(57) **CLAIM**

The ornamental design for a surface configuration of an air vent for a vehicle, as shown and described.

DESCRIPTION

This application is related to co-pending Application Ser. No. 29/189,489, of the inventors, filed on even date herewith and entitled surface configuration of a vehicle, toy and/or other replicas.

Enclosed is a photograph of an embodiment of the invention. FIG. 1 is a front view of a first embodiment of a surface configuration of an air vent for a vehicle according to our novel design;

FIG. 2 is a rear perspective view of the first embodiment of the surface configuration of an air vent for a vehicle according to our novel design;

FIG. 3 is a front perspective view of the surface configuration of an air vent for a vehicle according to our novel design;

FIG. 4 is a front view of a second embodiment of the surface configuration of an air vent for a vehicle according to our novel design;

FIG. 5 is a rear perspective view of the second embodiment of the surface configuration of an air vent for a vehicle according to our novel design; and,

FIG. 6 is a front perspective view of the second embodiment of the surface configuration of an air vent for a vehicle according to our novel design.

The broken lines are for illustrative purposes only and form no part of the claimed design.
