(57) **CLAIM**

The ornamental design for a diner high chair seat cover, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a diner high chair seat cover showing my new design;

FIG. 2 is a perspective view of the clean high chair cover shown in FIG. 1;

FIG. 3 is a another perspective view of the high chair cover shown in FIG. 1 illustrating fasteners disposed within a continuous plication surrounding a central portion;

FIG. 4 is a another perspective view of the high chair cover shown in FIG. 3 illustrating fasteners disposed within a pair of adjustment flaps of the continuous plication;

FIG. 5 is a rear perspective view of the diner high chair seat cover shown in FIG. 1;

FIG. 6 is a top plan view of the high chair cover shown in FIG. 1;

FIG. 7 is a bottom plan view of the high chair cover shown in FIG. 1;

FIG. 8 is a front elevational view of the high chair cover shown in FIG. 1;

FIG. 9 is a rear elevational view of the high chair cover shown in FIG. 1;

FIG. 10 is a left side elevational view of the high chair cover shown in FIG. 1; and,

FIG. 11 is a right side elevational view of the high chair cover shown in FIG. 1.

The broken line showing of a high chair, in FIGS. 1–5, a child, in FIG. 1, a person's hands, in FIG. 4, and a safety belt, in FIG. 5, is for illustrative purposes only and forms no part of the claimed design.
