(57) **CLAIM**

The ornamental design for a star in circle array for coin display, as shown and described.

FIG. 1 is an front elevational view of a star in circle array for display of fifty coins, showing my new design.

FIG. 2 is a rear elevational view thereof;

FIG. 3 is a side view thereof, taken from a straight side edge. Each other side view, taken from a straight side edge, is identical.

FIG. 4 is a cross-sectional view taken along the plane of line 4—4 of FIG. 1, showing representative cross-sectional views of coin display pockets. A similar view of each other coin pocket is identical.

FIG. 5 is an front elevational view of a second embodiment, showing a star in circle array for display of fifty coins, with a fifty-first centerpiece coin pocket of approximately the same size as the other fifty coin pockets of the array.

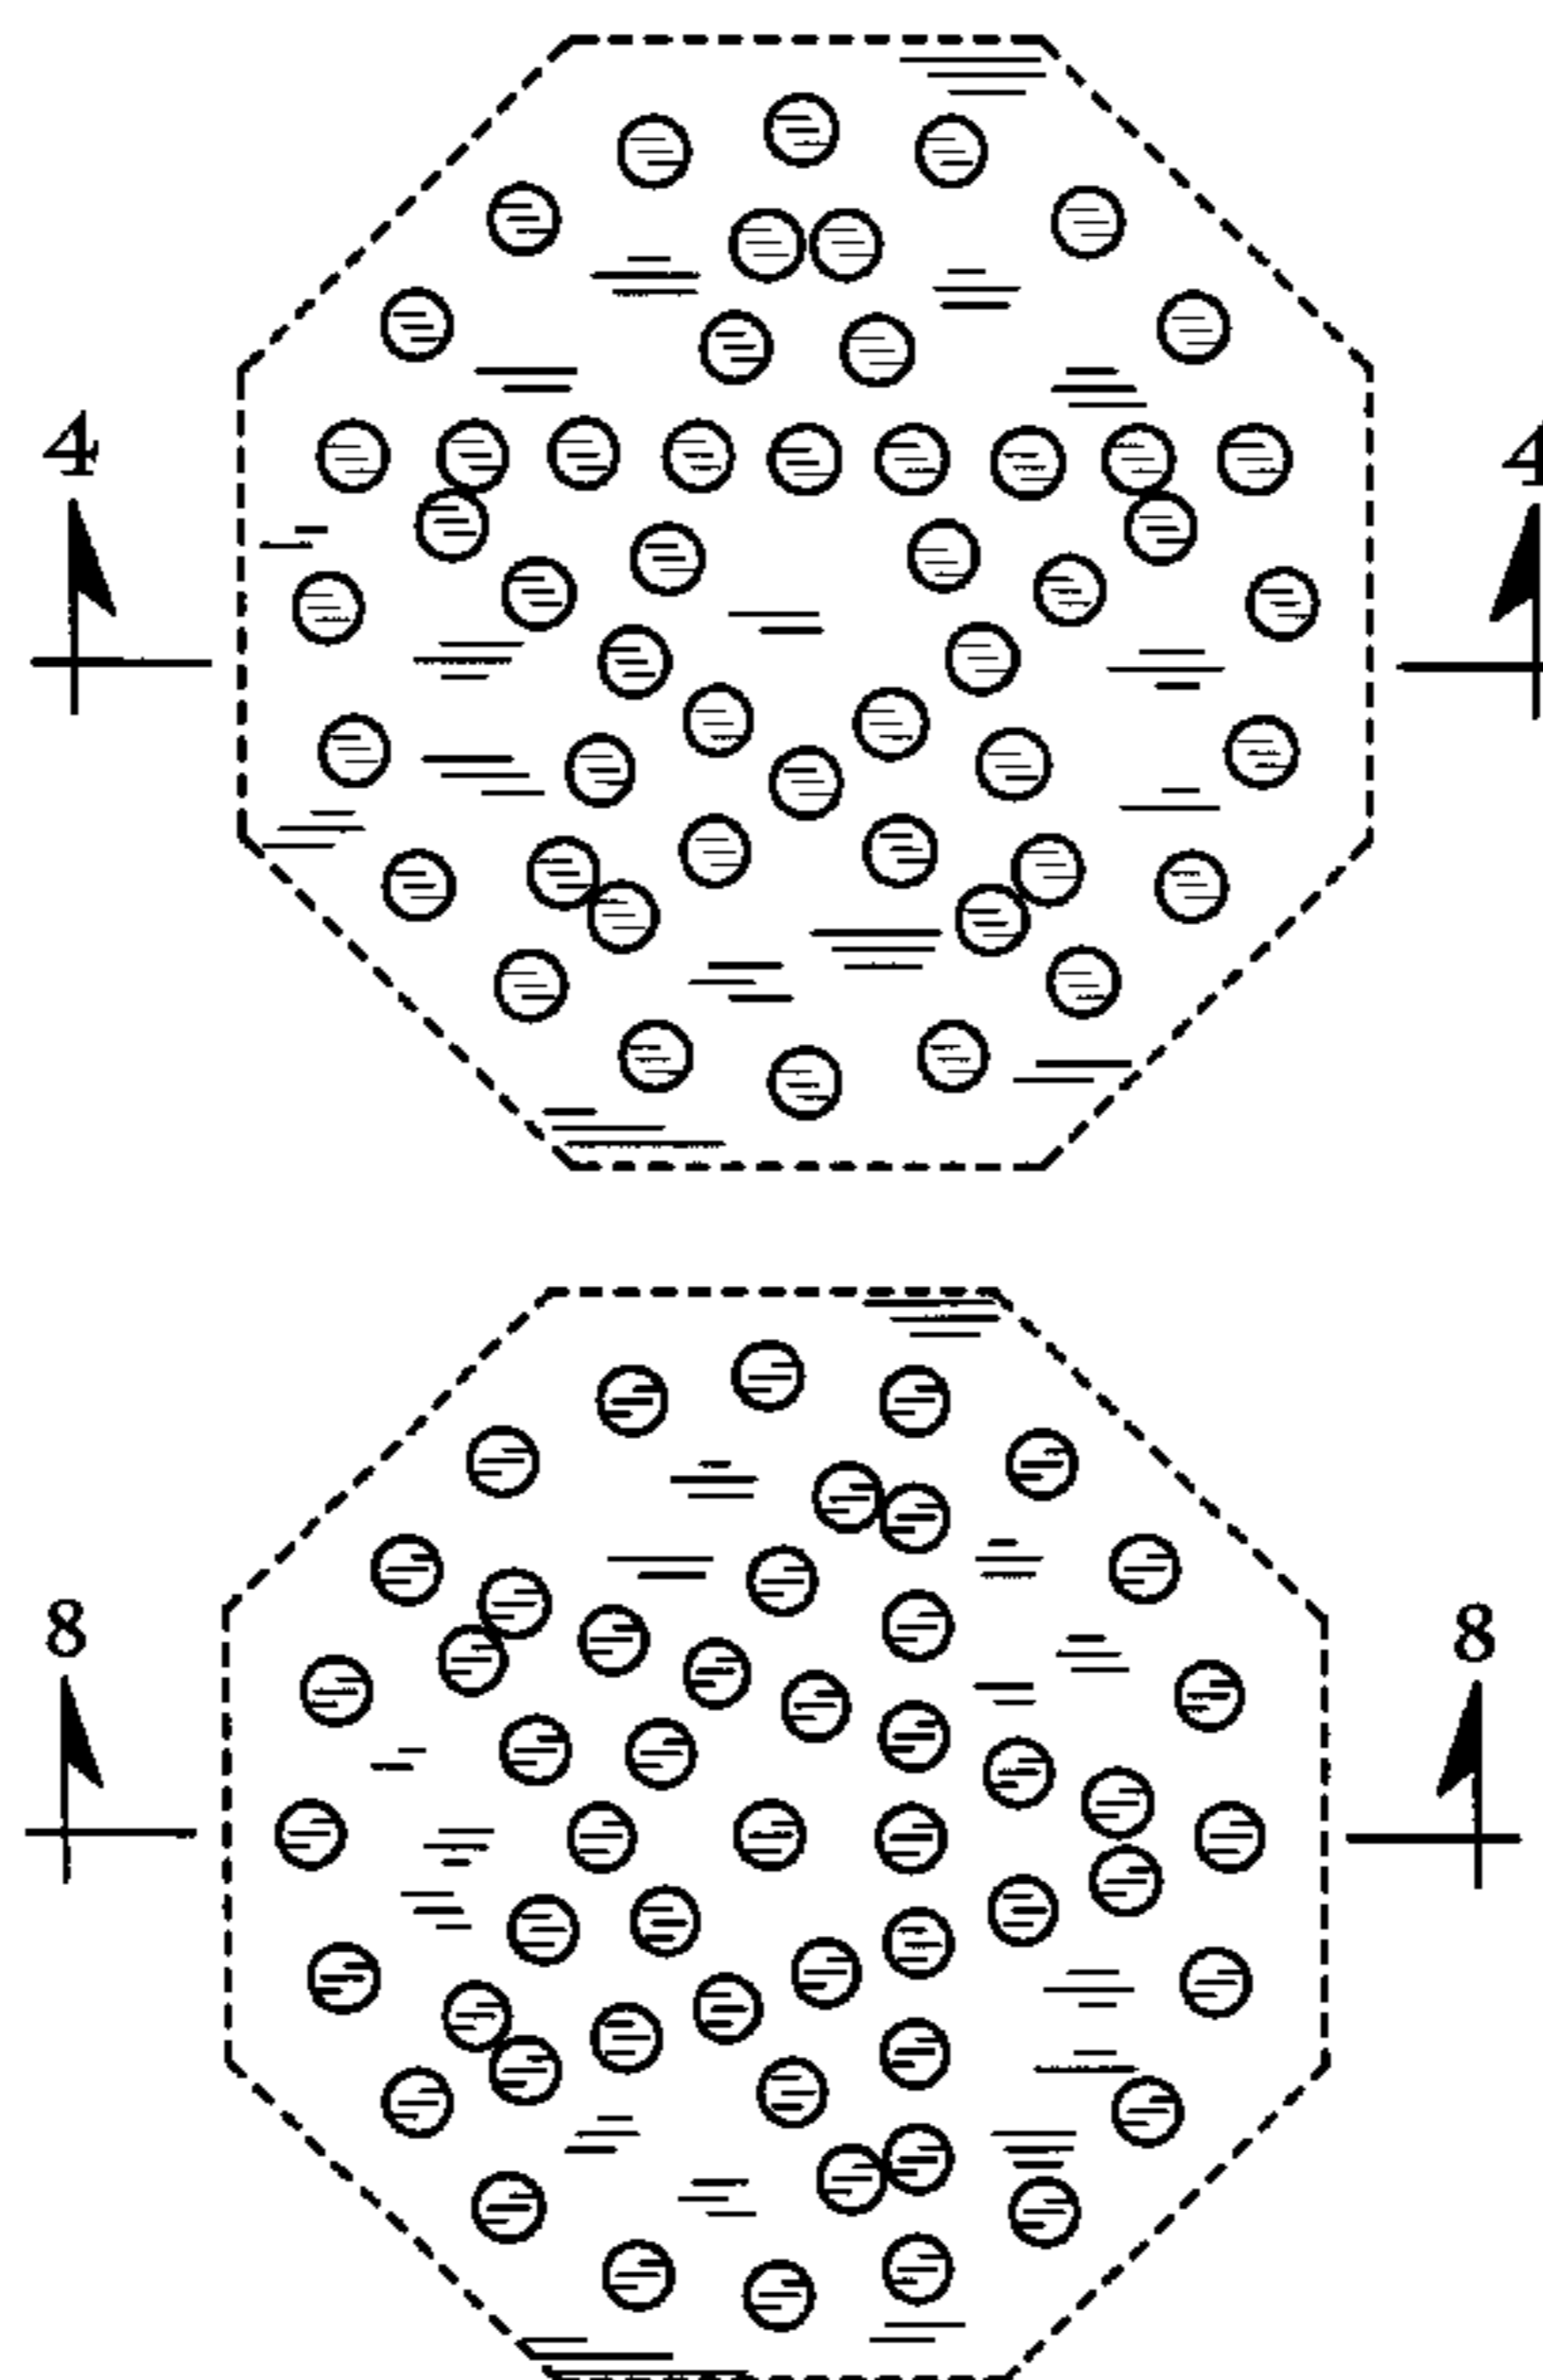

FIG. 6 is a rear elevational view of the embodiment of FIG. 5

FIG. 7 is a side view of the embodiment of FIG. 5, taken from a straight side edge. Each other side view, taken from a straight side edge, is identical; and,

FIG. 8 is a cross-sectional view taken along the plane of line 8—8 of FIG. 5, showing representative cross-sectional views of coin display pockets. A similar view of each other coin pocket is identical.

The broken lines in FIGS. 1 through 8 are for illustrative purposes only and forms no part of the claimed design.
