(57) **CLAIM**

The ornamental design for the discharging member for lightning arrester, as shown.

DESCRIPTION

FIG. 1 is a perspective view of the discharging member according to the present invention;

FIG. 2 is a front elevational view of the discharging member according to the present invention;

FIG. 3 is a rear elevational view of the discharging member according to the present invention;

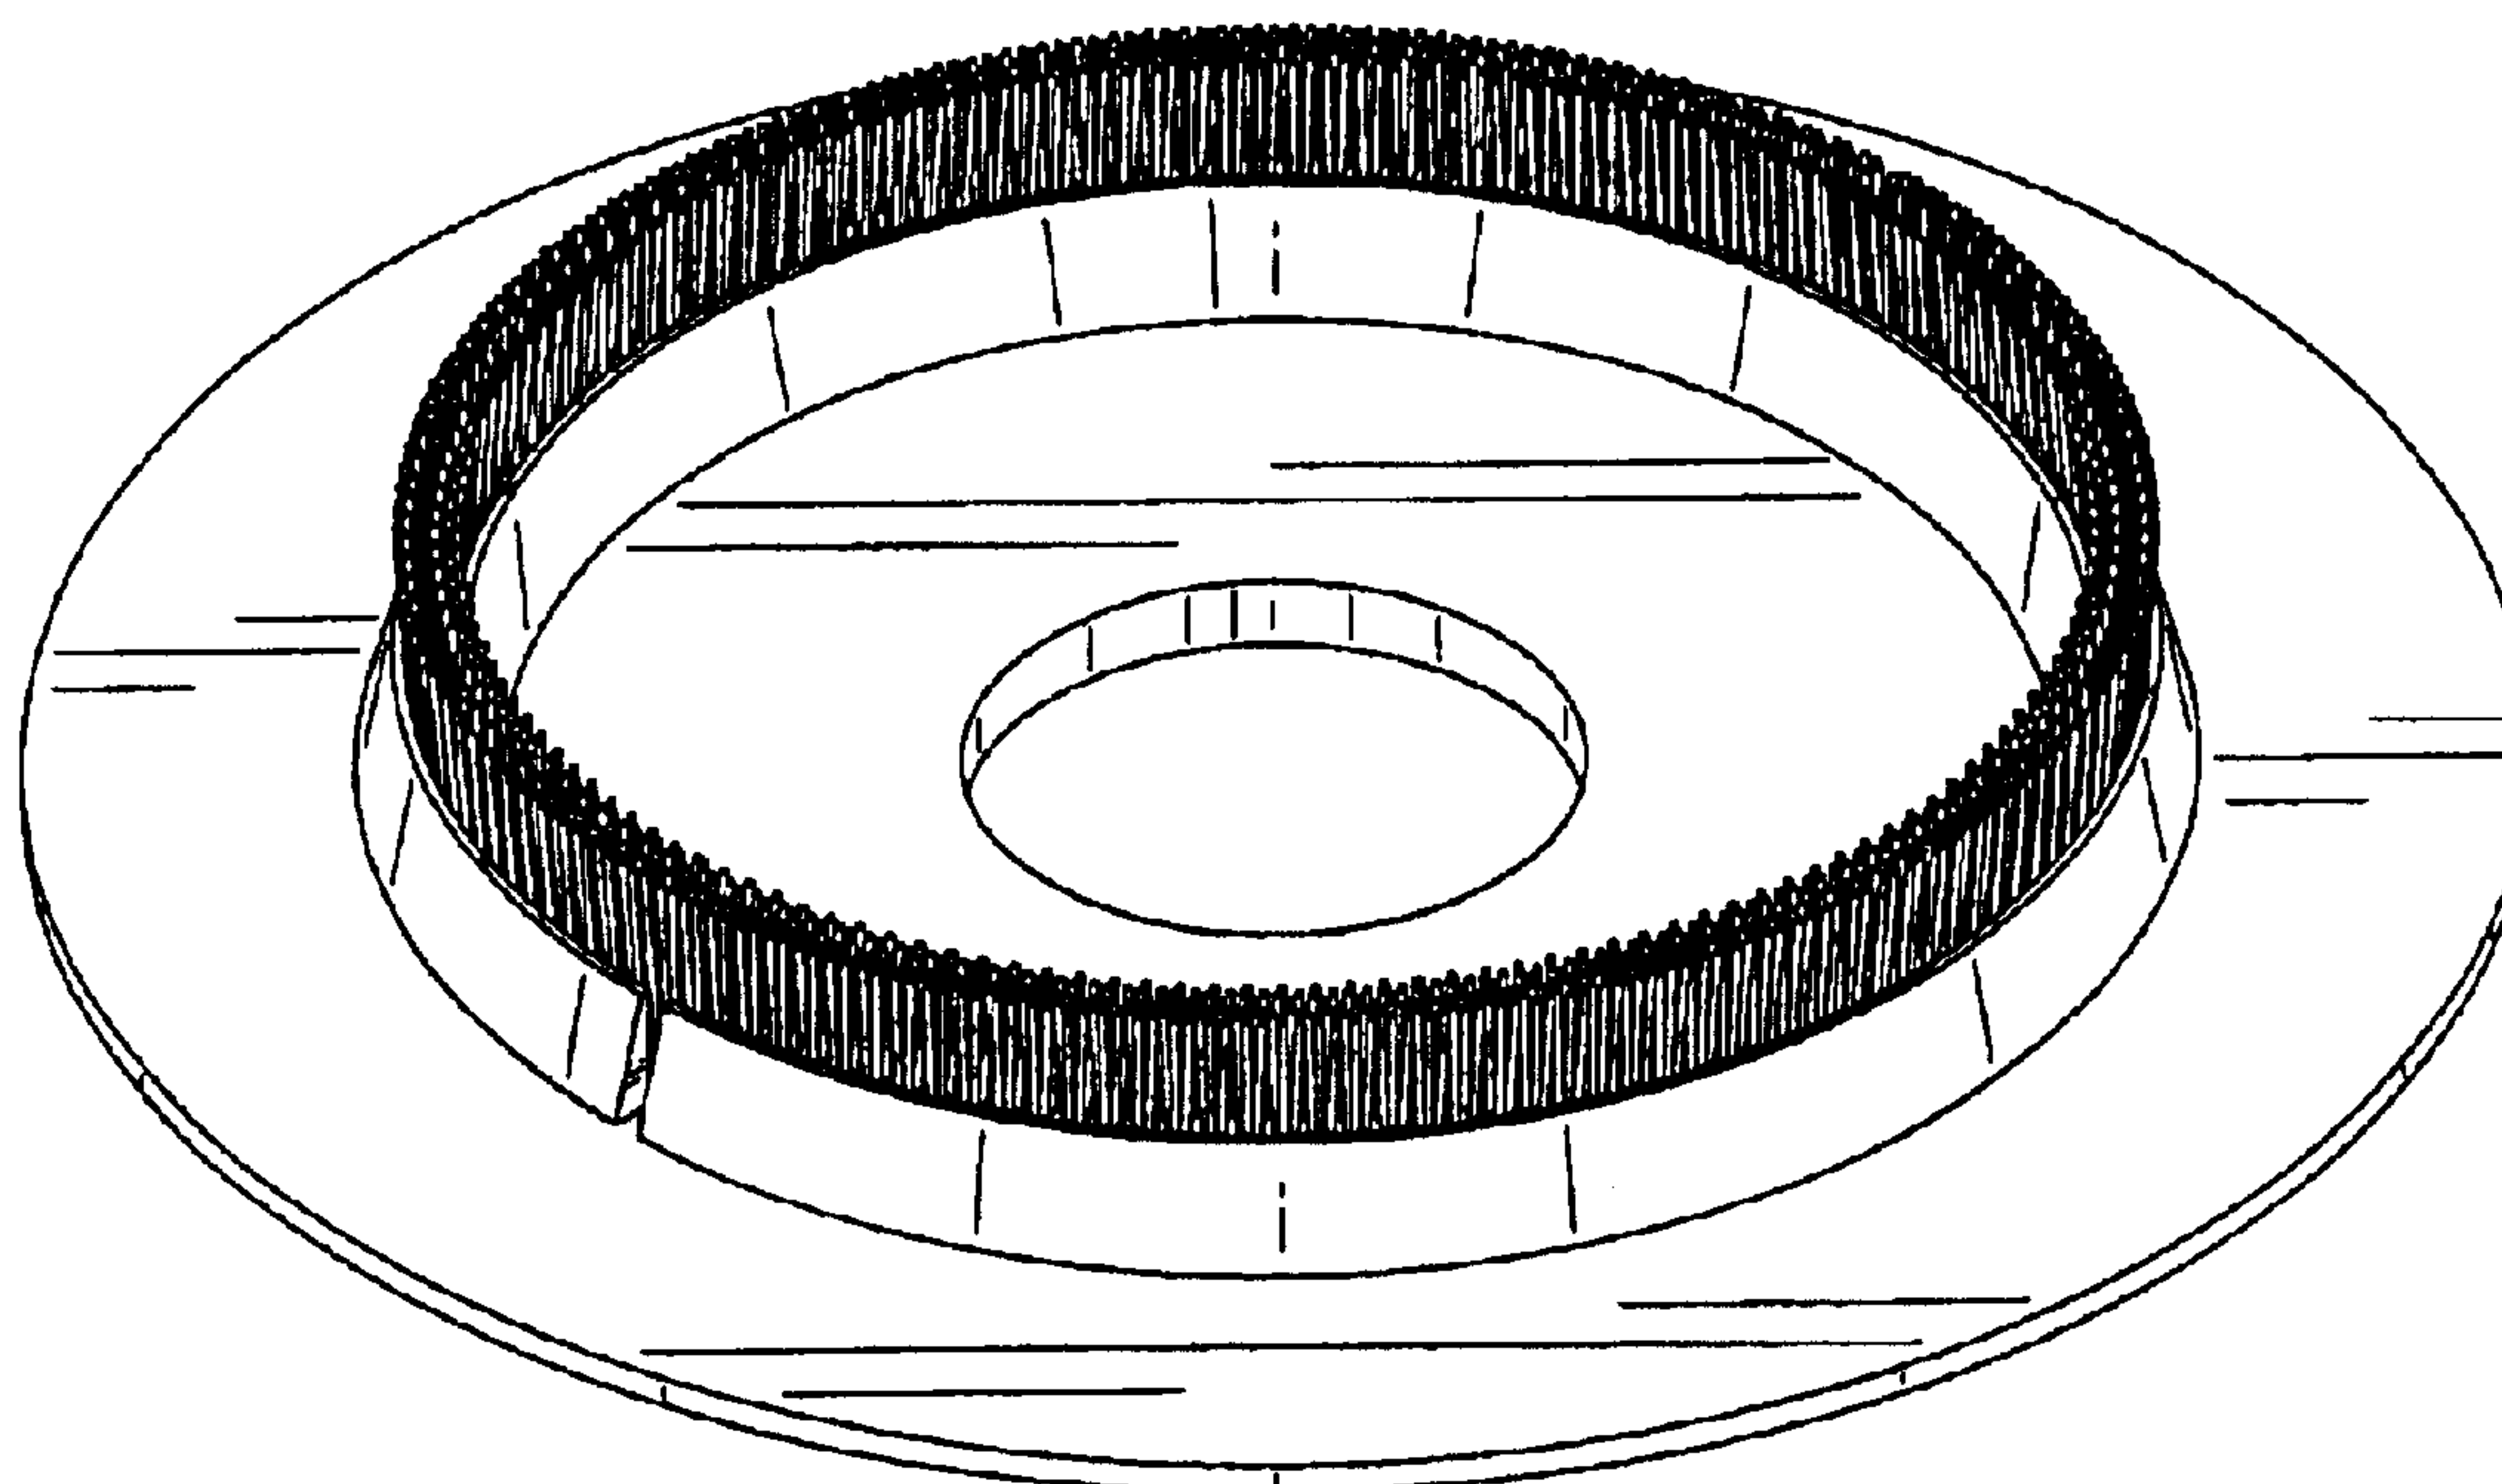

FIG. 4 is a left side elevational view of the discharging member according to the present invention;

FIG. 5 is a right side elevational view of the discharging member according to the present invention;

FIG. 6 is a top plan view of the discharging member according to the present invention; and,

FIG. 7 is an underside plan view of the discharging member according to the present invention.
