(57) **CLAIM**

The ornamental Design for a Intermediate Tread for a Tire, as shown and described.

DESCRIPTION

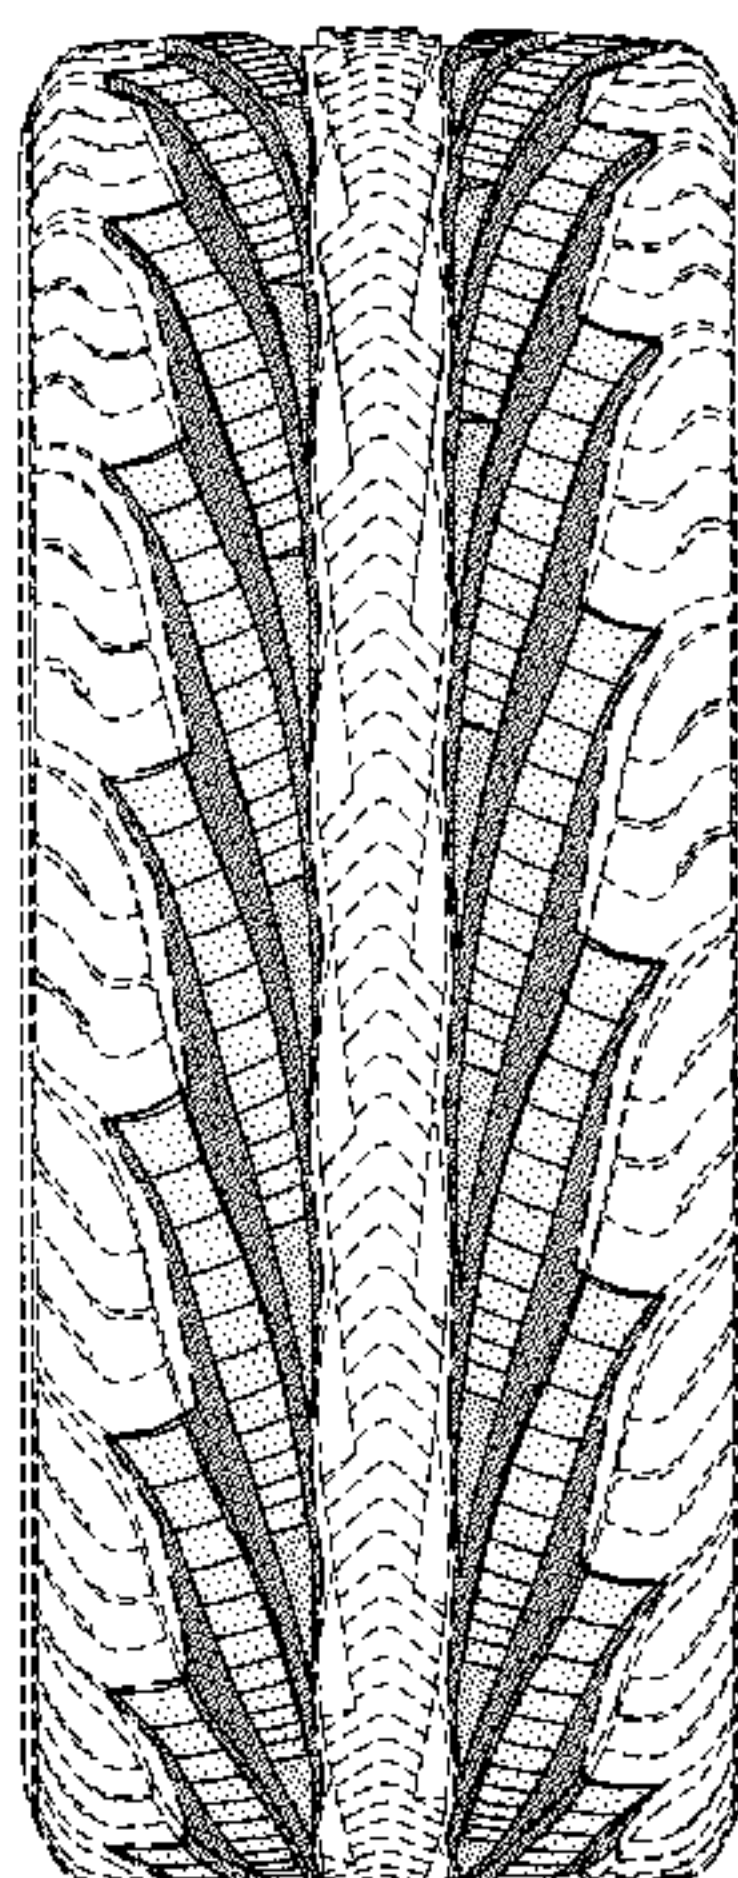

FIG. 1 is a perspective view of a tire tread showing our new design, it being understood that the pattern repeats uniformly throughout the circumference of the tread;

FIG. 2 is a front elevational view thereof; and

FIG. 3 is an enlarged fragmentary front elevational view thereof.

In the drawings, the broken lines defining the center tread, shoulder tread, sidewall, inner bead and the peripheral boundary between the tire tread and the sidewall are for illustrative purposes only and form no part of the claimed design.

1 Claim, 3 Drawing Sheets
