DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of the magnetic treatment device for fluids showing my new design with broken lines being for illustrative purposes and forming no part of the claimed design;

FIG. 2 is a top plan view of the first embodiment;

FIG. 3 is a bottom plan view of the first embodiment;

FIG. 4 is a side elevational view of the first embodiment;

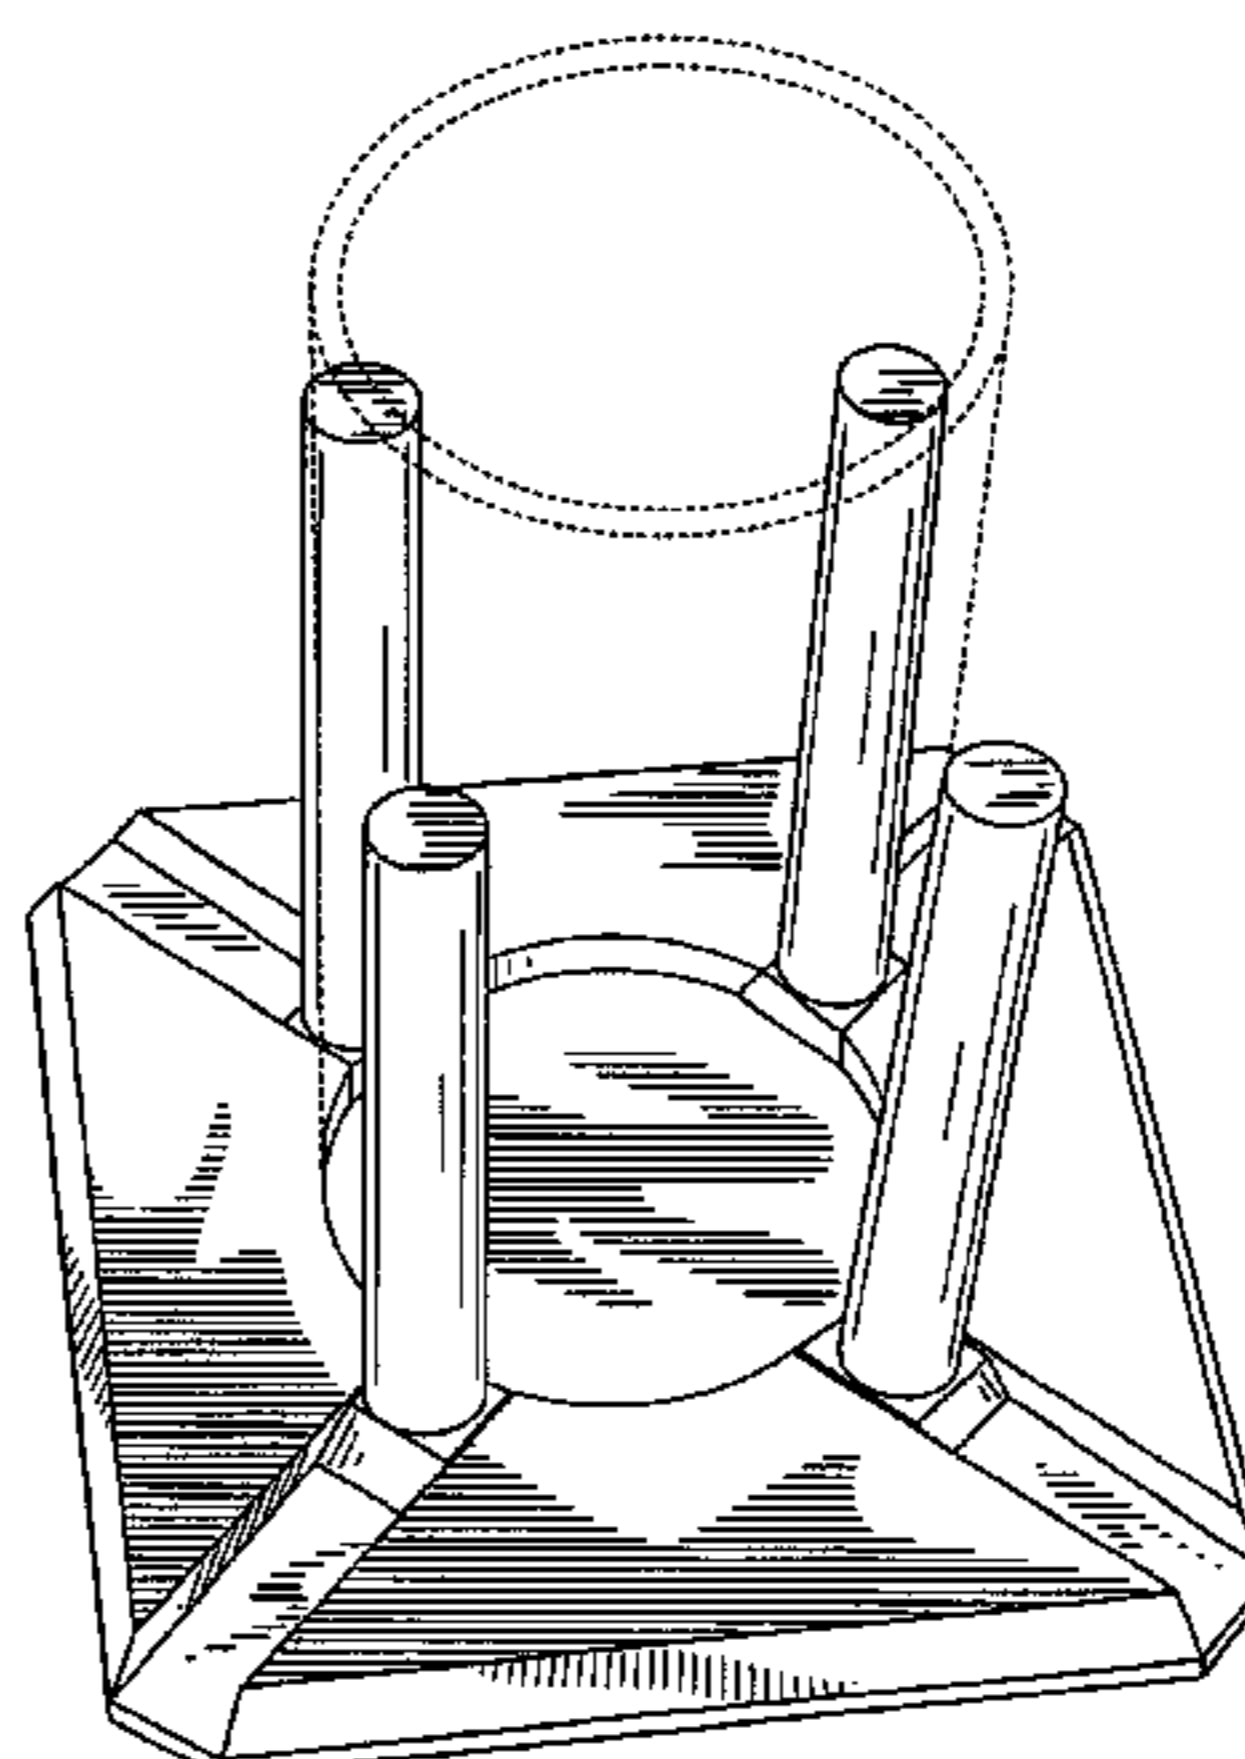

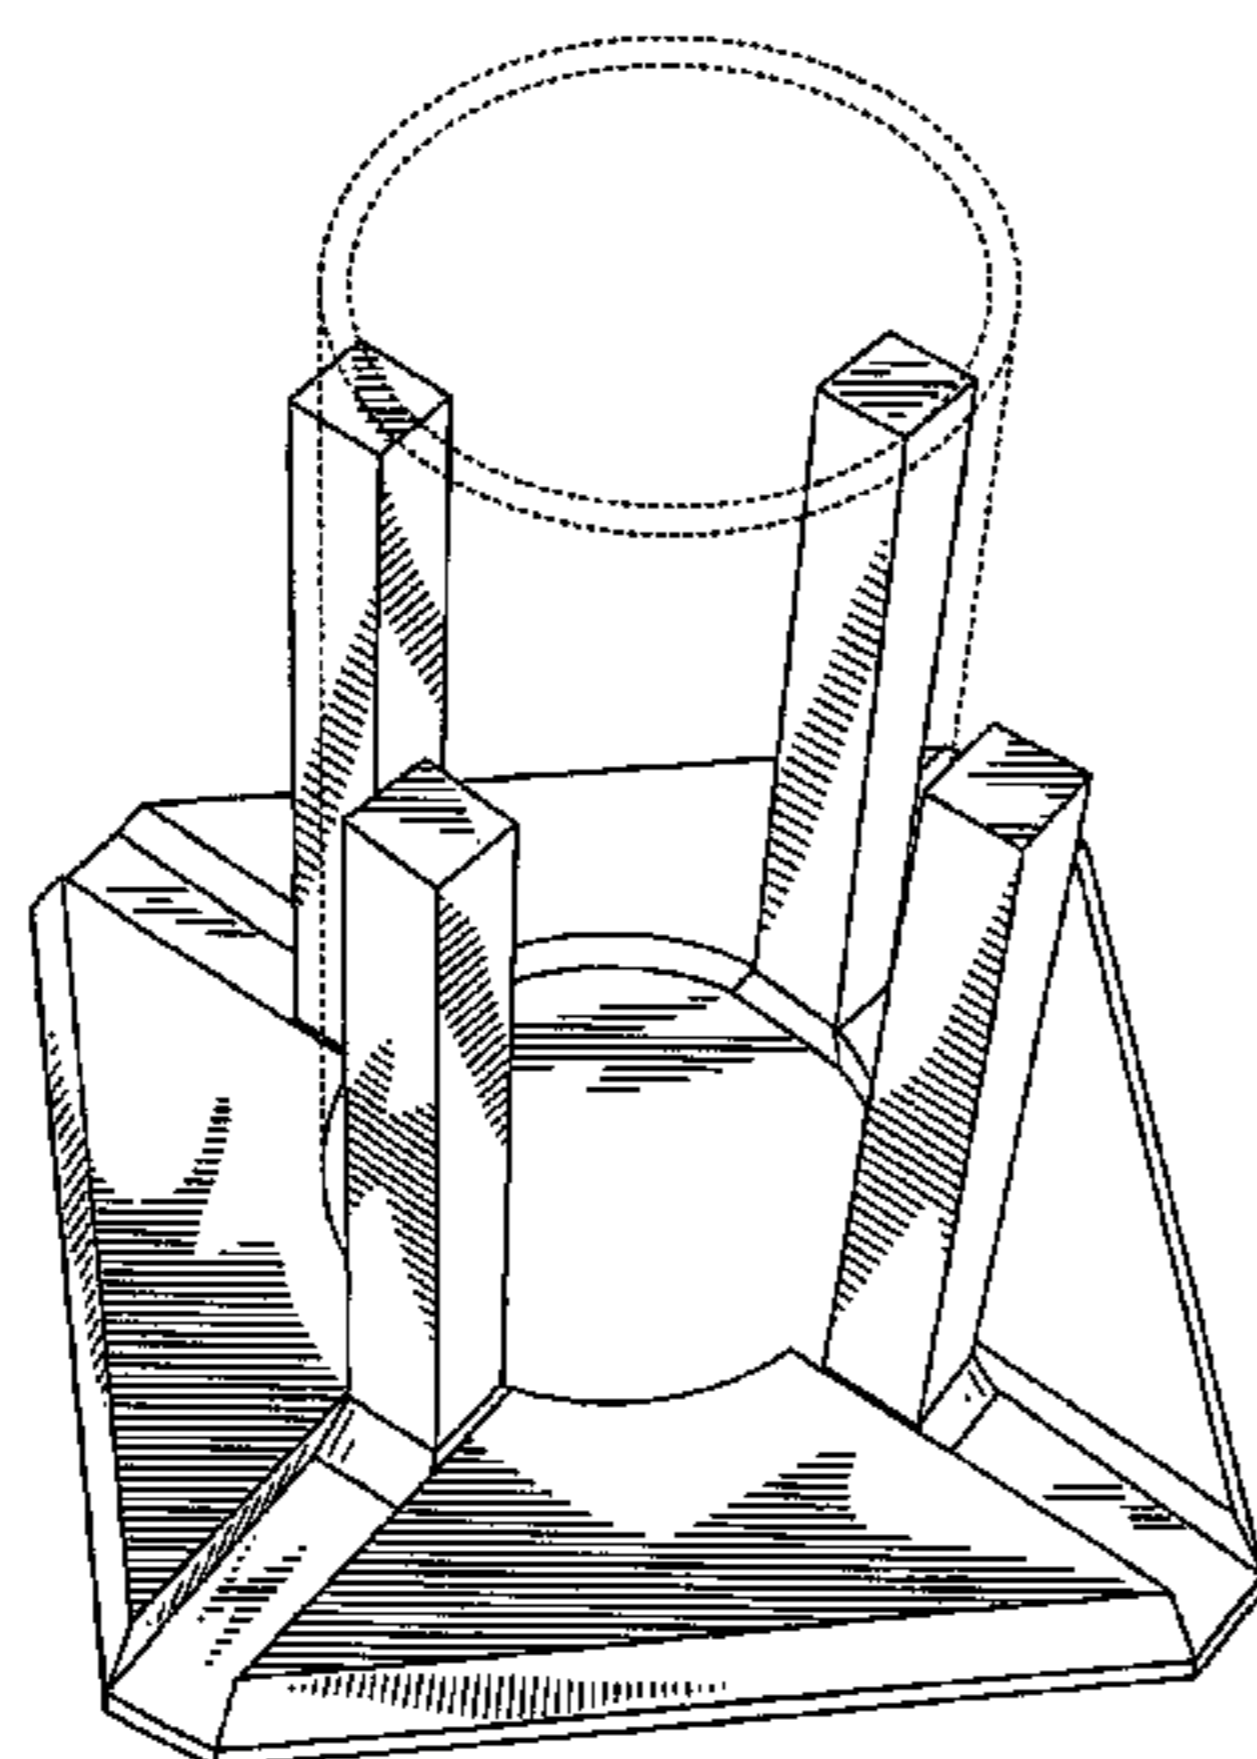

FIG. 5 is a top perspective view of a second embodiment of the magnetic treatment device showing my new design;

FIG. 6 is a top plan view of the second embodiment;

FIG. 7 is a bottom plan view of the second embodiment; and,

FIG. 8 is a side elevational view of the second embodiment.
