(57) **CLAIM**

We claim the ornamental design for a picket for plastic fence, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a picket for plastic fence according to the present invention;

FIG. 2 is a front elevational view of an enlarged picket for plastic fence according to the present invention, the rear view being identical thereto;

FIG. 3 is a side elevational view of an enlarged picket for plastic fence according to the present invention, the other side view being identical thereto; and,

FIG. 4 is a bottom view of an enlarged picket for plastic fence according to the present invention, the view also representing a top view.

The broken lines shown in FIGS. 1–4 are for environmental purposes only and form no part of the claimed design.
