(57) **CLAIM**

I claim the ornamental design for a pillow with two chambers filled with materials having different degrees of firmness to provide differential support for various limb and body contours, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a pillow with two chambers filled with materials having different degrees of firmness to provide differential support for various limb and body contours showing my new design;

FIG. 2 is a side elevational view thereof, the elevational view of the opposing side being identical thereto;

FIG. 3 is an end elevational view thereof, the elevational view of the opposing end being identical thereto;

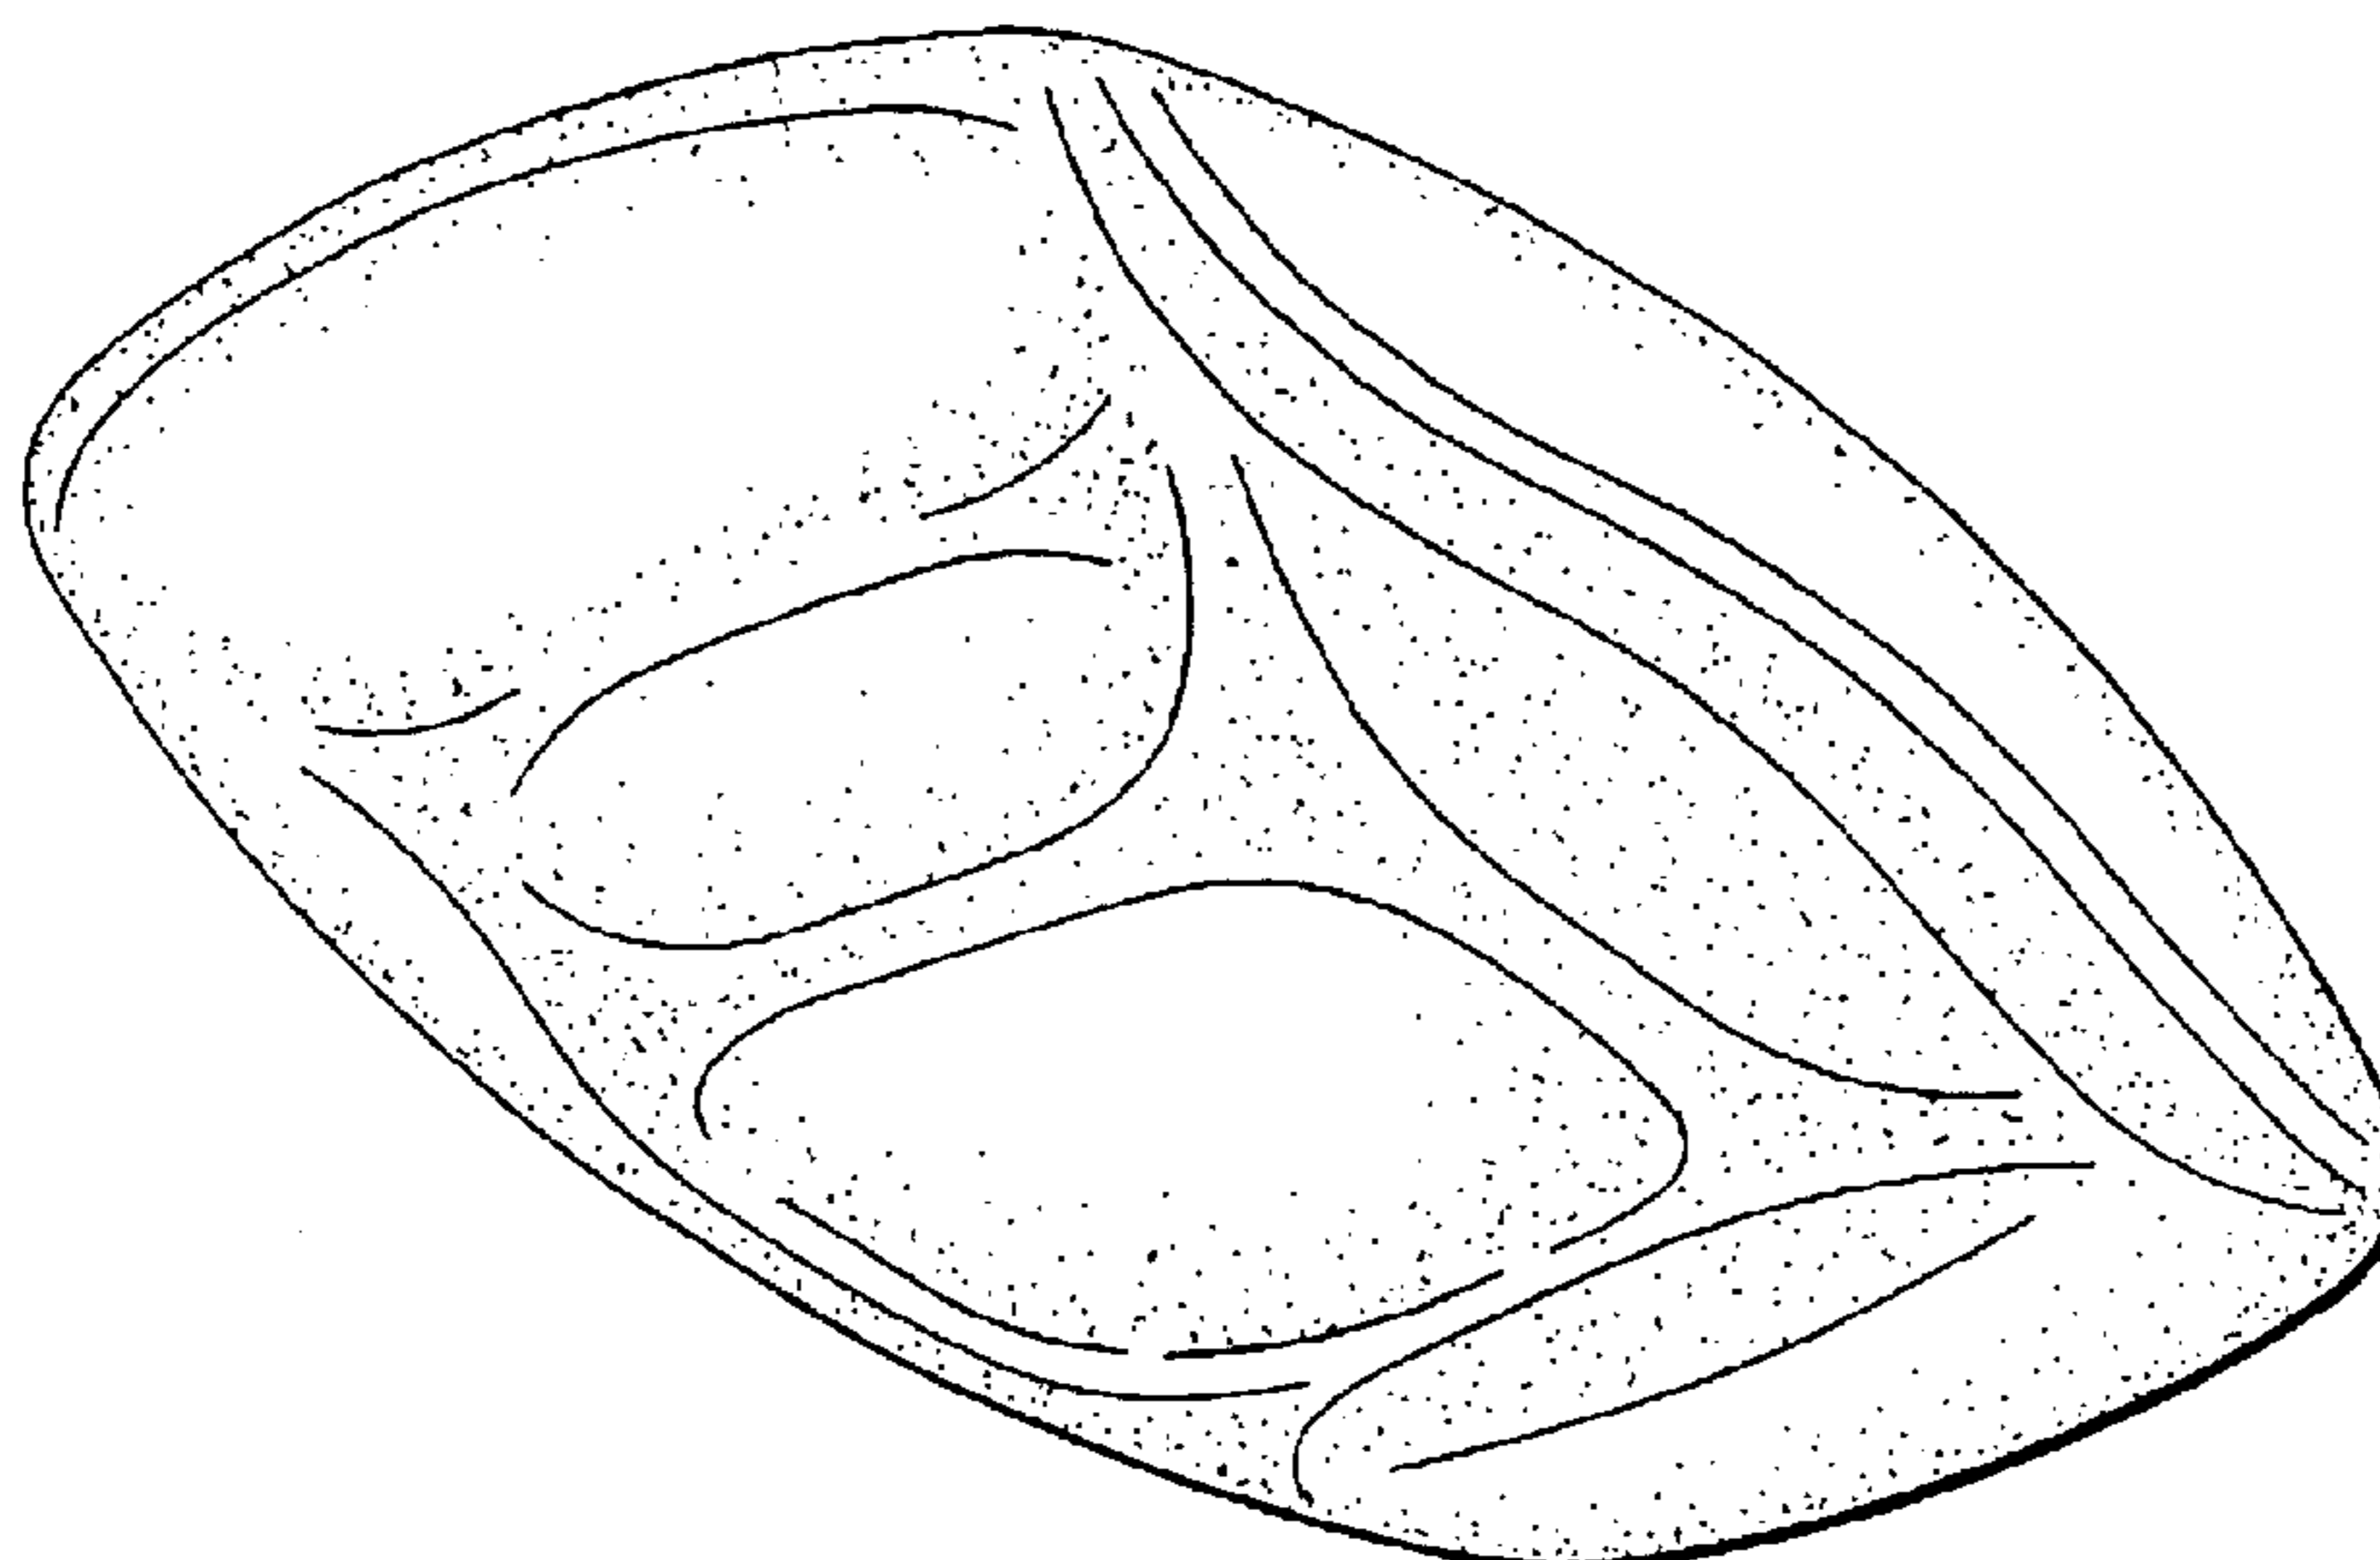

FIG. 4 is a bottom plan view;

FIG. 5 is a top plan view thereof;

FIG. 6 is a cross-sectional view taken along line 6—6 of FIG. 5; and,

FIG. 7 is a perspective view showing the pillow with two chambers filled with materials having different degrees of firmness to provide differential support for various limb and body contours in use; the broken lines depict environmental structure for illustrative purposes only and form no part of the claimed design.
