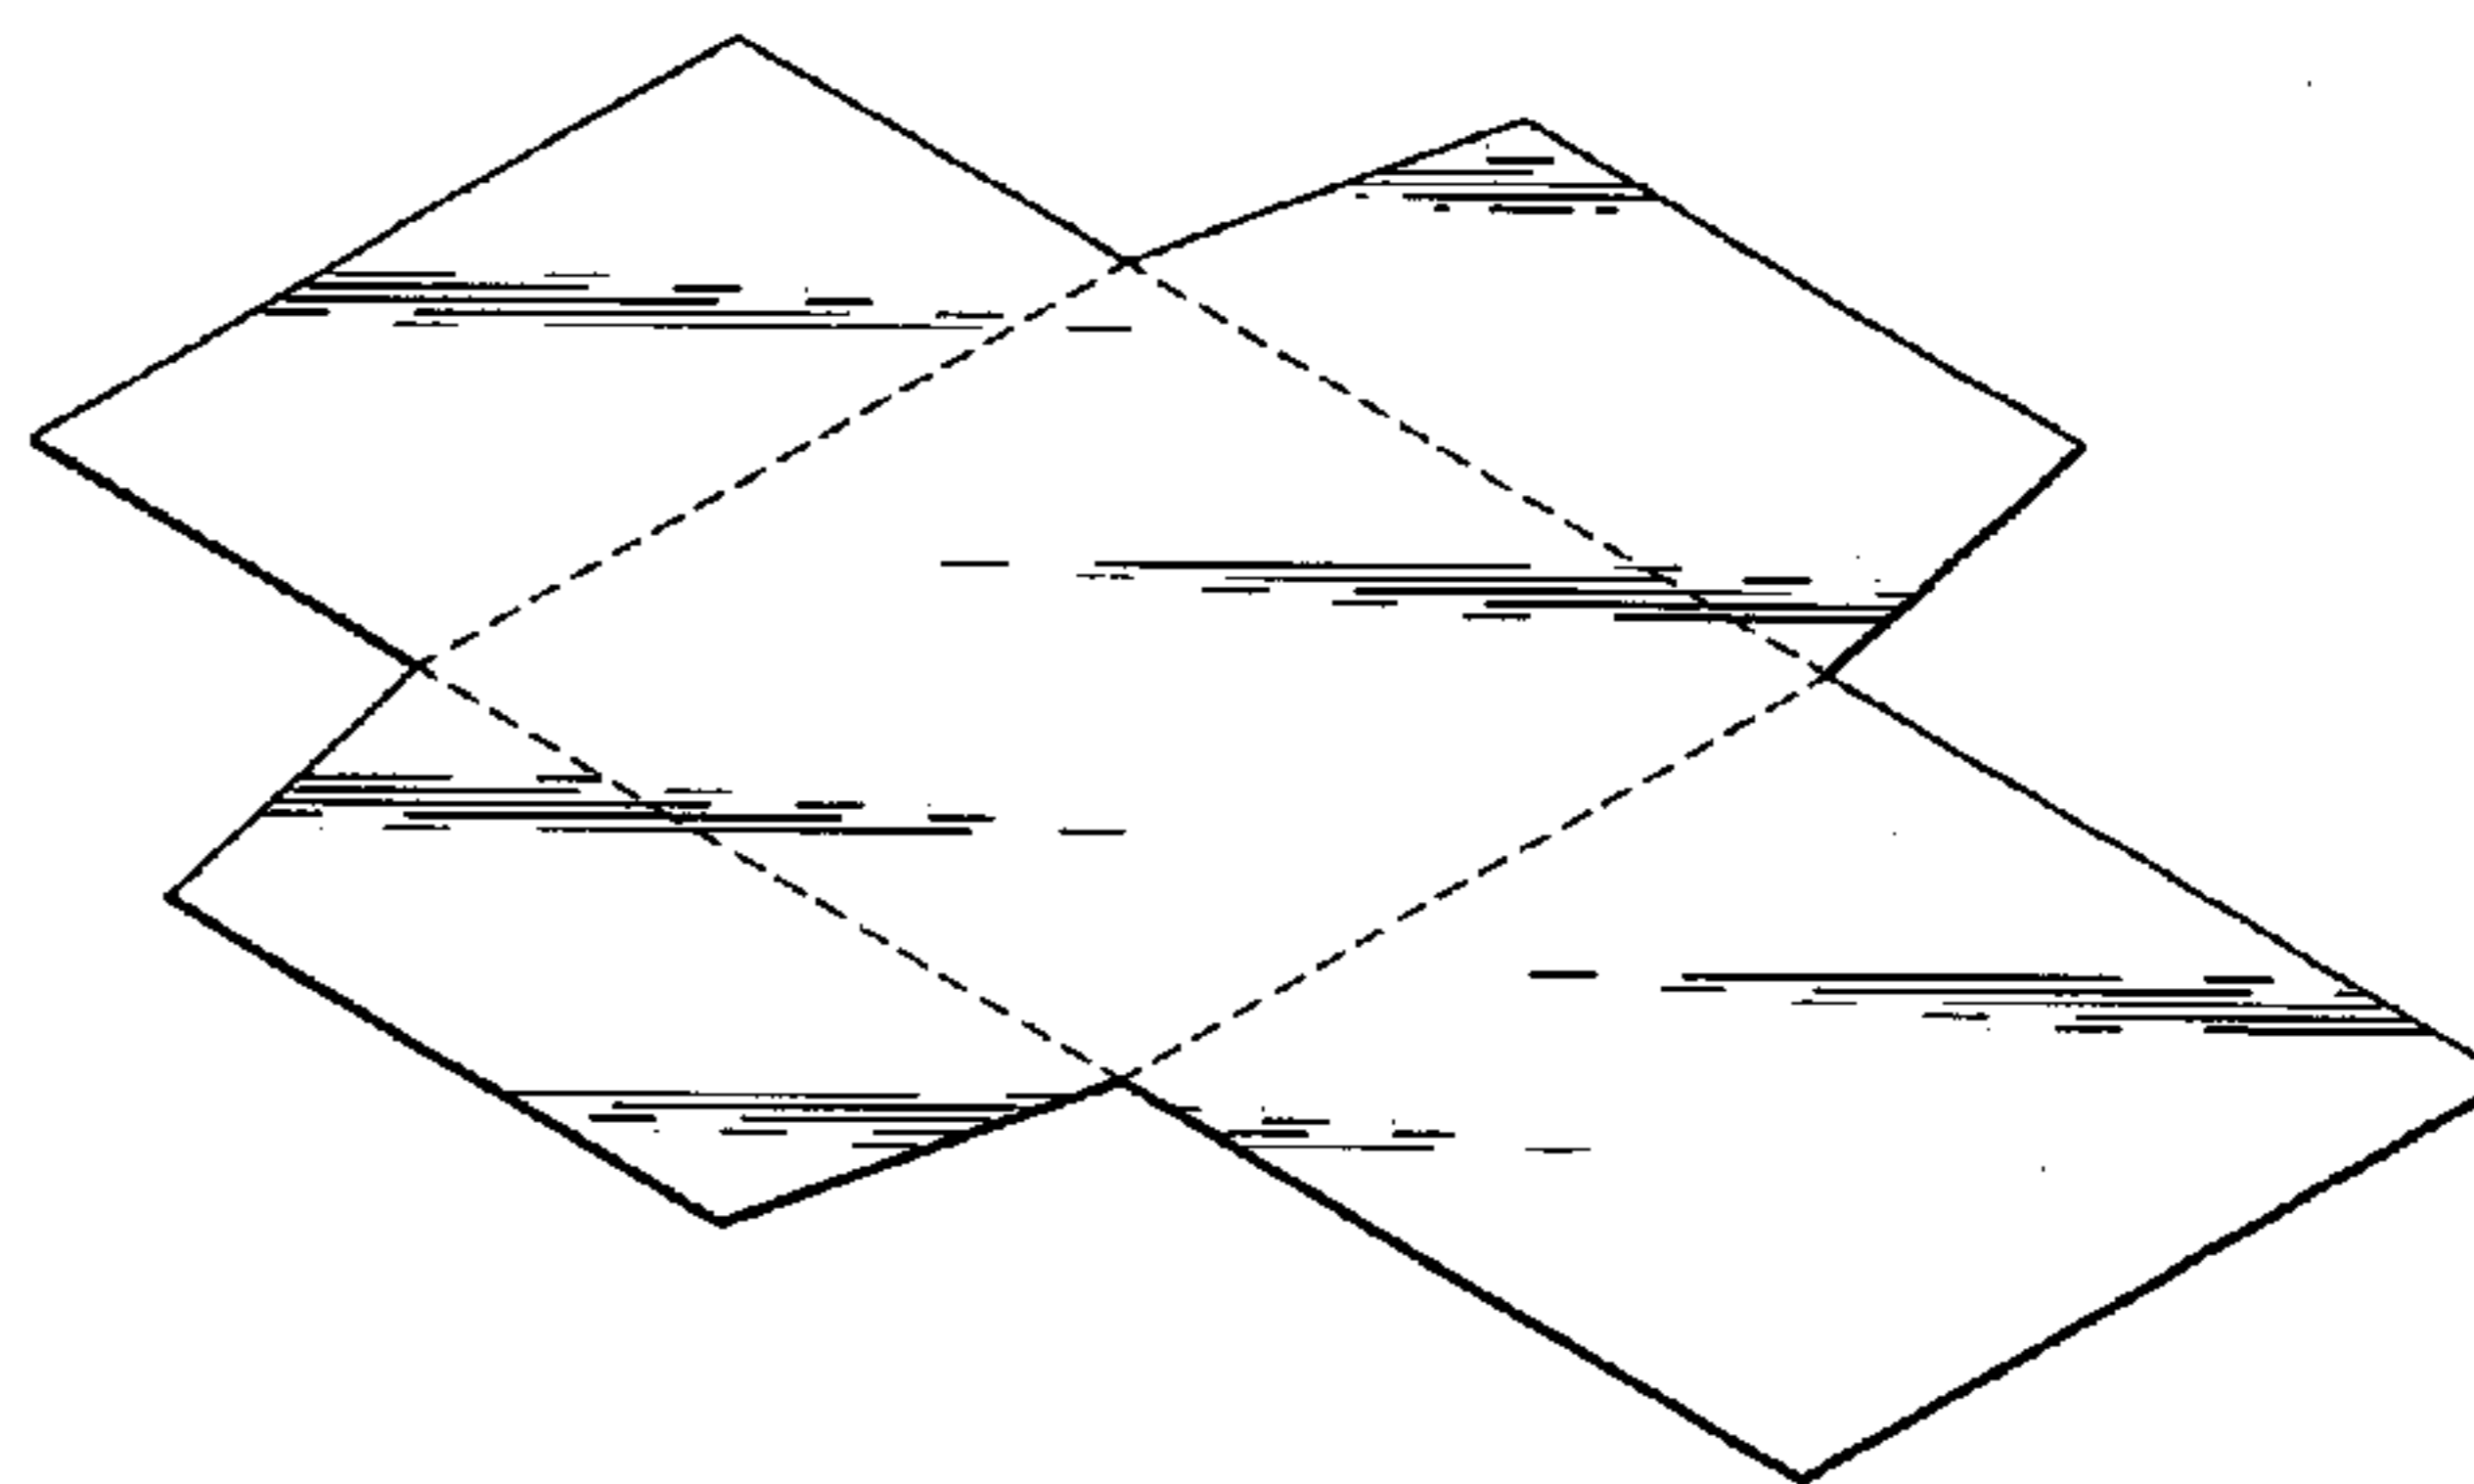

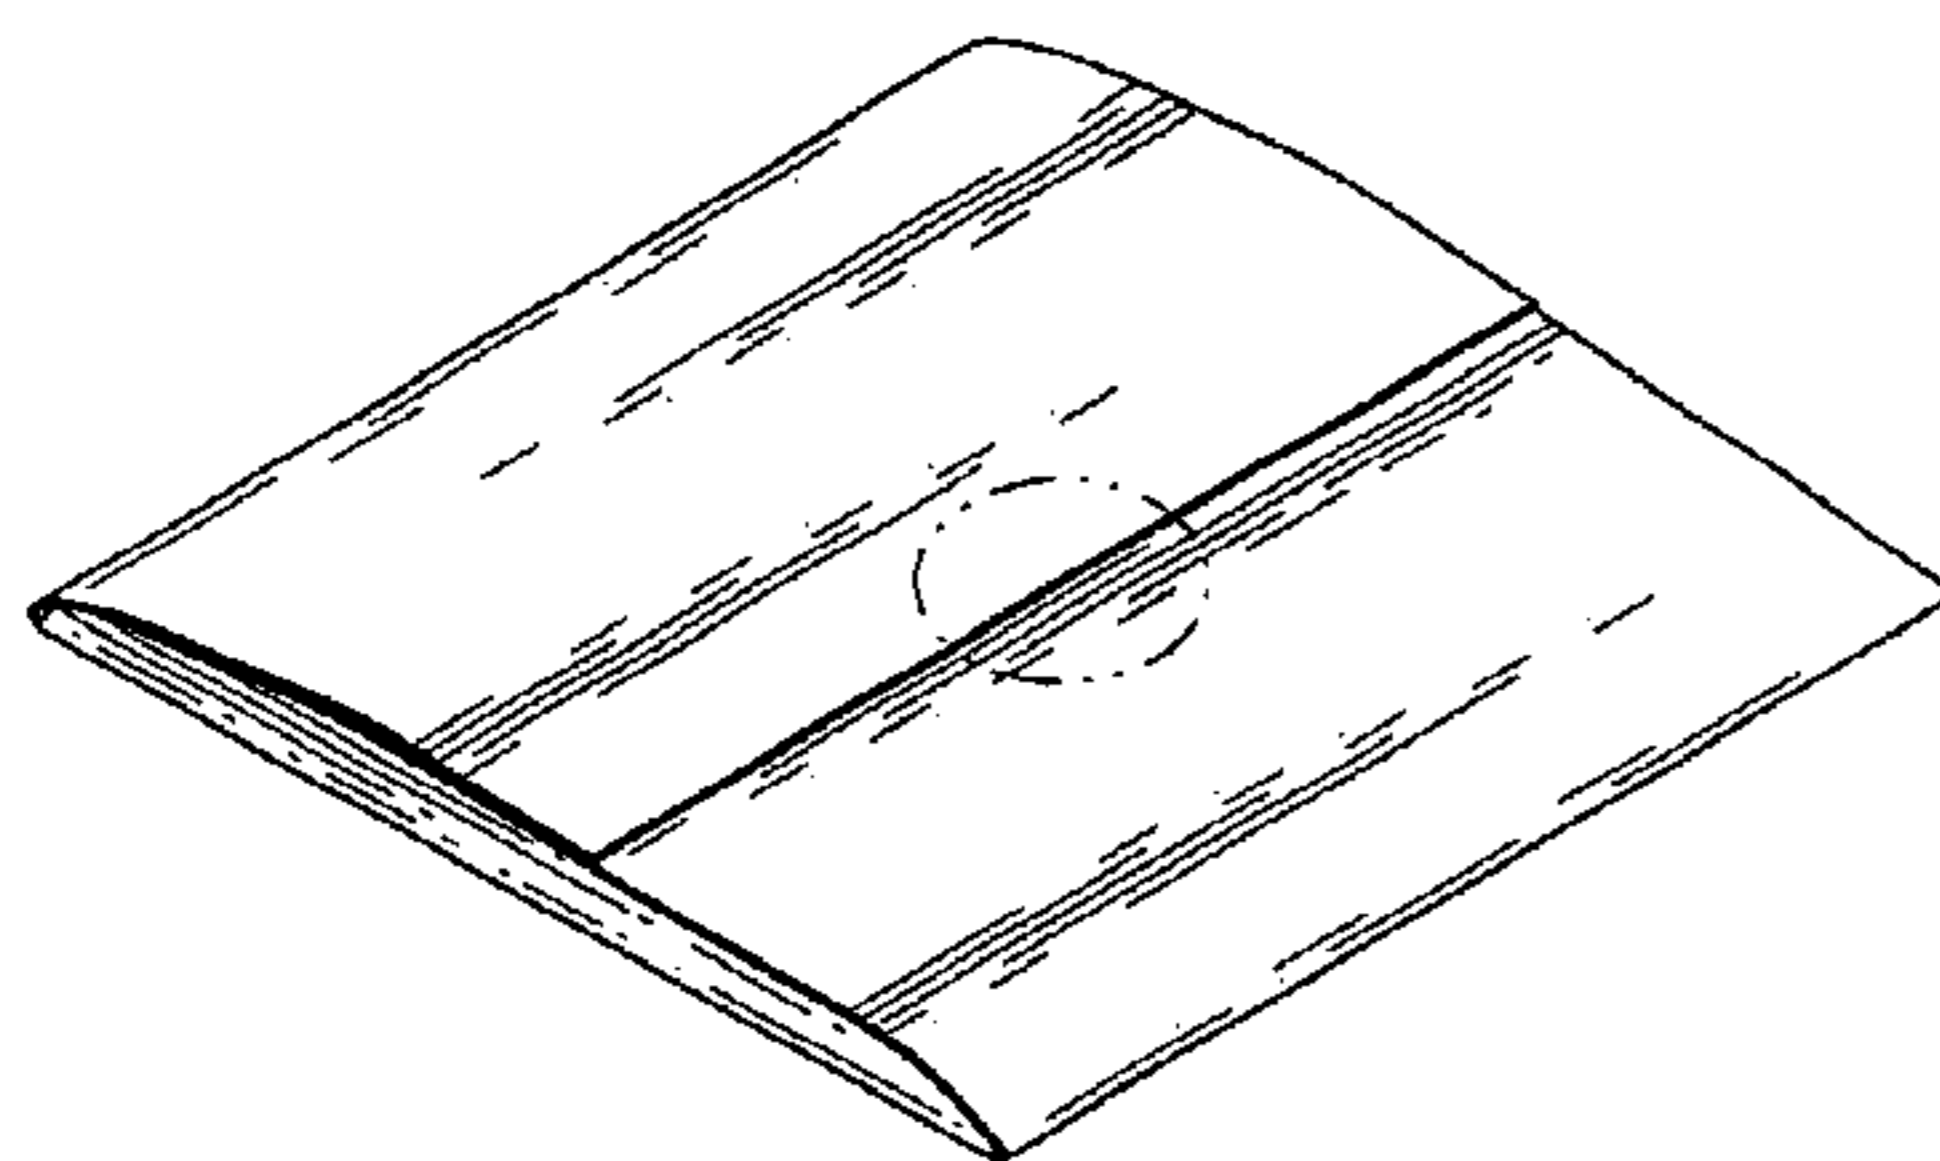

FIG. 5 is a bottom plan view of the invention configured as shown in FIG. 1;

FIG. 6 is a rear elevation view of the invention configured as shown in FIG. 1;

FIG. 7 is a perspective view of the invention shown in unfolded configuration and with dashed lines indicating where folds are to occur; and,

FIG. 8 is a perspective view of the invention in a partially folded configuration and shown in use with jewelry therein. The broken lines in FIGS. 1, 3 and 8 show one possible circular adhesive sticker to hold the invention in the folded configuration and to show how one type of jewelry in the form of a bracelet could be placed within the invention. The broken lines are for purposes of illustration only and form no part of the claimed design.
