(57) **CLAIM**

The ornamental design for a transporter for bases for baseball and softball games, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the transporter according to the present invention showing several bases in phantom broken lines mounted on the transporter; and the handle of the transporter in a side oriented position;

FIG. 2 is a side elevation view thereof with the handle in a side oriented position opposite the direction shown in FIG. 1;

FIG. 3 is a front elevation view thereof with the handle in the same position as FIG. 2;

FIG. 4 is a side elevation view thereof taken from the side opposite FIG. 2 with the handle in the same position as FIG. 2;

FIG. 5 is a rear elevation view thereof with the handle in the same position as shown in FIG. 2;

FIG. 6 is a top plan view thereof with the handle in the same position as shown in FIG. 2;

FIG. 7 is a side elevation view as in FIG. 2 with the handle oriented toward the front of the transporter; and,

FIG. 8 is a side elevation view as shown in FIG. 2 with the handle oriented toward the rear of the transporter.

The broken lines showing the bases in FIG. 1 are for illustrative purposes only and form no part of the claimed design.
