(57) **CLAIM**

The ornamental design for a dual voice speaker, as shown and described.

**DESCRIPTION**

The single view shown is a front view of the dual voice speaker showing my new design. The side and rear portions of the dual voice speaker form no part of the claimed design. The broken line showing is for illustrative purposes only and forms no part of the claimed design.

The present invention is related to a concurrently-filed design application as identified by U.S. patent application Ser. No. 29/173,083 (ELAN.036DE), entitled "Two Way Speakers".
