(57) **CLAIM**

The ornamental design for a face for a timepiece, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the timepiece face indicating a time, showing our new design; and, FIG. 2 is a front view of a timepiece face incorporated in a wrist watch case, showing the environment in which the design is used, and showing a time. The design comprises a pattern of illuminating elements on a timepiece dial which can light up in different time/day/date/alarm combinations.

The broken line showing of a watch is for illustrative purposes only and forms no part of the claimed design.

The face for a timepiece is flat with rear edges being plain and unornamented.
