(57) **CLAIM**

We claim the ornamental design for an enclosed infant transport system to facilitate transport from one location to another, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of enclosed infant transport system to facilitate transport from one location to another embodying our new design;

FIG. 2 is a front right side view thereof;

FIG. 3 is a side view thereof; and,

FIG. 4 is a top view thereof.
