(57) **CLAIM**

The ornamental design for a pressure container, as shown and described.

**DESCRIPTION**

This product is employed as a pressure container with a protective overcap for use in providing pressurized products, such as aerosol or pressurized lotion or gel products.

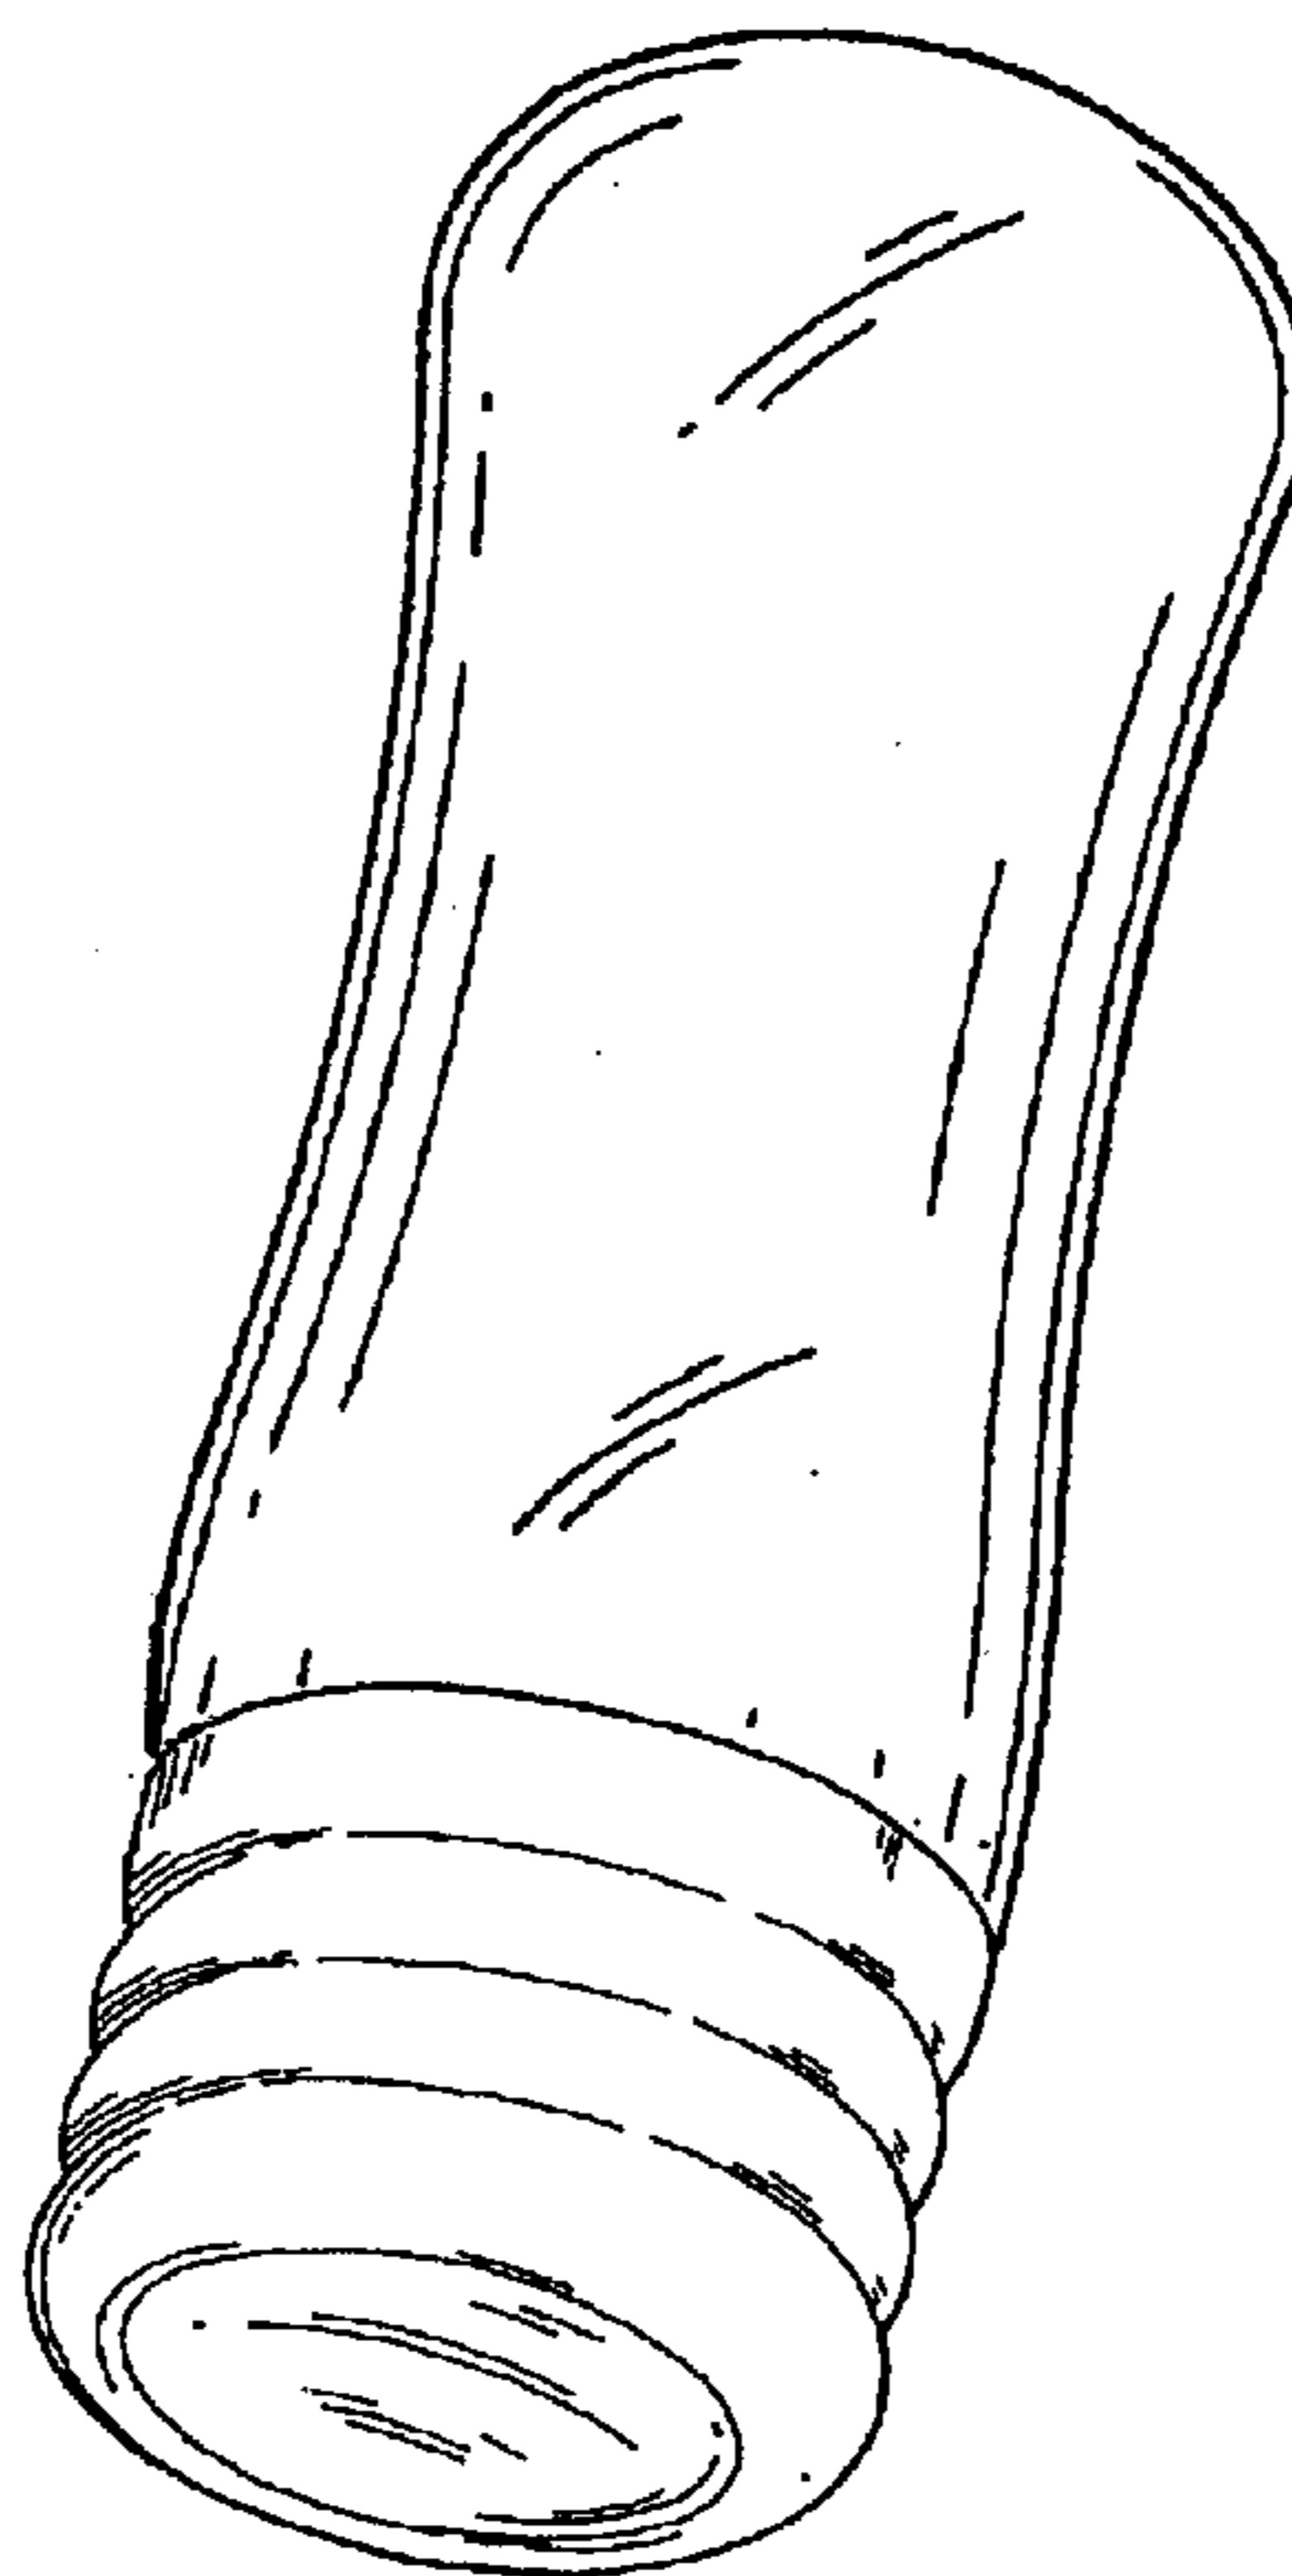

FIG. 1 is a front perspective view from beneath and to one side of a pressure container showing the new design.

FIG. 2 is a front elevational view of the pressure container of FIG. 1, the back, left, and right elevational views being identical thereto.

FIG. 3 is a top plan view of the pressure container of FIG. 1; and,

FIG. 4 is a bottom plan view of the pressure container of FIG. 1.
