(57) **CLAIM**

The ornamental design for an aquarium video combination,
as shown in the drawings.

(**) **Term:** **14 Years**

DESCRIPTION

(21) **Appl. No.:** **29/185,782**

FIG. 1 is a perspective view of my new design of an aquarium video combination showing the remainder of an aquarium tank in dashed lines because the remainder need not form a part of the design, a video screen's viewing surface being flush with a side of the aquarium, and the right side being identical to the left side and therefore a view from the right side not being shown;
