(57)**CLAIM**

The ornamental design for a mobile rear projection system with fabric enclosure, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an ornamental design for a mobile rear projection system design system showing our new design.

FIG. 2 is a top plan view thereof.

FIG. 3 is a bottom plan view thereof.

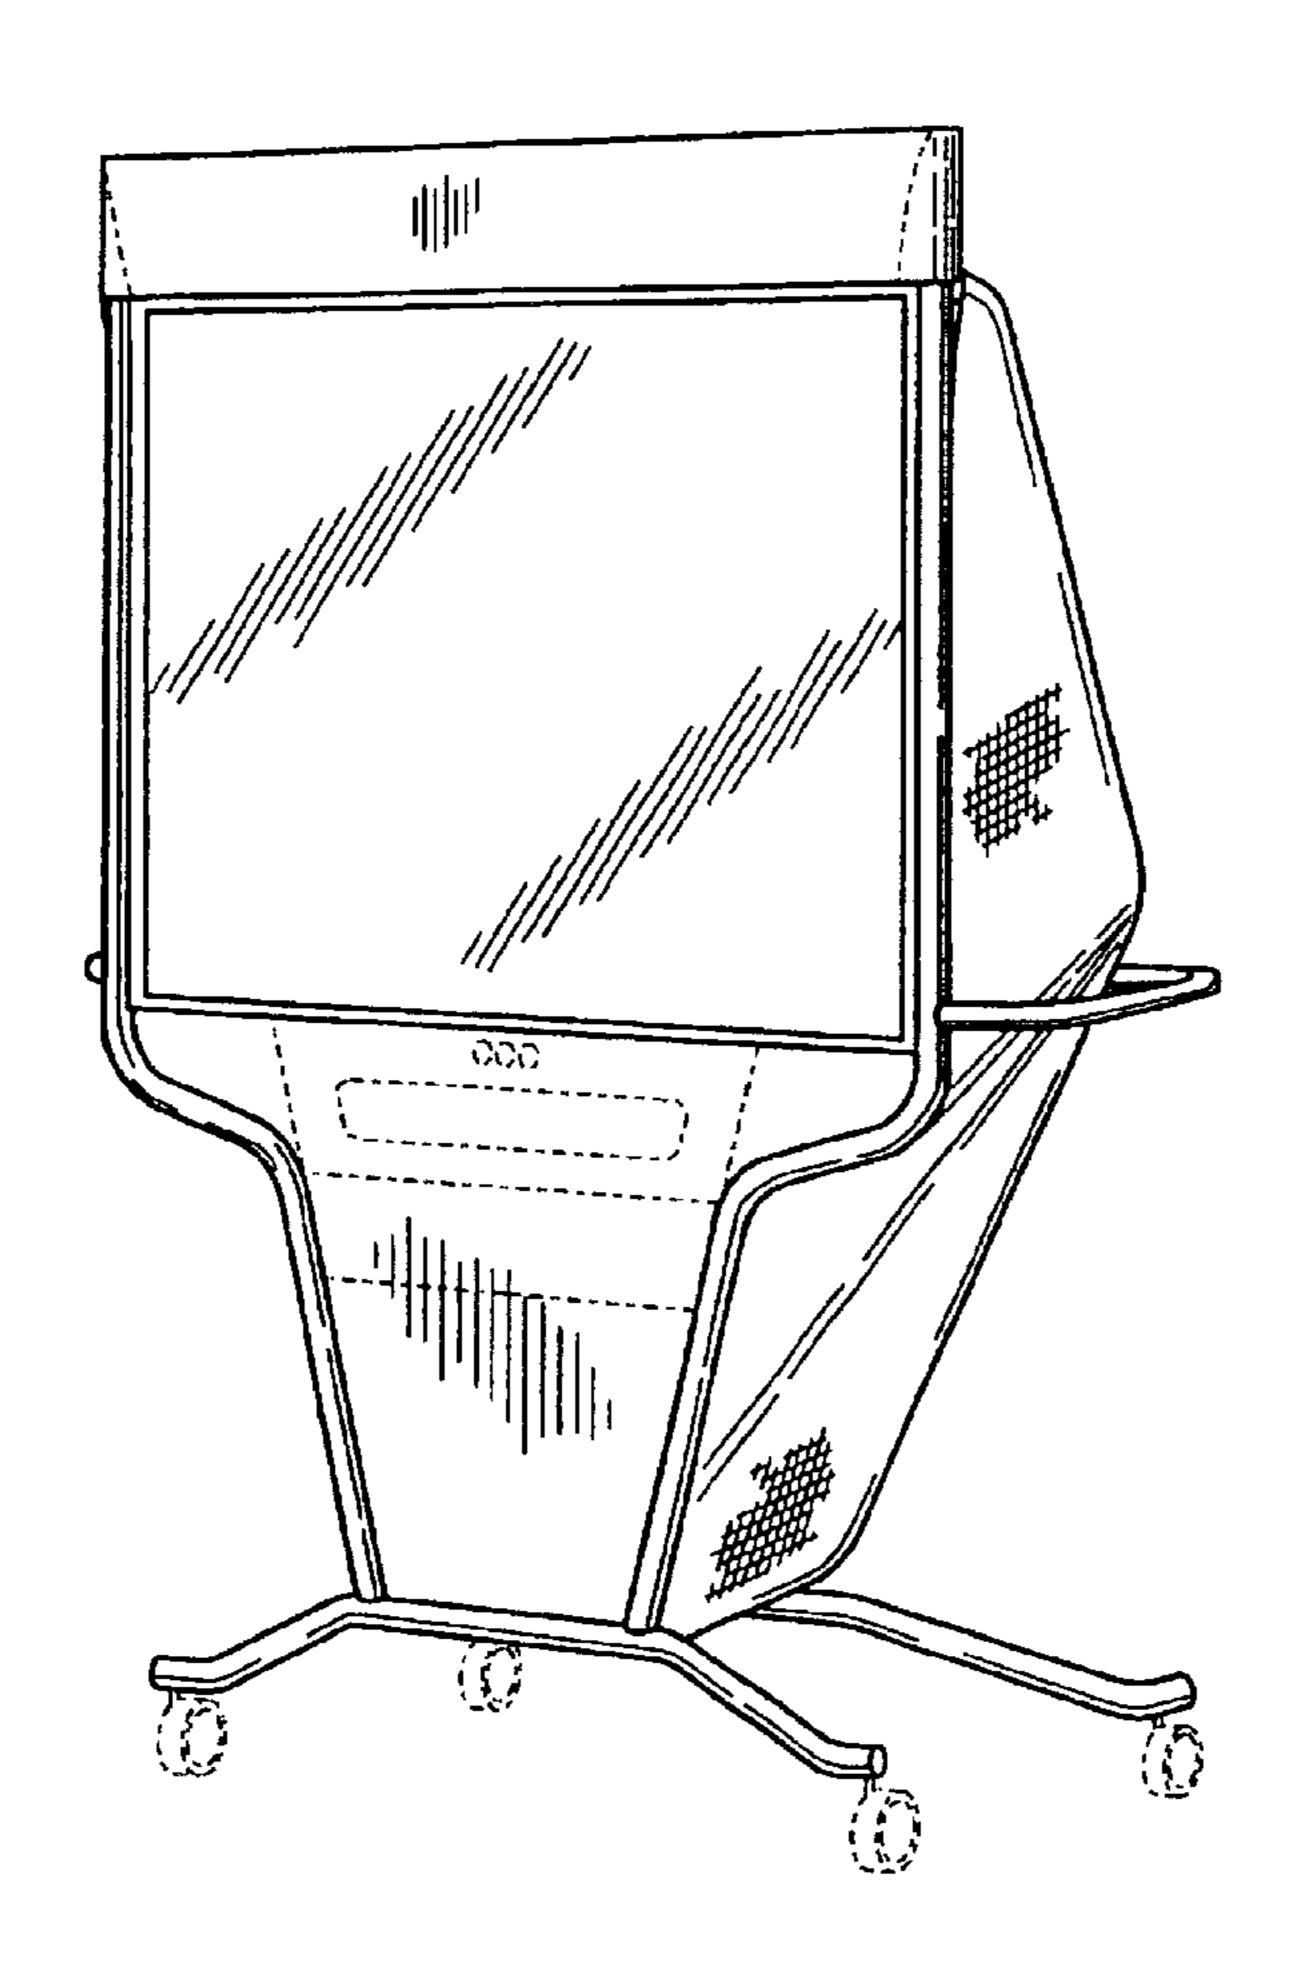

FIG. 4 is a left side elevation thereof. (only one side is illustrated inasmuch as the opposite side presents a mirrorimage view)

FIG. 5 is a front elevation thereof; and,

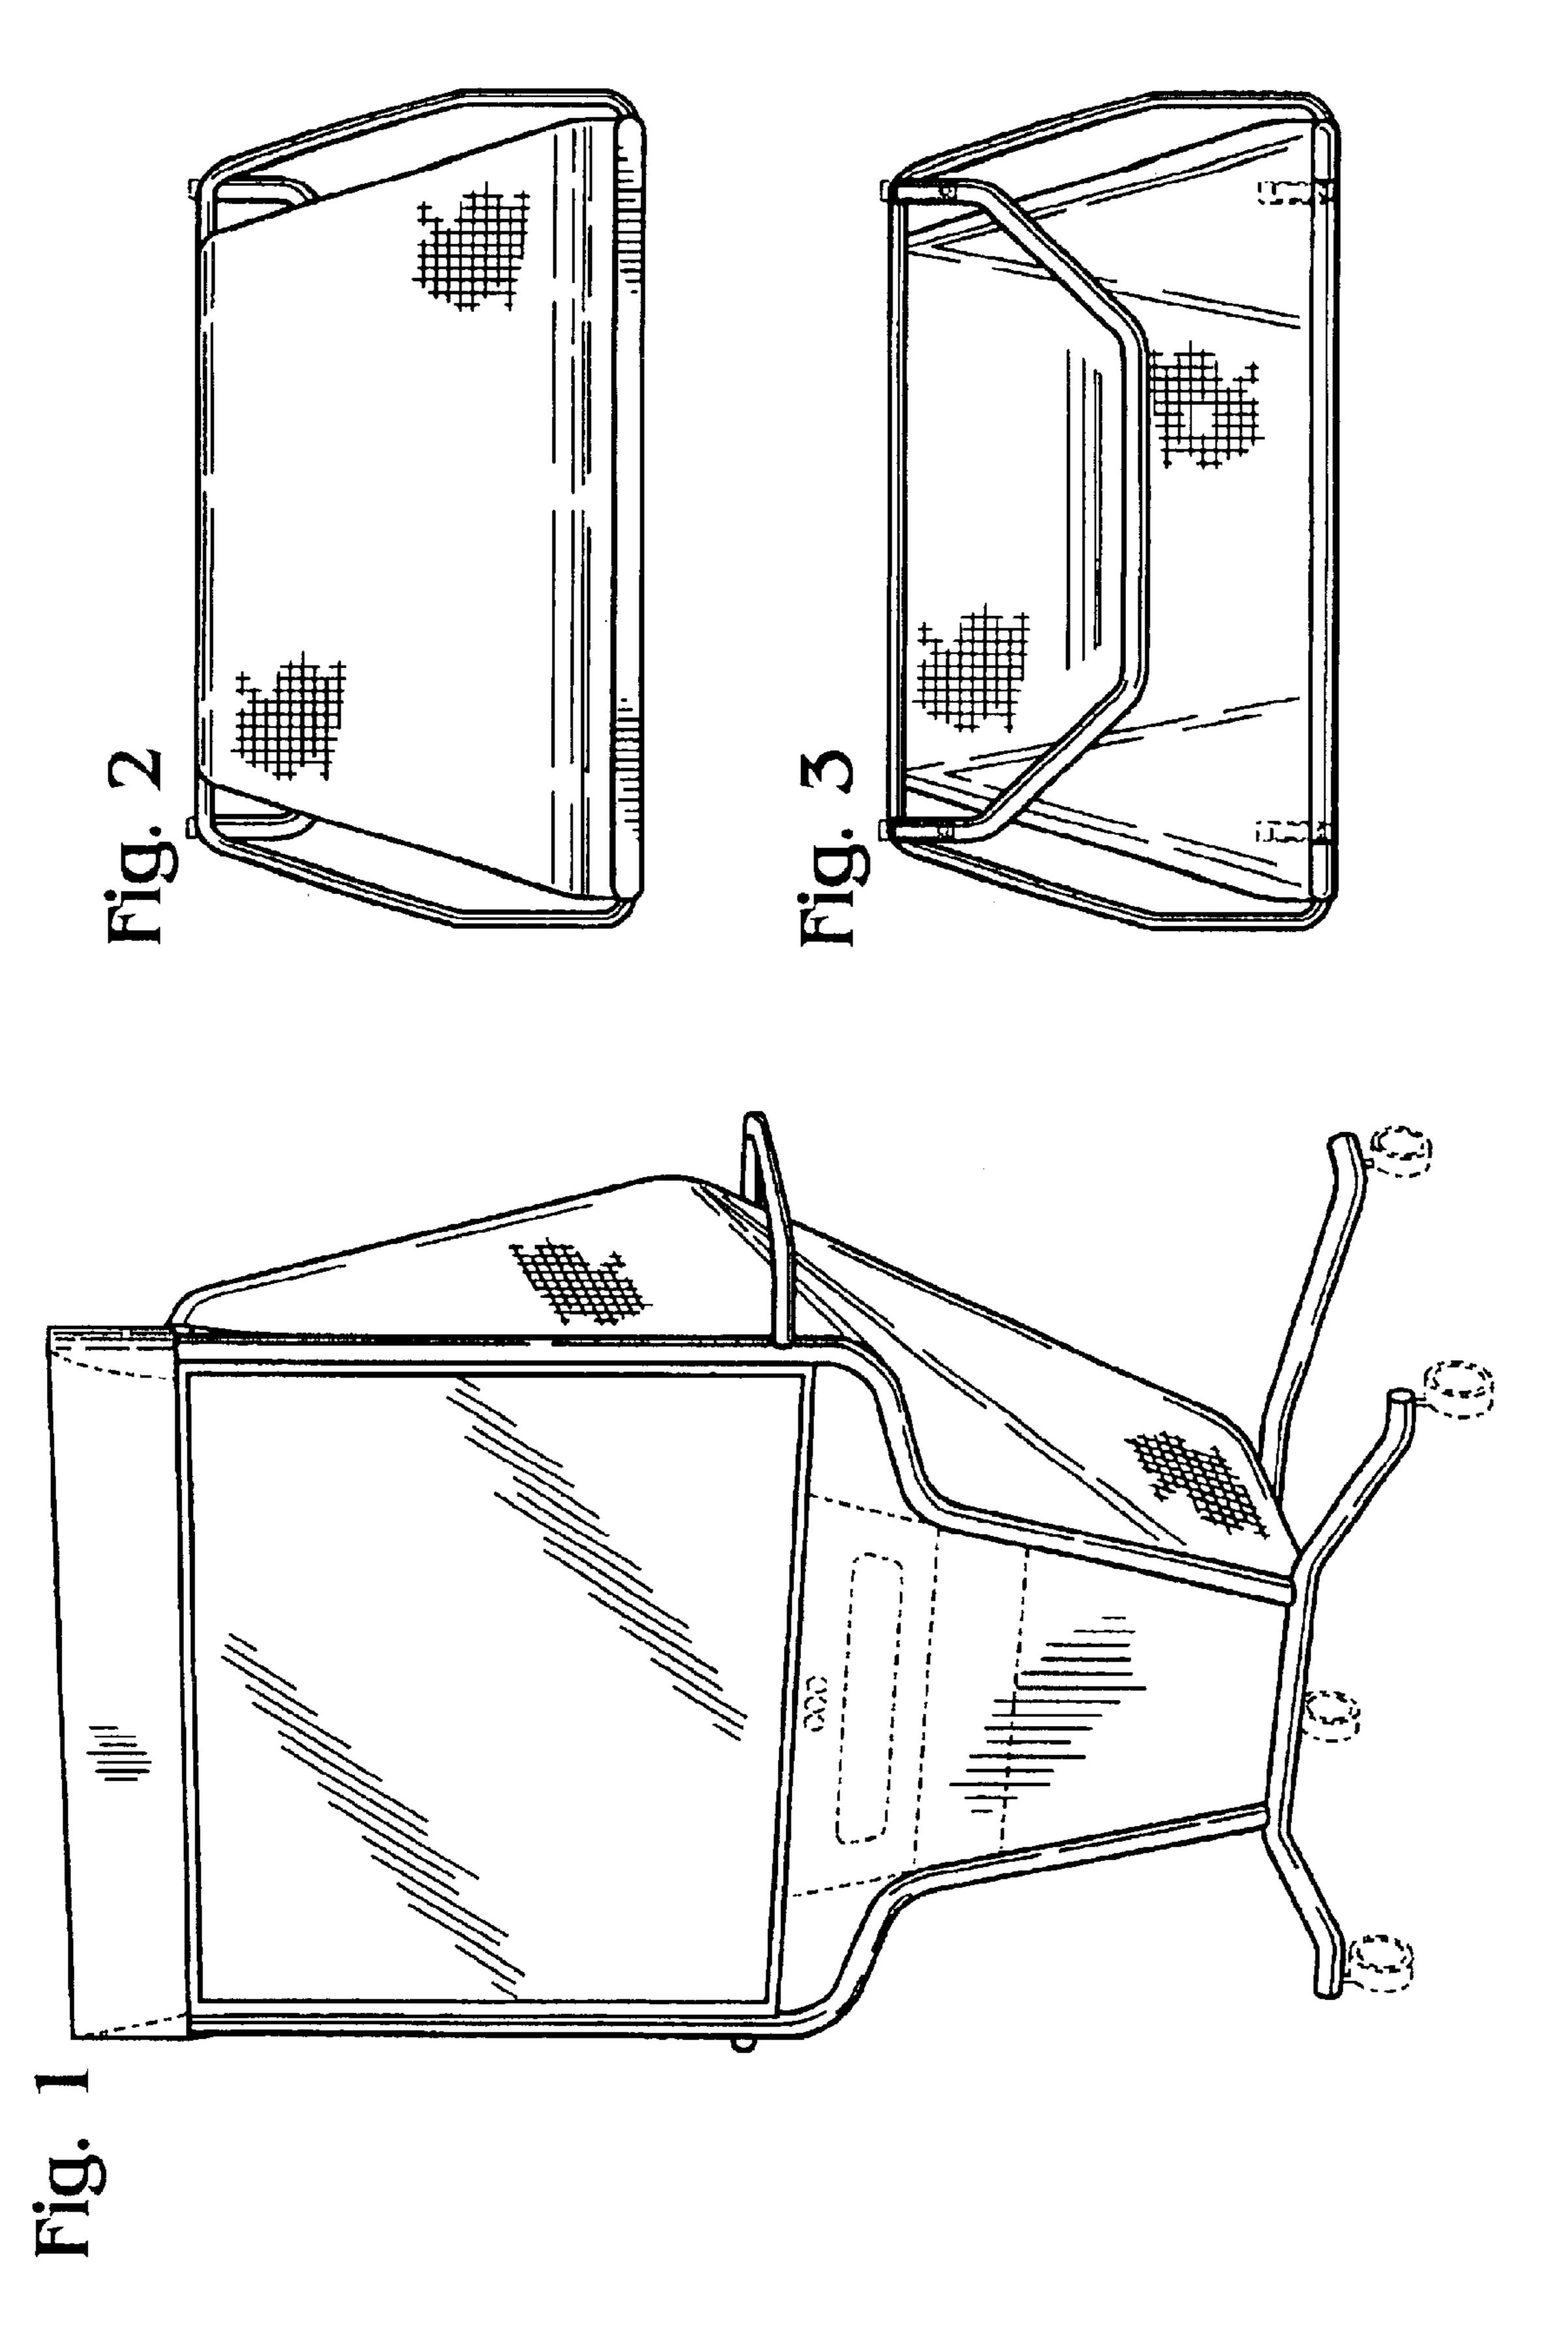

FIG. 6 is a rear elevation thereof.

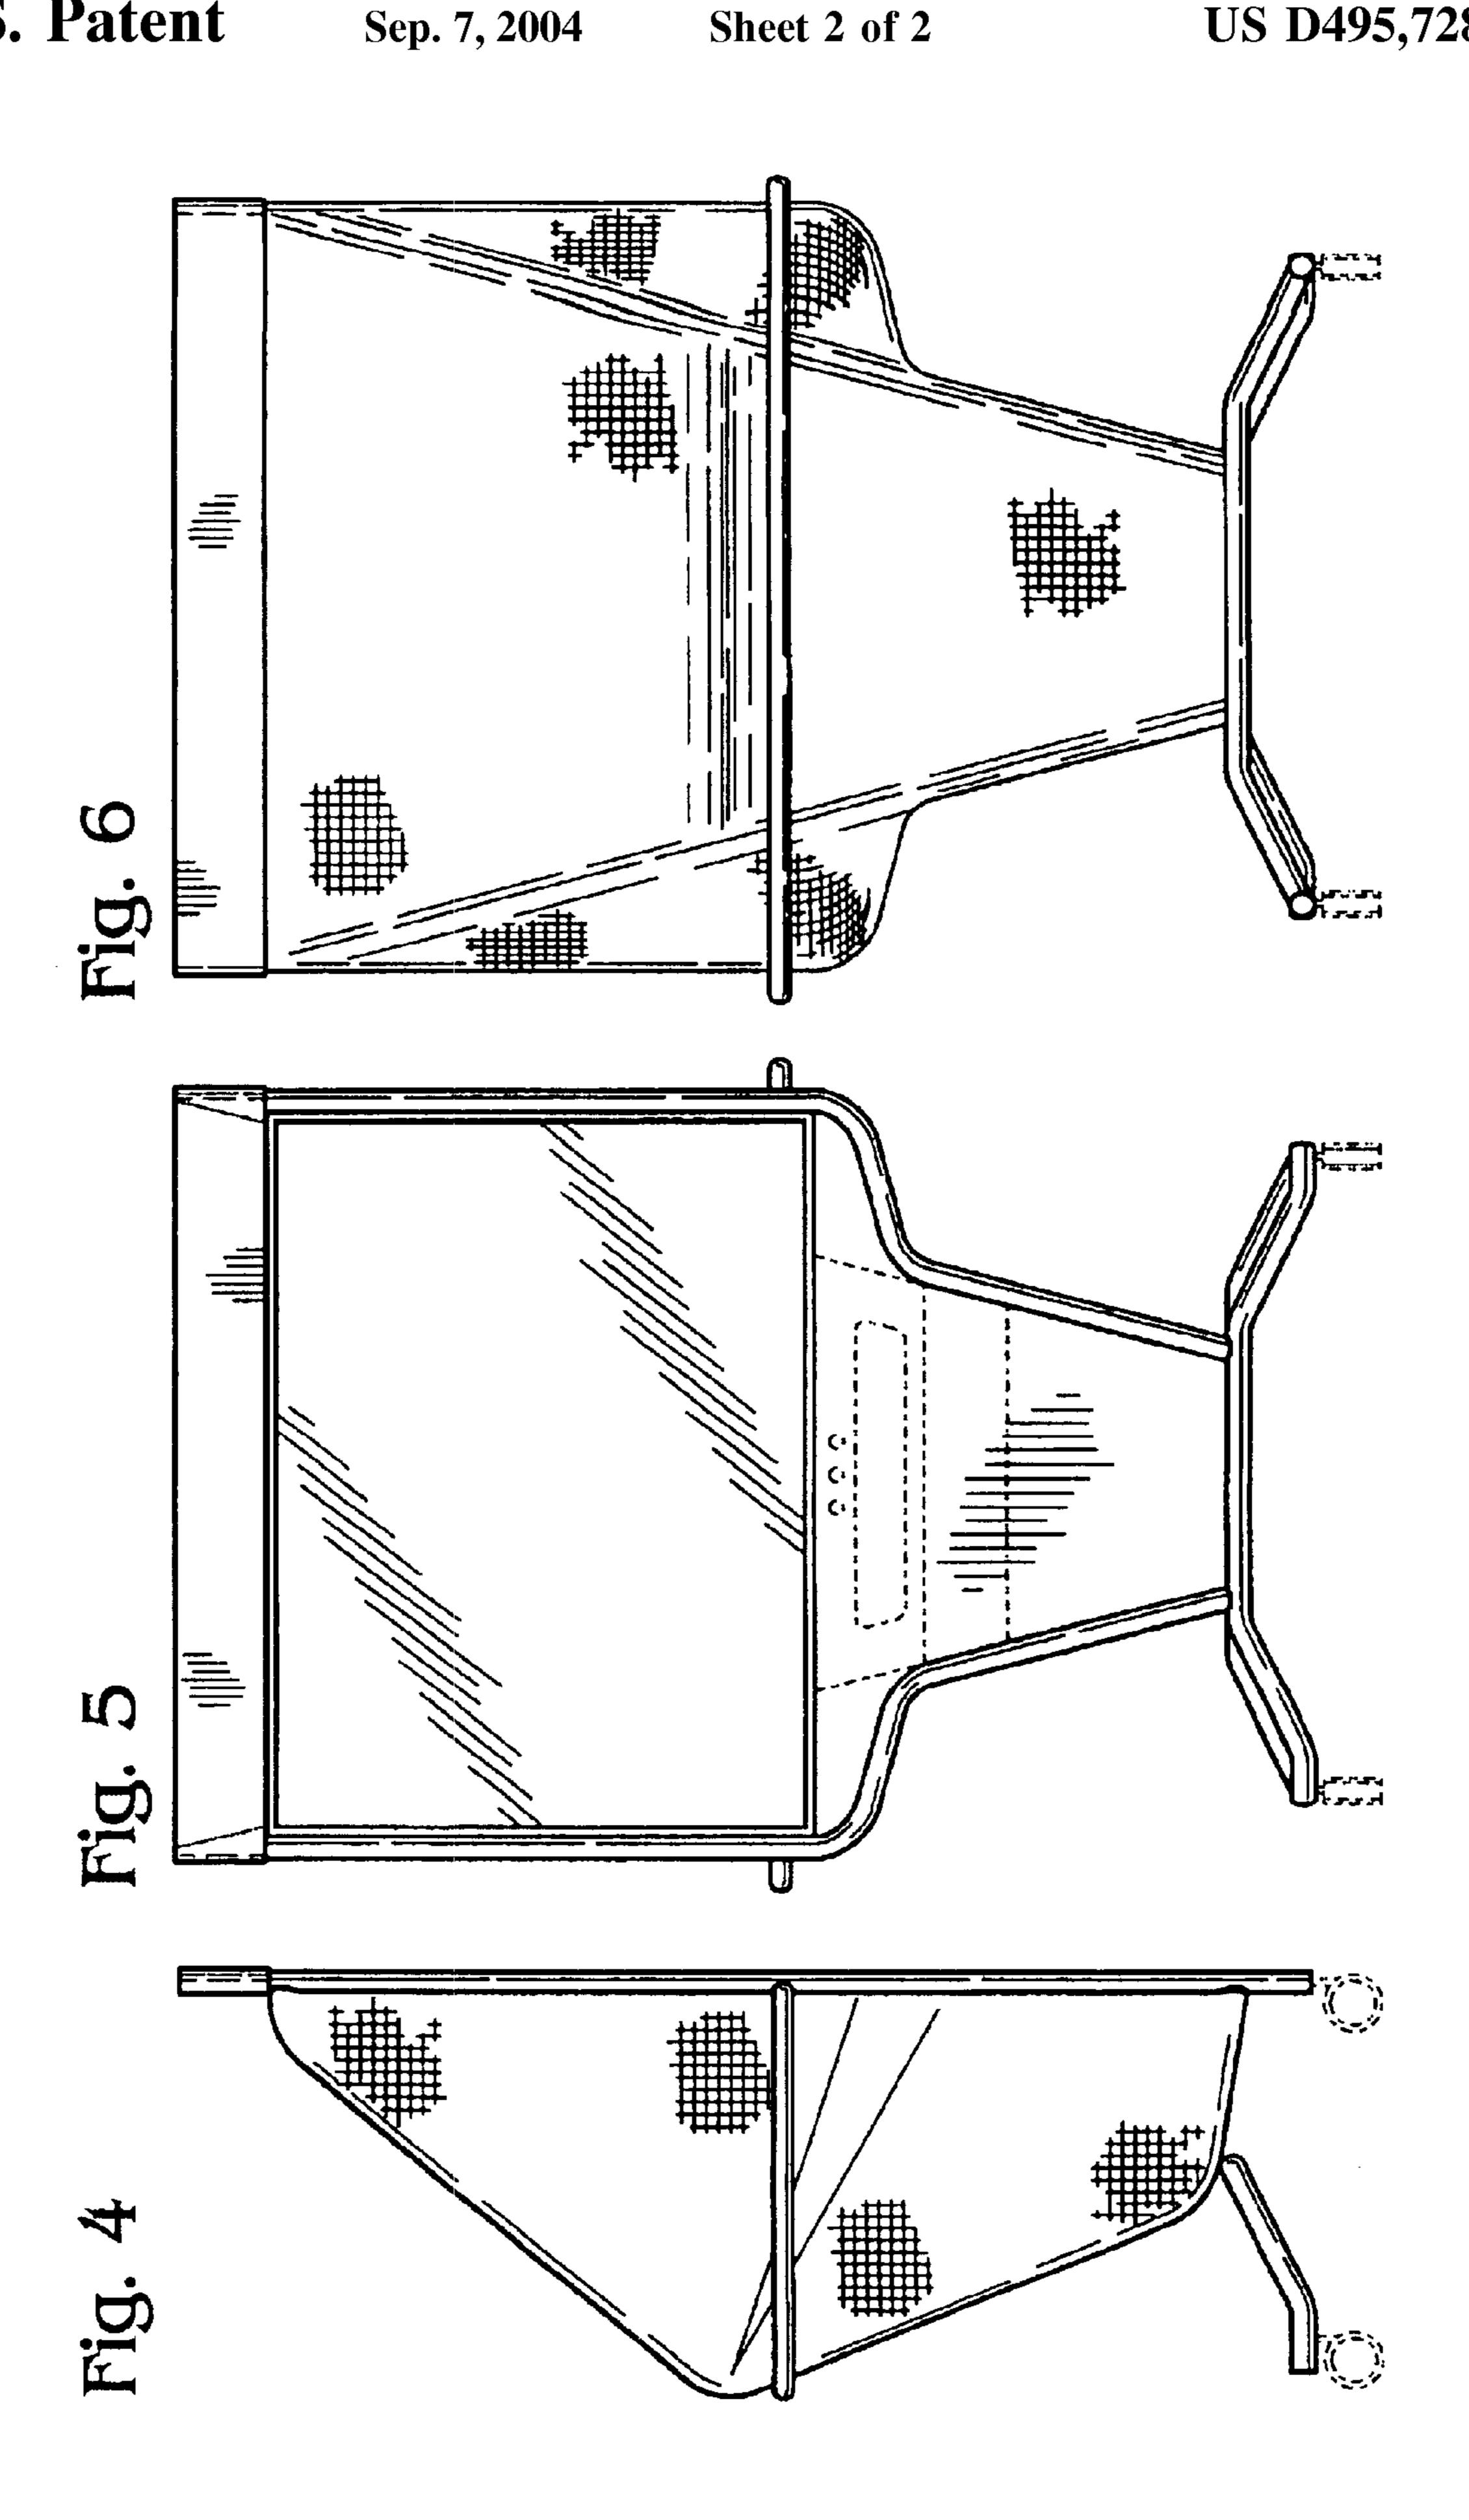

The portions of the article in broken lines are shown to illustrate environment only and form no part of the claimed design.
