(57) **CLAIM**

The ornamental design for a flashlight, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of my design for a flashlight;

FIG. 2 is another perspective view of the first embodiment of my design to illustrate an alternative position of a hook which may be embedded in the handle of the flashlight;

FIG. 3 is a front view of the first embodiment;

FIG. 4 is a back view of the first embodiment;

FIG. 5 is a right side view of the first embodiment; a right side view of a second embodiment is also depicted by this FIG. 5;

FIG. 6 is a left side view of the first embodiment; a left side view of the second embodiment is also depicted by this FIG. 6;

FIG. 7 is a top view thereof; a top view of the second embodiment is also depicted in this FIG. 7;

FIG. 8 is a bottom view showing one embodiment thereof, this embodiment of the bottom view being usable with either the first or second embodiment of the flashlight;

FIG. 9 is a bottom view showing a second embodiment thereof, this embodiment of the bottom view being usable with either the first or second embodiment of the flashlight;

FIG. 10 is a left side view of the first embodiment showing an alternative position of a metal stand;

FIG. 11 is a perspective view of the second embodiment of my design for a flashlight;

FIG. 12 is another perspective view of the second embodiment of my design to illustrate an alternative position of a hook which may be embedded in the handle of the flashlight;

FIG. 13 is a front view of the second embodiment; and,

FIG. 14 is a back view of the second embodiment; the right side view, left side view and bottom view of the second embodiment being identical to the respective views of the first embodiment as mentioned above.
