(57)**CLAIM**

The ornamental design for a surface configuration of an interior light assembly with a rear view mirror for a vehicle, as shown and described.

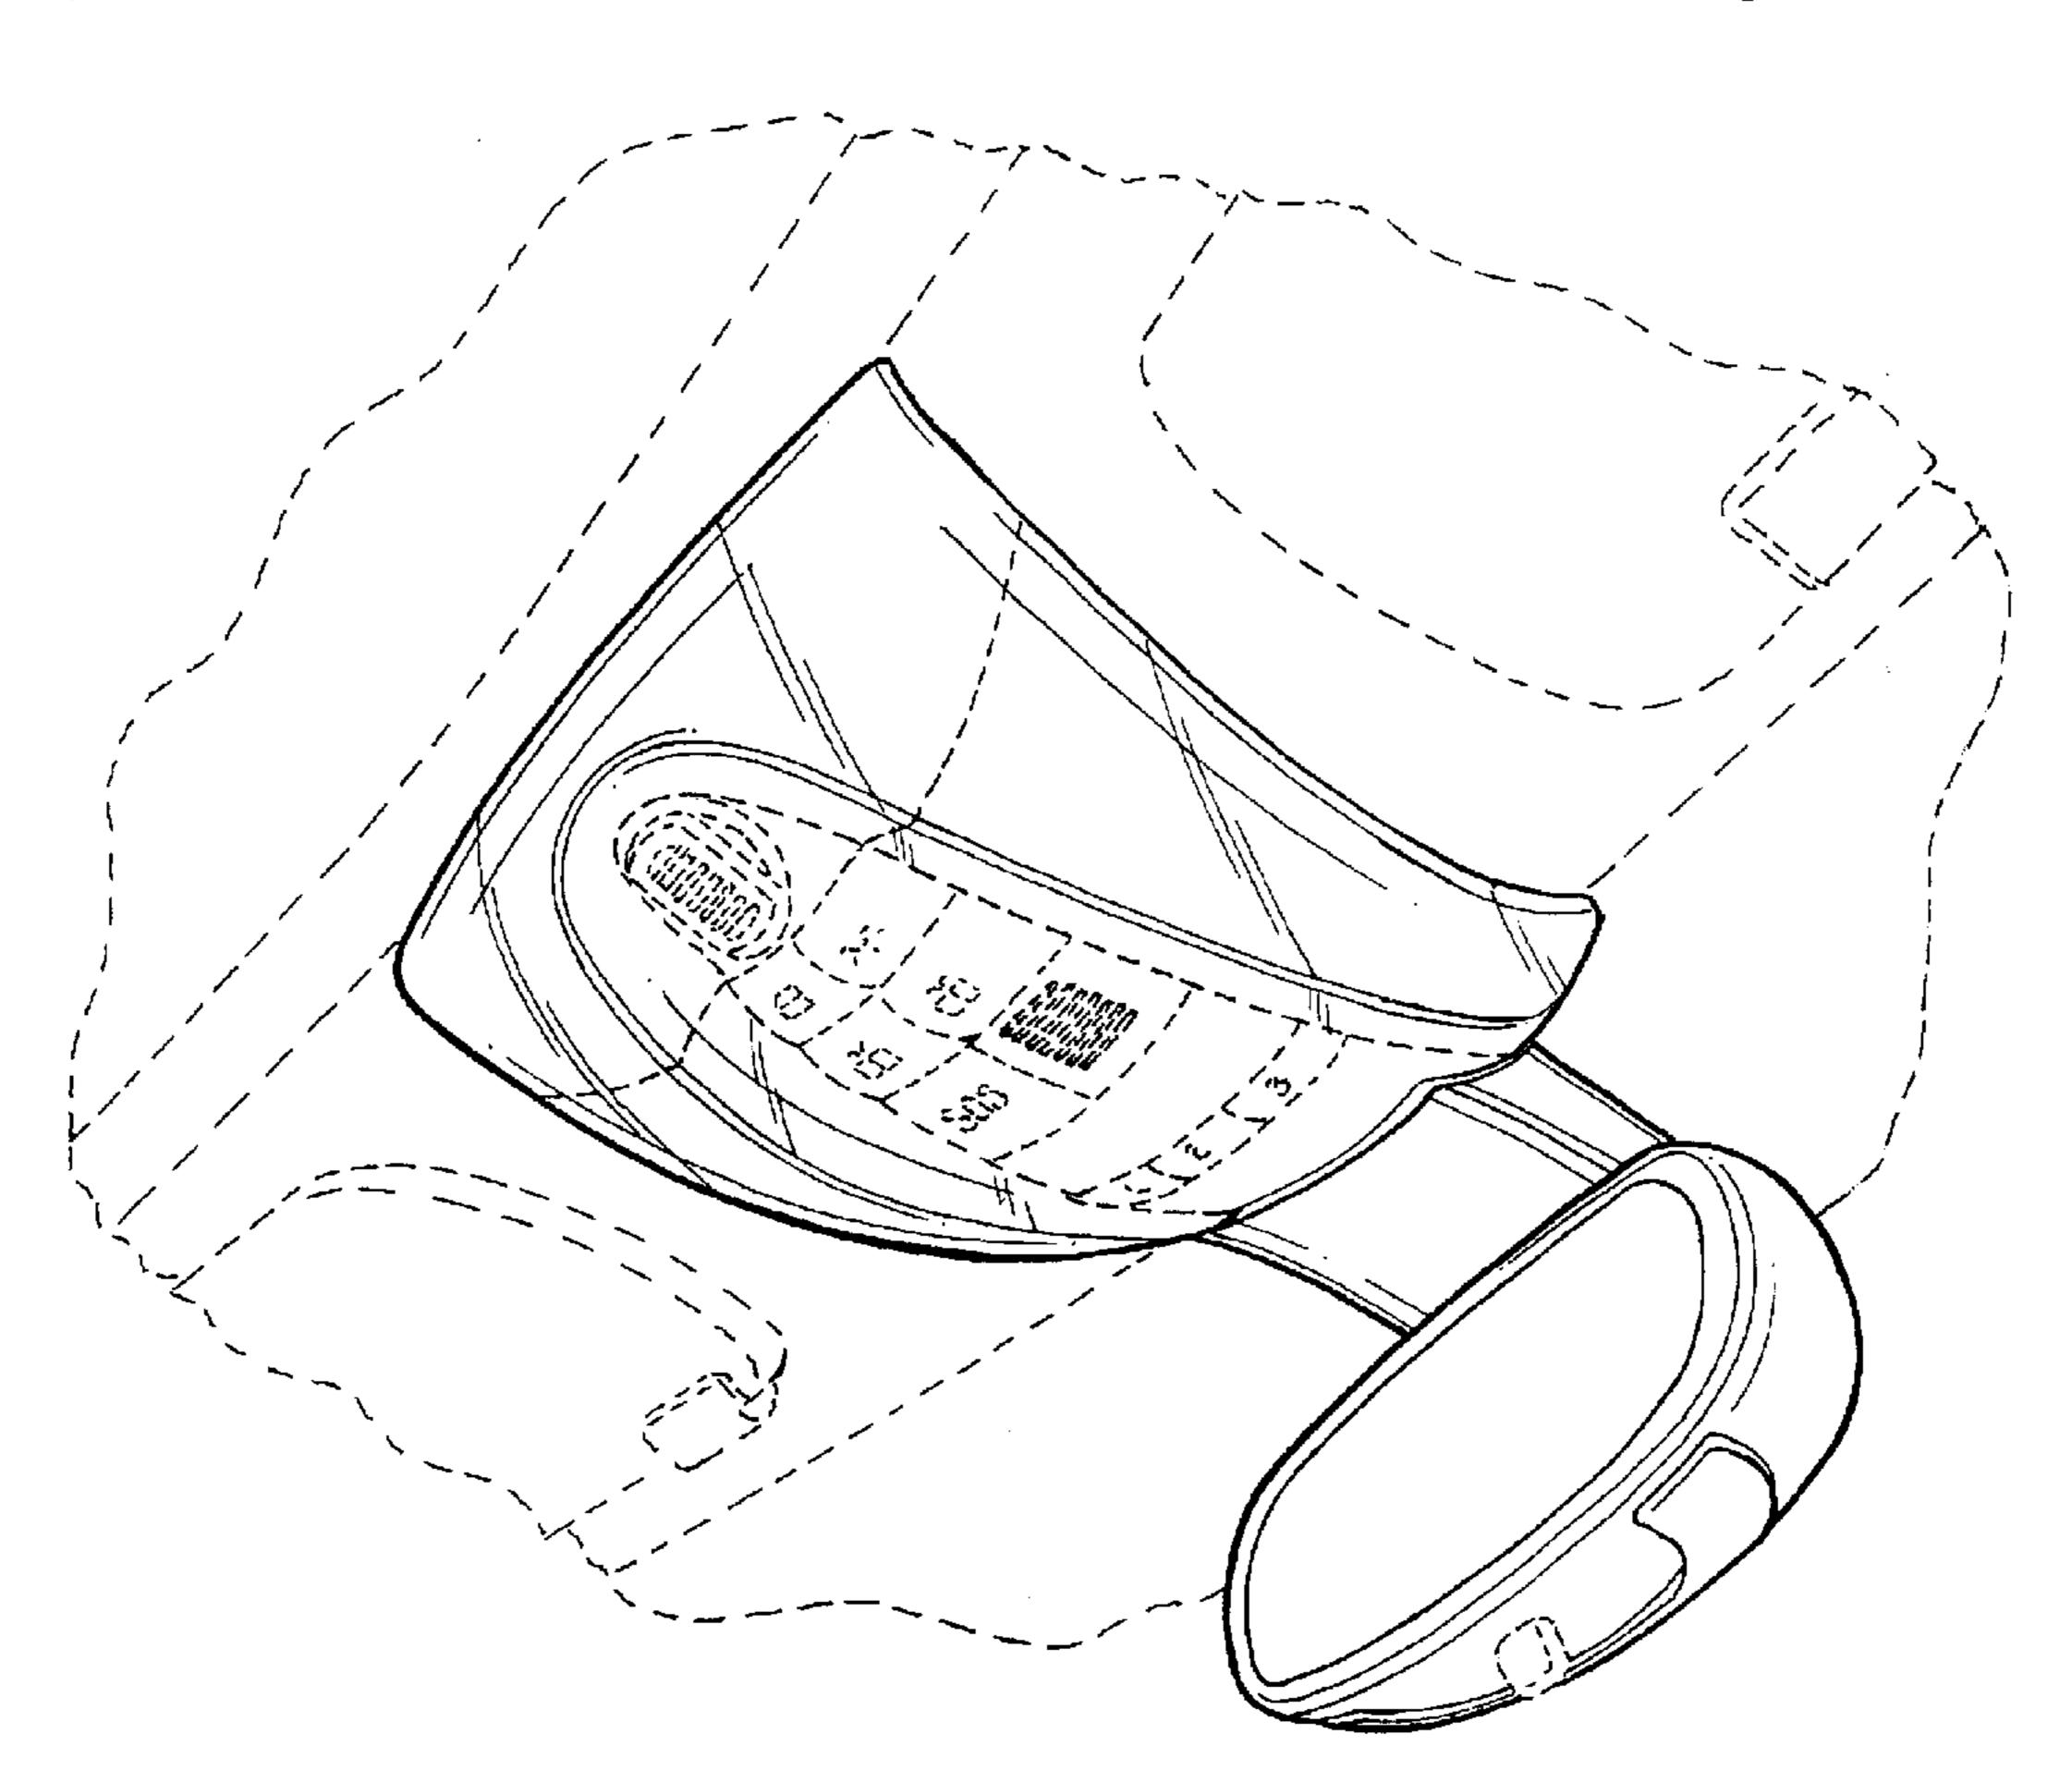

DESCRIPTION

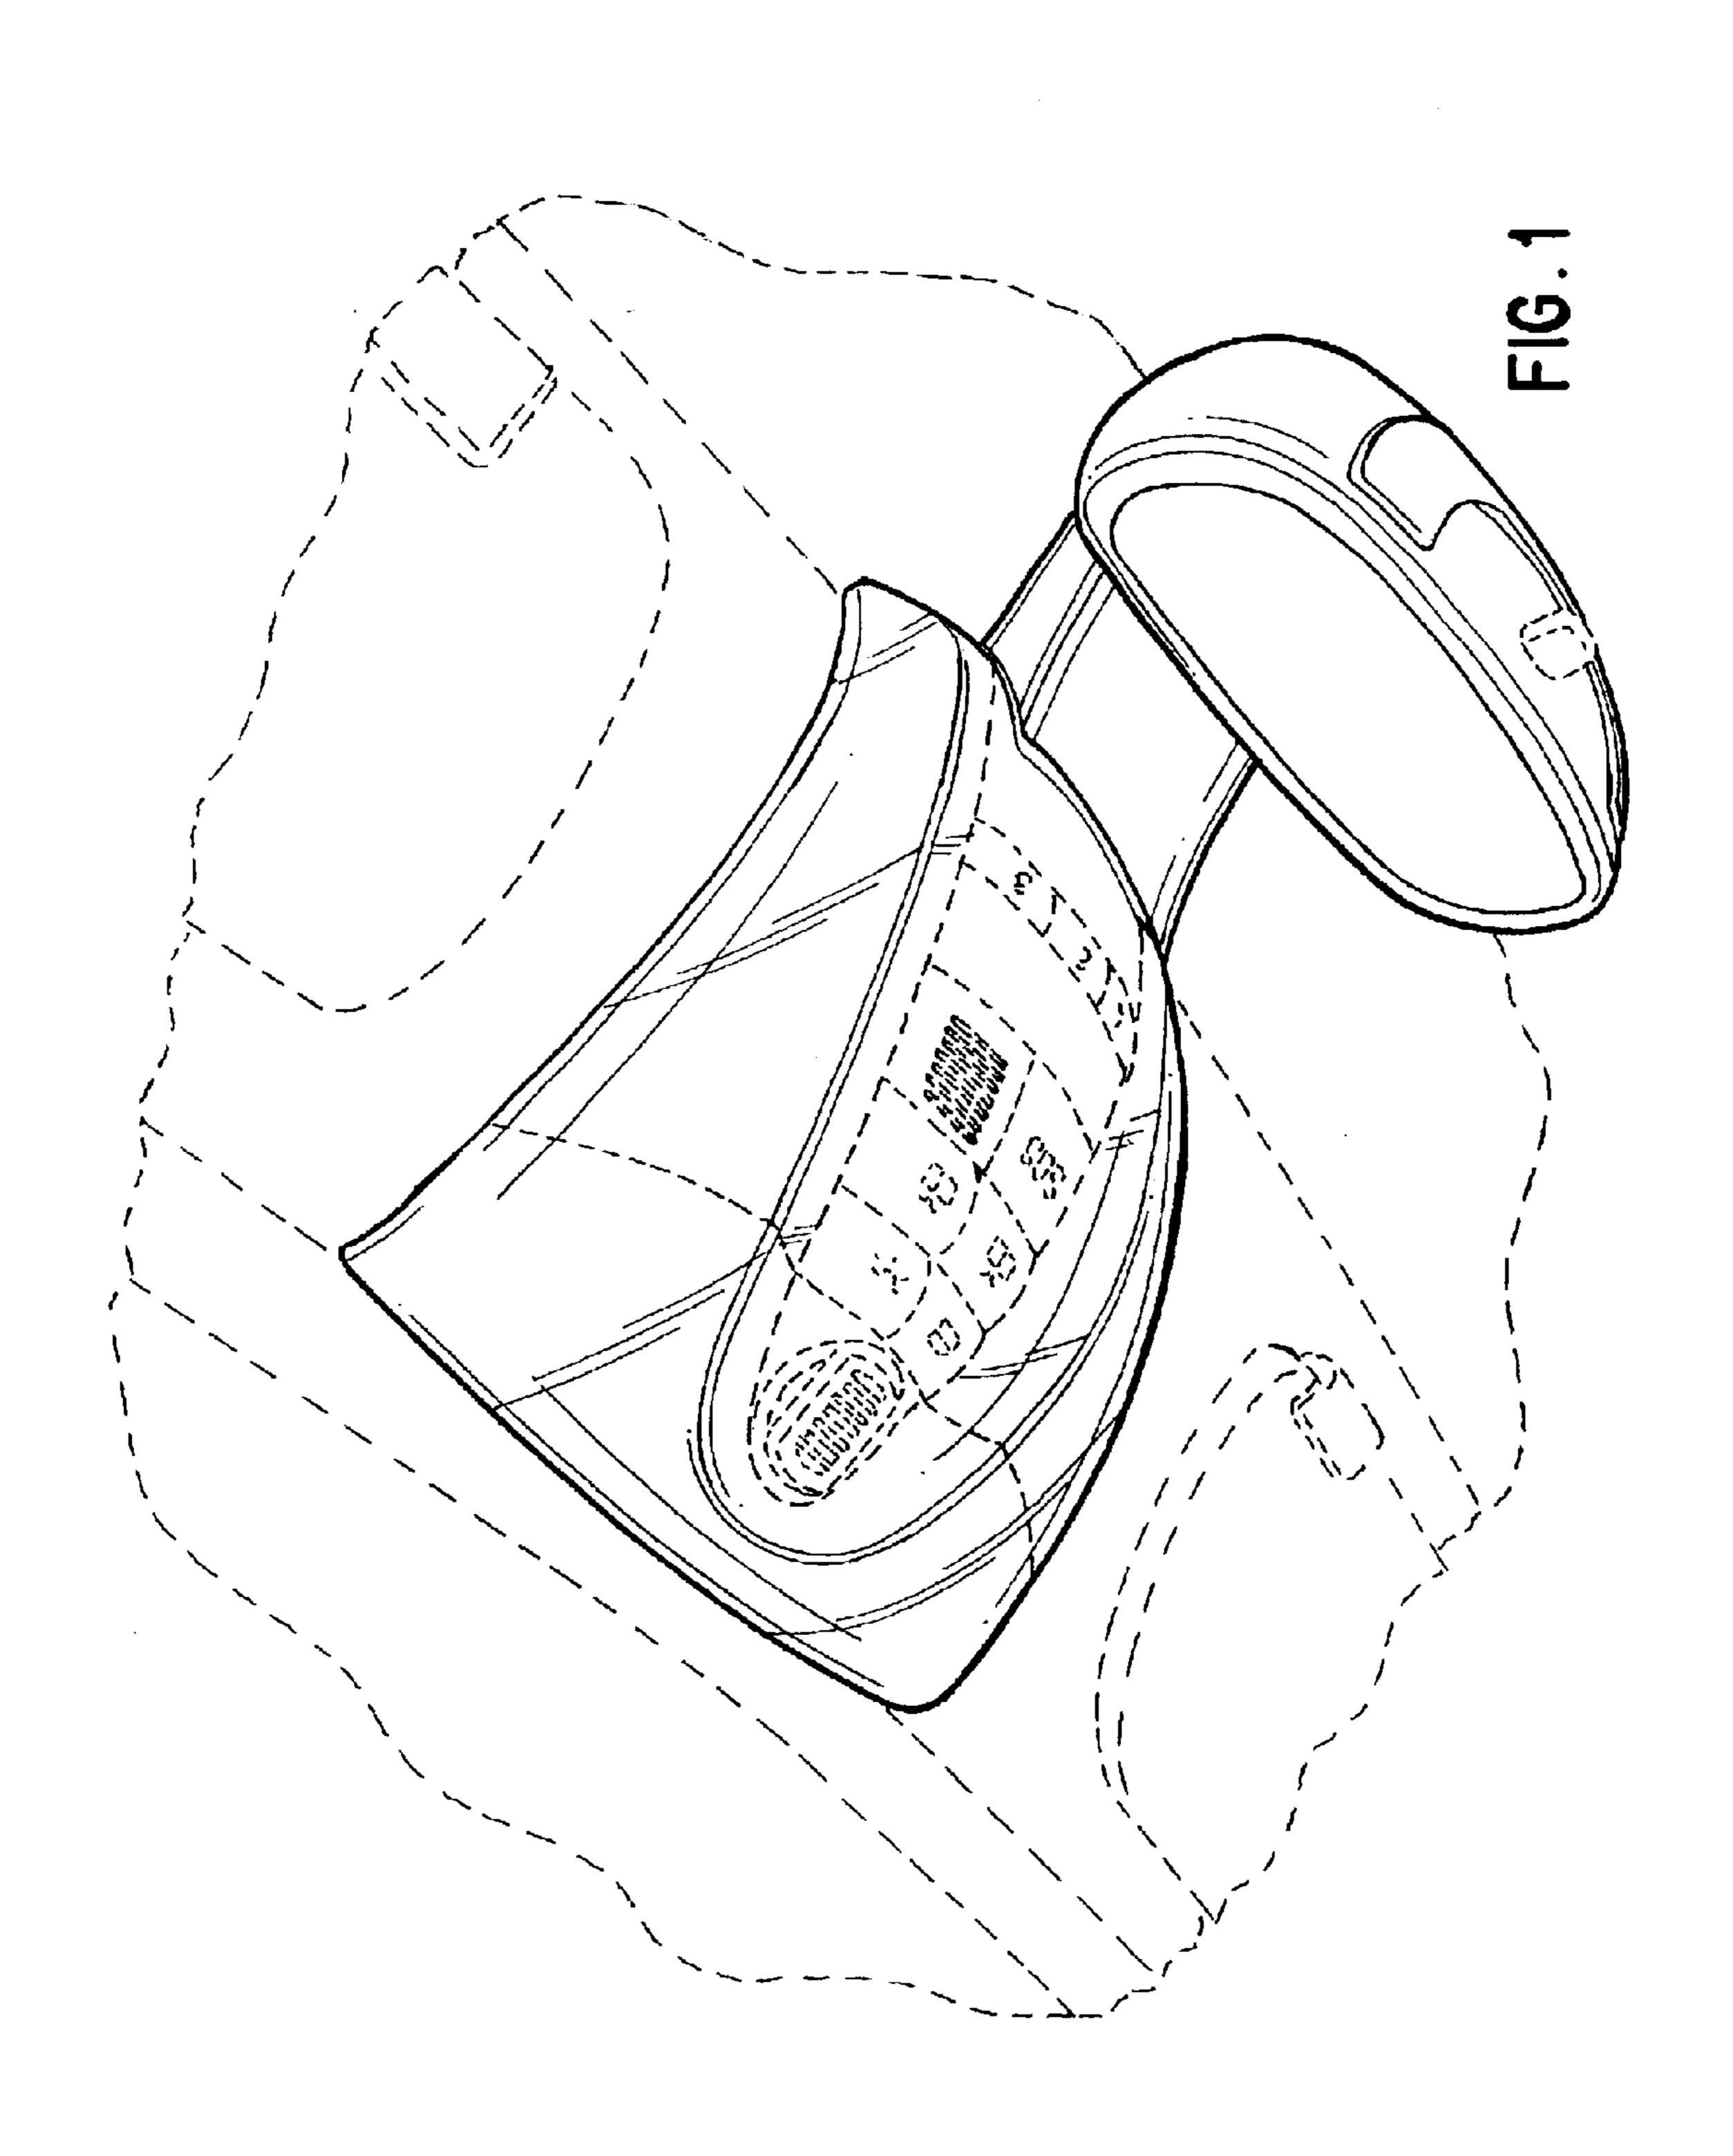

FIG. 1 is a perspective view of a surface configuration of an interior light assembly with a rear view mirror for a vehicle according to our novel design; and,

FIG. 2 is a front view of a surface configuration of an interior light assembly with a rear view mirror for a vehicle according to our novel design.

The dash lines included depict environment and are not part of the claimed design.
