(57)**CLAIM**

The ornamental design for a lightweight plastic hanger with support flanges, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation view of the lightweight plastic hanger with support flanges of the instant invention.

FIG. 2 is a left end view of the lightweight plastic hanger with support flanges of the instant invention.

FIG. 3 is a right end view of the lightweight plastic hanger with support flanges of the instant invention.

FIG. 4 is a bottom view of the lightweight plastic hanger with support flanges of the instant invention.

FIG. 5 is a top view of the lightweight plastic hanger with support flanges of the instant invention.

FIG. 6 is an enlarged cross sectional view at line 6—6 in FIG. 1 of the lightweight plastic hanger with support flanges of the instant invention.

FIG. 7 is an enlarged cross sectional view at line 7—7 in FIG. 1 of the lightweight plastic hanger with support flanges of the instant invention.

FIG. 8 is an enlarged cross sectional view at line 8—8 in FIG. 1 of the lightweight plastic hanger with support flanges of the instant invention; and,

FIG. 9 is an enlarged cross sectional view at line 9—9 in FIG. 1 of the lightweight plastic hanger with support flanges of the instant invention.
