(57) **CLAIM**

The ornamental design for an escutcheon for wall mountable accessories, as shown and described.

DESCRIPTION

In a preferred embodiment, the nature of this product is as a wall mountable escutcheon primarily useful for supporting an accessory in the form of a towel bar, toilet paper holder, robe hook, or towel ring.

FIG. 1 is a top, left, front perspective view of an escutcheon for wall mountable accessories embodying my new design; FIG. 2 is a front elevational view thereof;

FIG. 3 is a top plan view thereof, the bottom plan view thereof being identical to the top plan view shown;

FIG. 4 is a left side elevational view thereof, the right side elevational view thereof being identical to the left side shown;

FIG. 5 is a rear elevational view thereof;

FIG. 6 is a top, left, front perspective view thereof showing the broken line representation of a single towel bar as a first mounting environment;

FIG. 7 is a top, left, front perspective view thereof showing the broken line representation of a double towel bar as a second mounting environment;

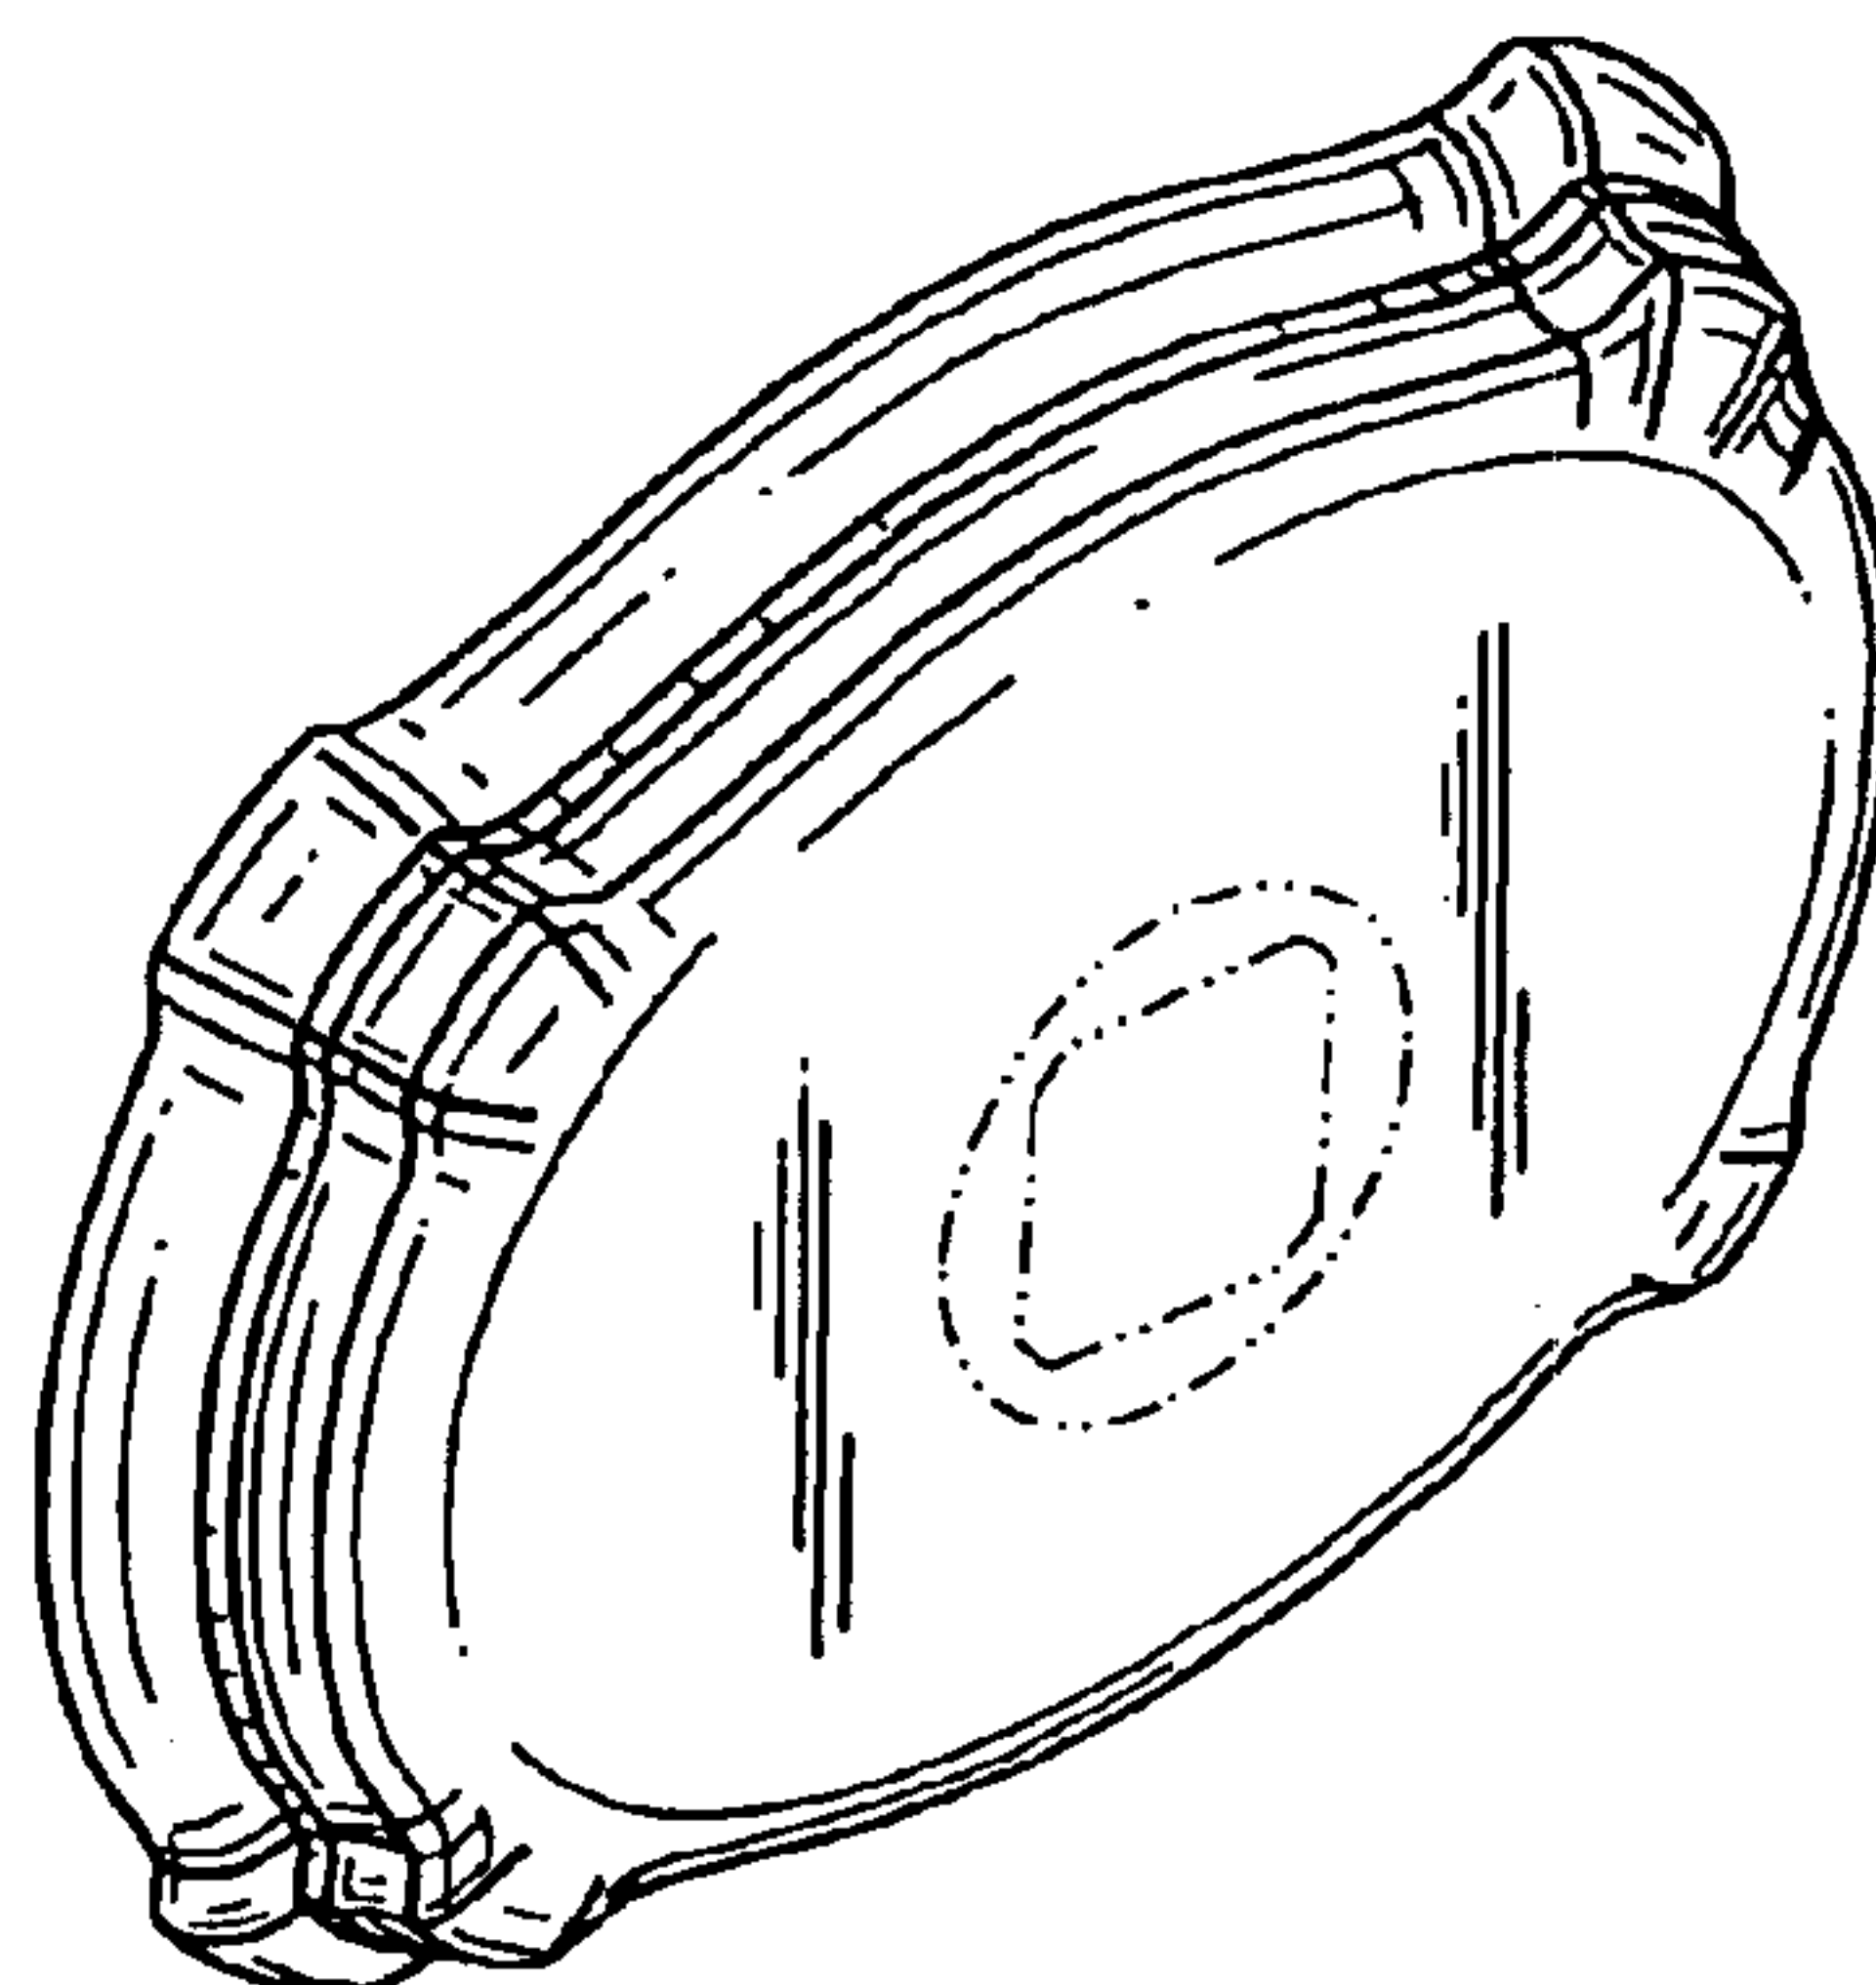

FIG. 8 is a top, left, front perspective view thereof showing the broken line representation of a toilet paper holder as a third mounting environment;

FIG. 9 is a top, left, front perspective view thereof showing the broken line representation of a robe hook as a fourth mounting environment; and,

FIG. 10 is a top, left, front perspective view thereof showing the broken line representation of a towel ring as a fifth mounting environment.

The broken line representations of mounting holes in FIGS. 1, 2, and 5, of rear structure in FIG. 5, and of accessories in FIGS. 6–10, are for the purpose of illustration only, and form no part of the claimed design.
