(57) **CLAIM**

The ornamental design for right and left hand fishing pole handle, as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view of a right hand fishing pole handle showing my new design; the corresponding view of the left hand fishing pole handle being a mirror image.

FIG. 2 is a top plan view as viewed from the top in FIG. 1; the corresponding view of the left hand fishing pole handle being a mirror image.

FIG. 3 is a right side elevation as viewed from the bottom in FIG. 2; the corresponding view of the left hand fishing pole handle being a mirror image.

FIG. 4 is a bottom plan view as viewed from the bottom in FIG. 3; the corresponding view of the left hand fishing pole handle being a mirror image.

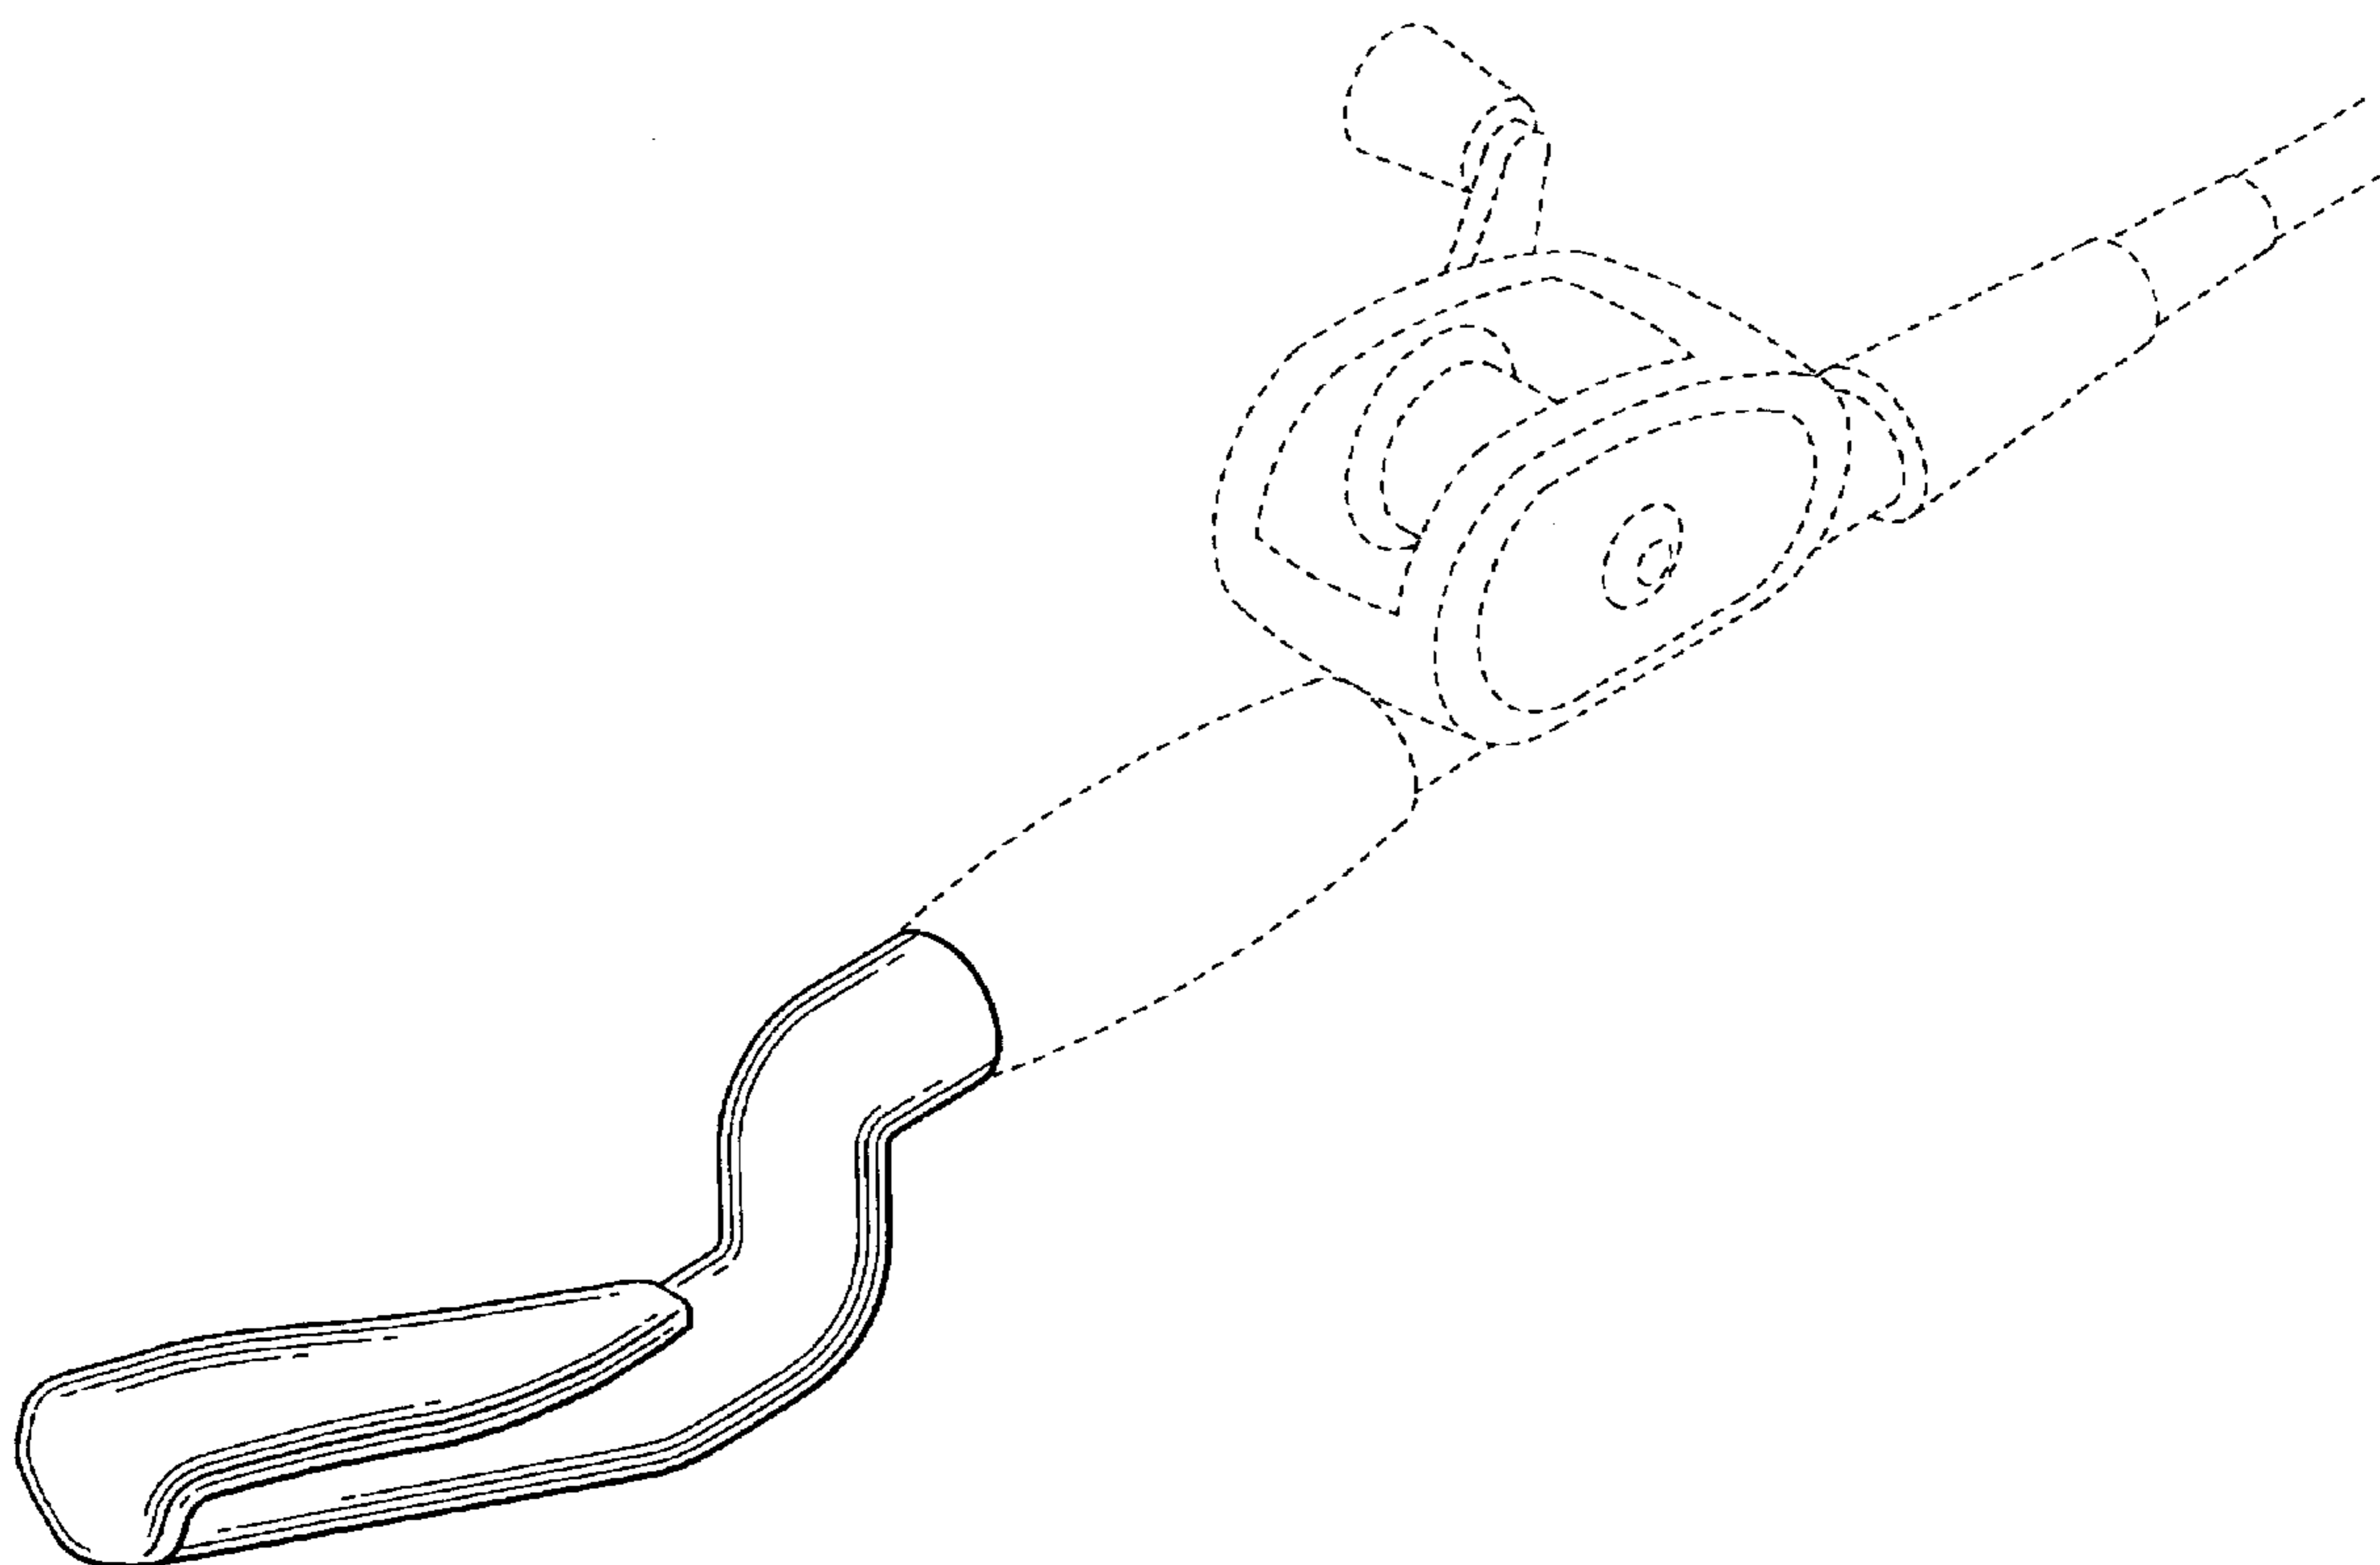

FIG. 5 is a left side elevation opposite that of FIG. 3; the corresponding view of the left hand fishing pole handle being a mirror image.

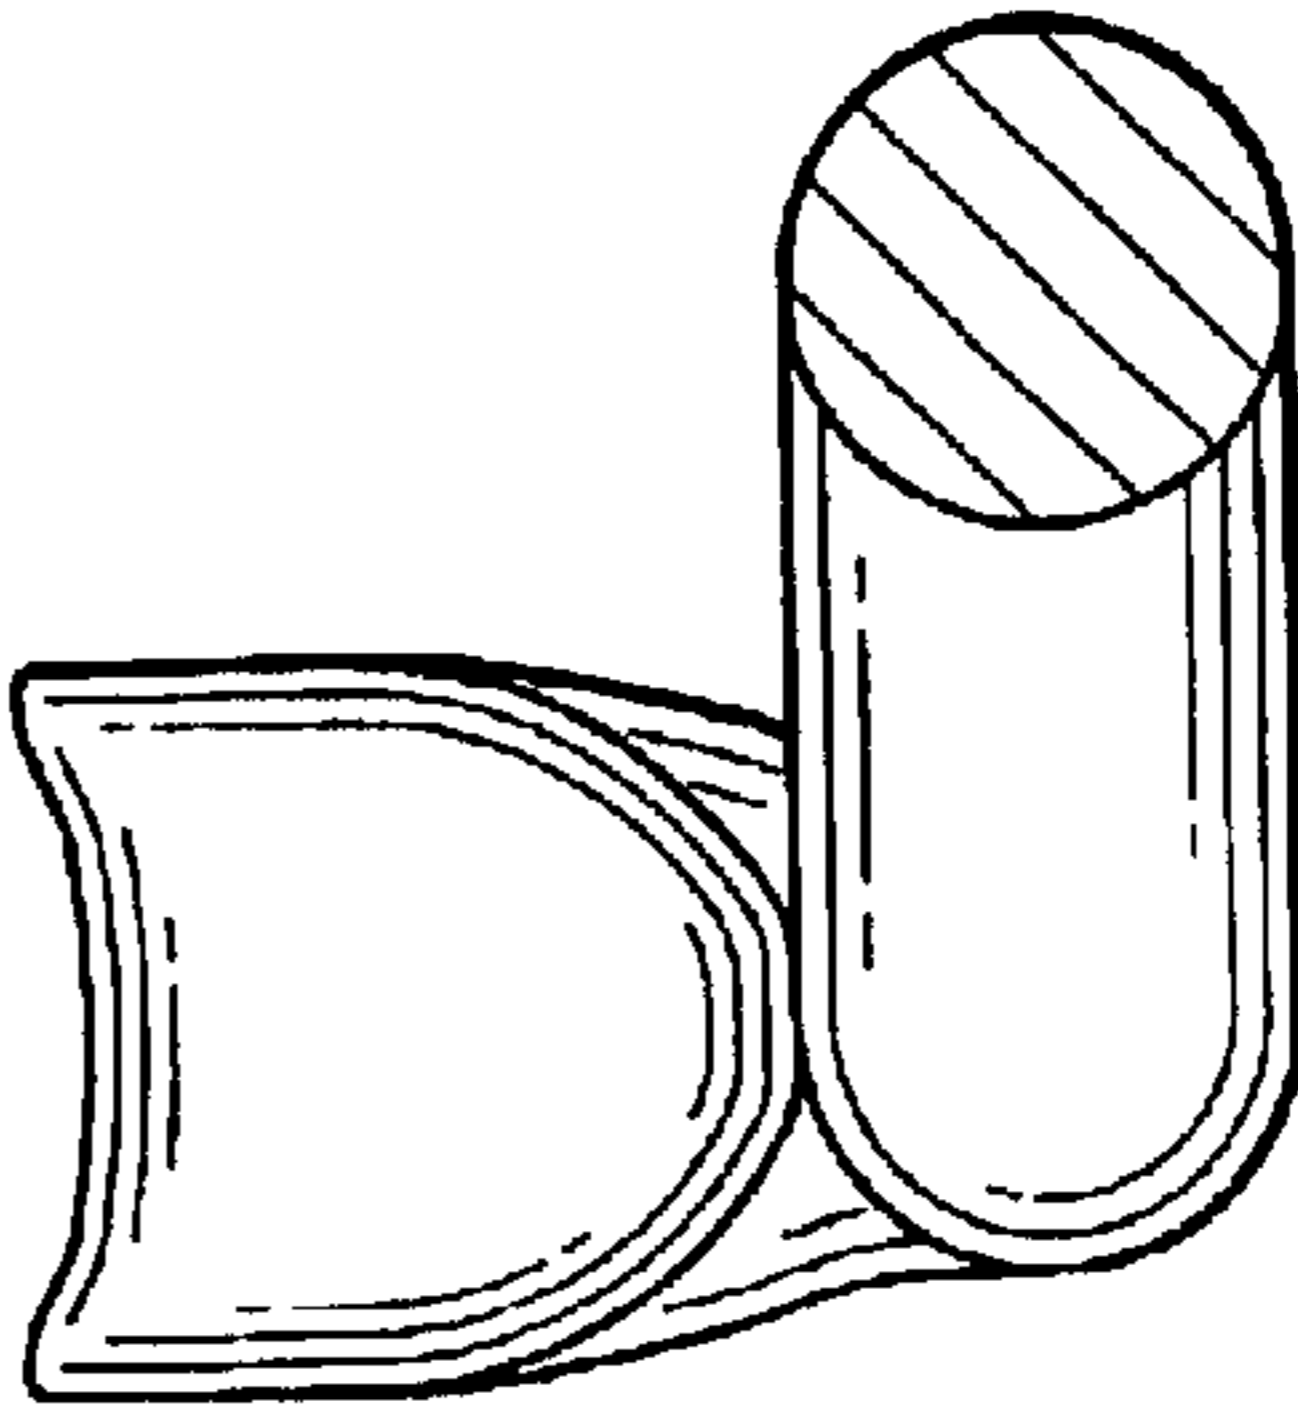

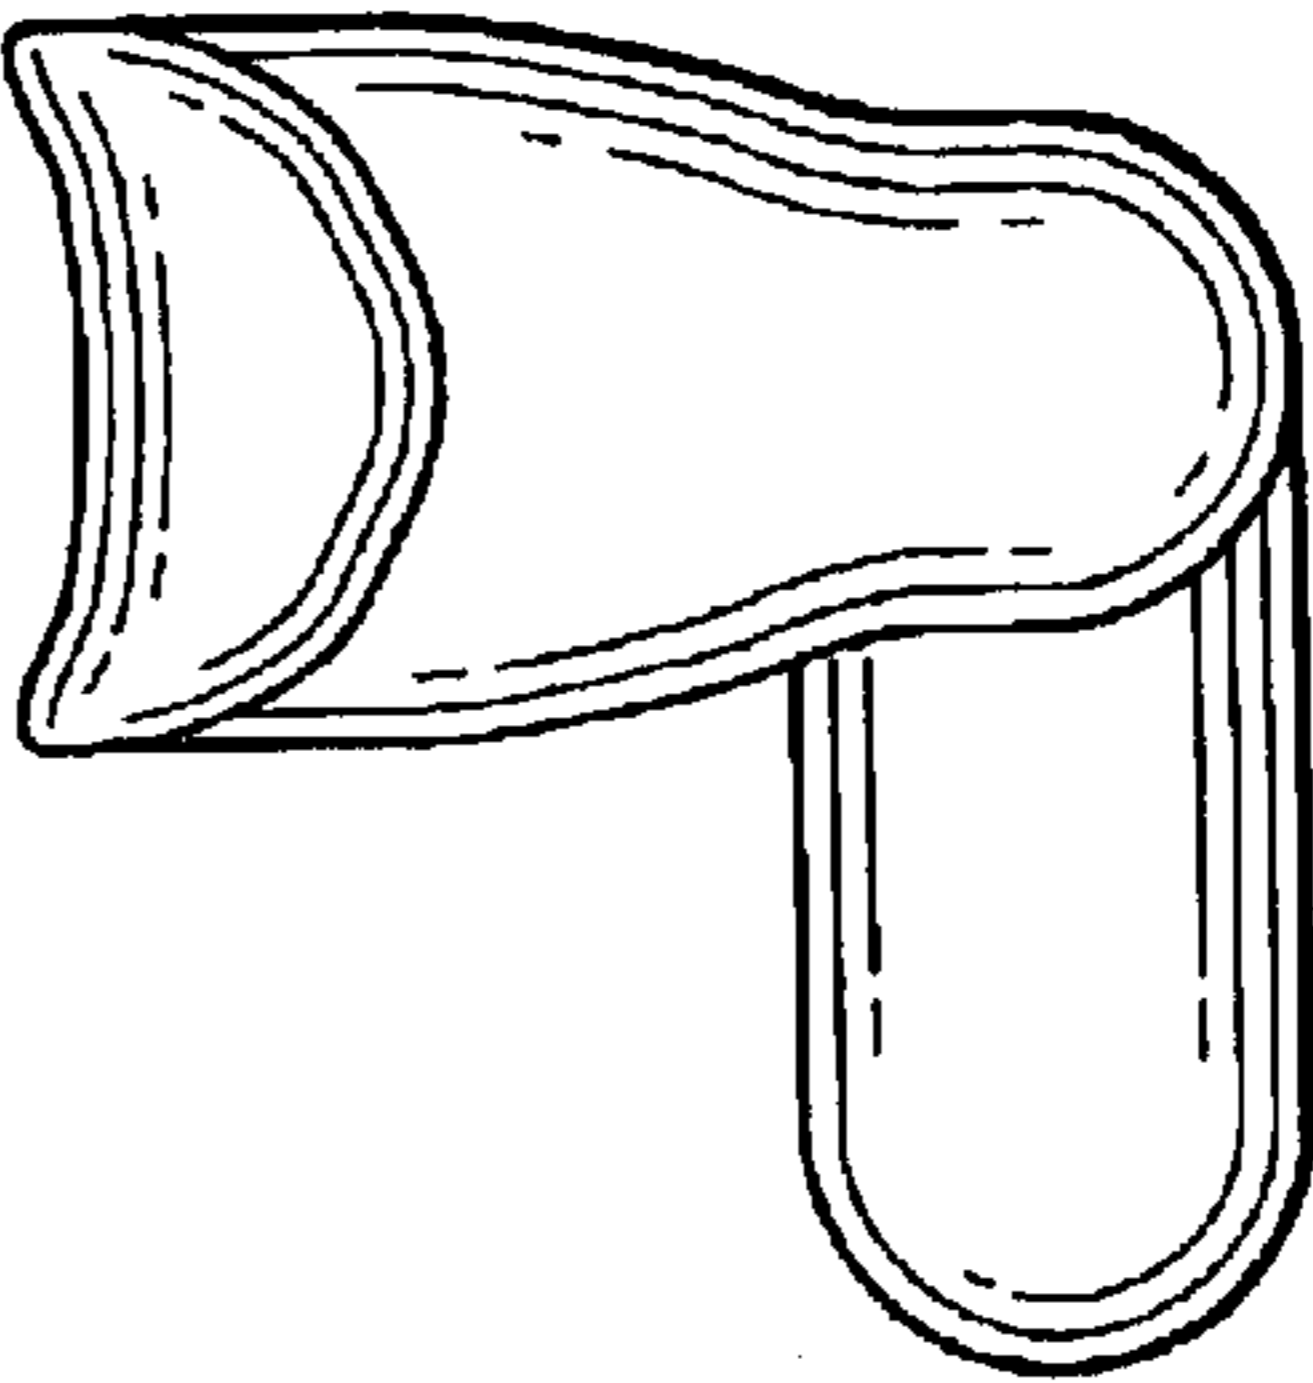

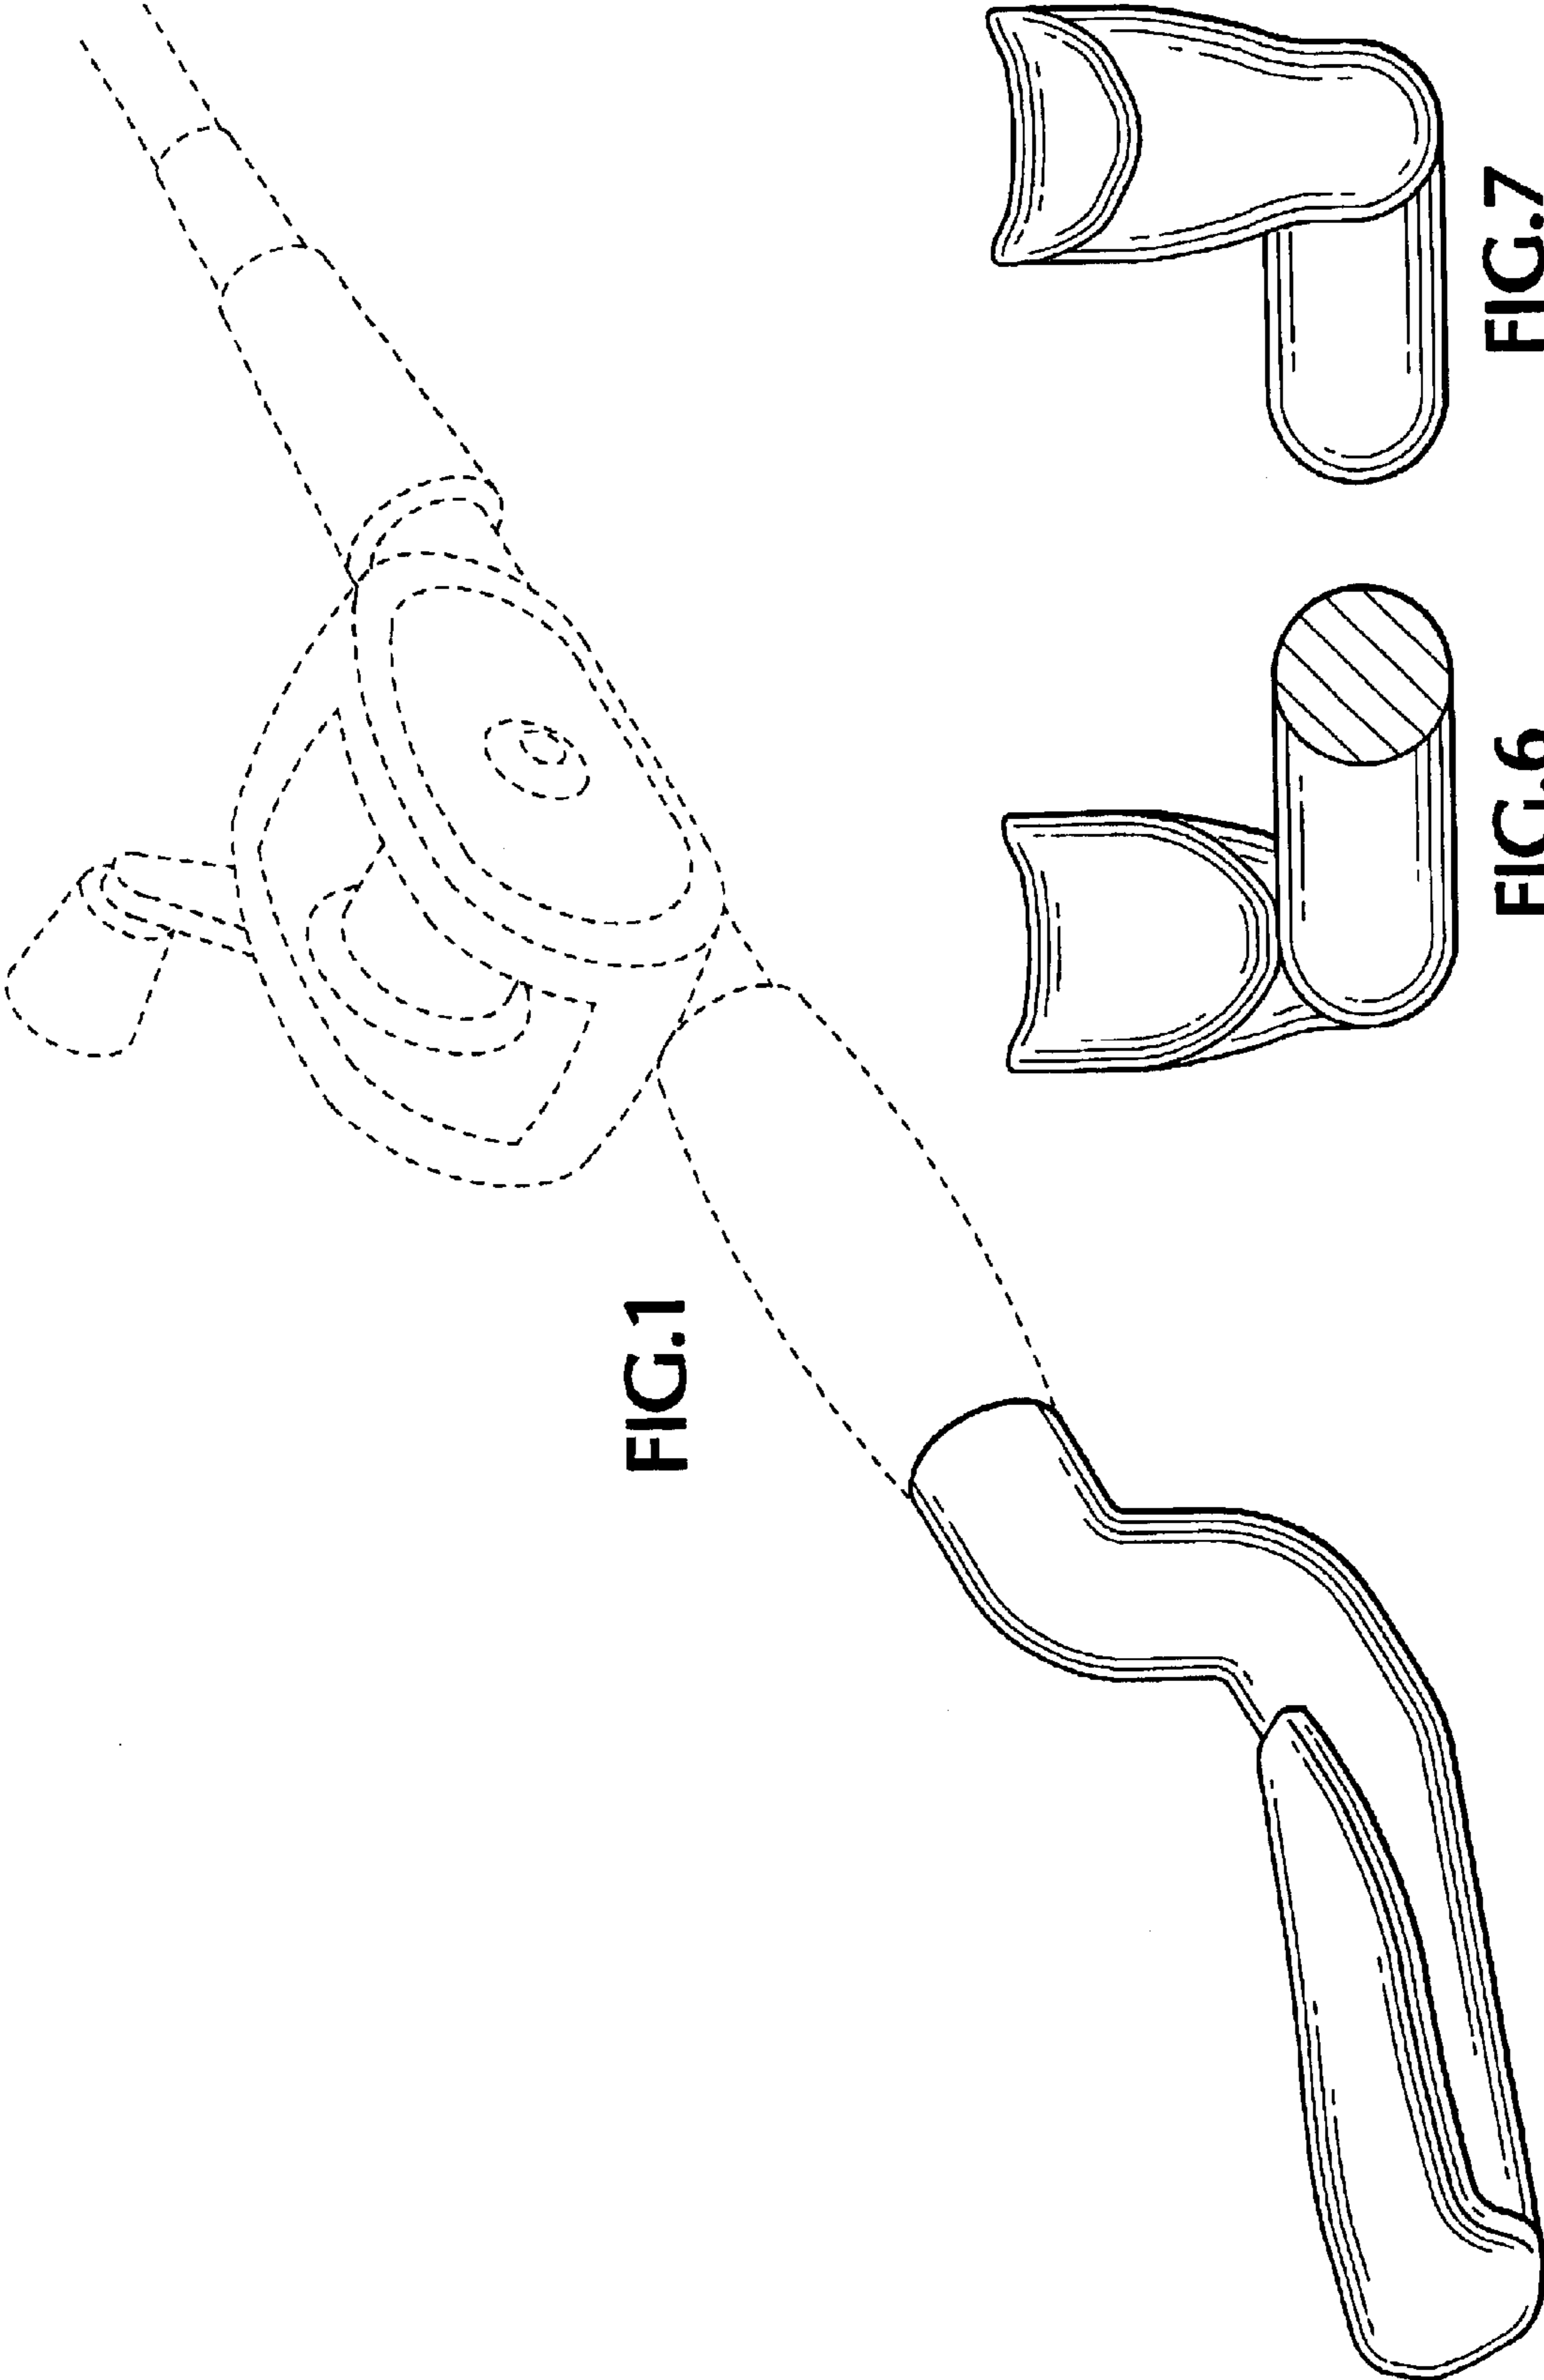

FIG. 6 is a front end elevation as viewed from the right in FIG. 3; the corresponding view of the left hand fishing pole handle being a mirror image; and,

FIG. 7 is a rear end elevation as viewed from the left in FIG. 3; the corresponding view of the left hand fishing pole handle being a mirror image.

The broken line showing of the rear end portion of a fishing rod mounting a left hand operated reel in FIG. 1 is for illustrative purposes only and forms no part of the claimed design.
