(57) **CLAIM**

The ornamental design for an amniotic membrane perforator, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the perforator of our new design;
 FIG. 2 is a top plan view of the perforator of our new design;
 FIG. 3 is a bottom plan view of the perforator of our new design;
 FIG. 4 is a right side view of the perforator of our new design, the left side view being identical thereto; and,
 FIG. 5 is a rear end view of the perforator of our new design.
 The broken line showing is for illustrative purposes only and forms no part of the claimed design.
