(57) **CLAIM**

The ornamental design for a surface configuration of a parking brake handle for a vehicle, as shown and described.

DESCRIPTION

FIG. 1 is an elevated perspective view, from the rear, of a surface configuration of a parking brake handle for a vehicle according to our novel design;

FIG. 2 is a rear perspective view, from the right side, of the surface configuration of a parking brake handle for a vehicle according to our novel design; and,

FIG. 3 is a side perspective view, from the left, of the surface configuration of a parking brake handle for a vehicle according to our novel design.

The dash lines included depict environment and are not part of the claimed design.
