(57) **CLAIM**

We claim the ornamental design for a docking station, as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view of a docking station in accordance with the present design. The docking station can, for example, be a docking station for a device such as a media player or a media storage device.

FIG. 2 is a front perspective view for the docking station.

FIG. 3 is a front view for the docking station.

FIG. 4 is a rear view for the docking station.

FIG. 5 is a right side view for the docking station.

FIG. 6 is a left side view for the docking station.

FIG. 7 is a top view for the docking station.

FIG. 8 is a bottom view for the docking station.

FIG. 9 is a front perspective view for the docking station while it is retaining a media device; and,

FIG. 10 is a left side view for the docking station while it is retaining a media device.

The broken lines showing of various regions and media devices are for illustrative purposes and form no part of the claimed design.

The broken lines in FIGS. 1, 3 and 7 are included for the purpose of illustrating a portion of the docking station that forms no part of the claimed design. The broken lines showing the media device in FIGS. 9 and 10 are included for the purpose of illustrating environmental structure and form no part of the claimed design.
