(57) **CLAIM**

The ornamental design for a slide for use in chemical or biochemical procedures, as shown and described.

**DESCRIPTION**

FIG. 1 is an end view of a slide for use in chemical or biochemical procedures, showing my new design; FIG. 2 is a top plan view thereof; FIG. 3 is a bottom plan view thereof; FIG. 4 is a side elevational view thereof; and, FIG. 5 is a perspective view thereof.

A characteristic feature of the slide resides in about a 100° inward angle between the top first inner rectangular part and the edges of the outer rectangular part.
